(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) Nothing in this subsection shall be construed to prevent a taxpayer from claiming a tax credit properly issued before the program is sunset in a tax year after the program is sunset.

135.1620. 1. As used in this section, the following terms mean:

(1) "Eligible expenses", expenses incurred in the reestablishment of a full-service grocery store within three miles of a formerly operational grocery store that has been permanently closed and that is located within a food desert;

(2) "Food desert", a census tract that has a poverty rate of at least twenty percent or a median family income of less than eighty percent of the statewide average and where at least five hundred people or thirty-three percent of the population is located at least a mile away from a full-service grocery store when in urban areas or at least ten miles away when in rural areas;

(3) "Full-service grocery store", a grocery store that provides a full complement of healthy fruits, vegetables, grains, meat, and dairy products along with household items. Fresh fruits and vegetables shall be available for sale in quantities that are substantially similar to industry standards for facilities of similar size;

(7) "Urban area", an urban place as designated by the United States Census Bureau.

2. For all tax years beginning on or after January 1, 2022, a taxpayer shall be allowed to claim a tax credit against the taxpayer's state income tax liability in an amount equal to fifty percent of the taxpayer's eligible expenses for reestablishing a full-service grocery store within three miles of a formerly operational grocery store that has been permanently closed and that is located within a food desert, after initial expenses of:

(1) One million dollars if the full-service grocery store is established in a county with a charter form of government, a county of the first classification, or a city not within a county; or

(2) Five hundred thousand dollars if the full-service grocery store is established in any other county.

7. The department of revenue and the department of economic development may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for making such report. Every employer shall ensure that any employee required to report pursuant to subsection 1 of this section has immediate and unrestricted access to communications technology necessary to make an immediate report and is temporarily relieved of other work duties for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child ~~[who does]~~ not ~~[receive]~~ **receiving** specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child~~[-for that reason alone,]~~ **or not receiving immunizations by reason of the religious or conscientious belief of the child's parents, guardian, or others legally responsible for the child** shall not be ~~[found to be]~~ **a contributing factor for a finding of** an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently

investigate or conduct a family assessment as a result of that report; **except that, a child not receiving immunizations shall not be a contributing factor in the division's decision to accept reports concerning such a child or to investigate or conduct a family assessment.** Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452 and shall report the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division.

334.099. 1. (1) The board may initiate a contested hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. **The board shall not initiate a contested hearing on the basis of, or in retaliation for, any licensee or applicant providing an immunization exemption statement or certification under section 167.181, 174.335, or 210.003.**

(2) The board shall serve notice pursuant to section 536.067 of the contested hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances.

(3) For purposes of this section and prior to any contested hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section.

(4) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances the board may require a licensee or applicant to submit to an examination. The board shall maintain a list of facilities approved to perform such examinations. The licensee or applicant may propose a facility not previously approved to the board and the board may accept such facility as an approved facility for such licensee or applicant by a majority vote.

(5) For purposes of this subsection, every licensee or applicant is deemed to have consented to an examination upon a showing of reasonable cause. The applicant or licensee shall be deemed to have waived all objections to the admissibility of testimony by the provider of the examination and to the admissibility of examination reports on the grounds that the provider of the examination's testimony or the examination is confidential or privileged.

(6) Written notice of the order for an examination shall be sent to the applicant or licensee by registered mail, addressed to the licensee or applicant at the licensee's or applicant's last known address on file with the board, or shall be personally served on the applicant or licensee. The order shall state the cause for the examination, how to obtain information about approved facilities, and a time limit for obtaining the examination. The licensee or applicant shall cause a report of the examination to be sent to the board.

(7) The licensee or applicant shall sign all necessary releases for the board to obtain and use the examination during a hearing and to disclose the recommendations of the examination as part of a disciplinary order.

(8) After receiving the report of the examination ordered in subdivision (4) of this subsection, the board may hold a contested hearing to determine if by clear and convincing evidence the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. If the board finds that the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or excessive use or abuse of controlled substances, the board shall, after a hearing, enter an order imposing one or more of the disciplinary measures set forth in subsection 4 of section 334.100.

(9) The provisions of chapter 536 for a contested case, except those provisions or amendments which are in conflict with this section, shall apply to and govern the proceedings contained in this subsection and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence under chapter 536 relevant to the allegations.

2. Failure to submit to the examination when directed shall be cause for the revocation of the license of the licensee or denial of the application. No license may be reinstated or application granted until such time as the examination is completed and delivered to the board or the board withdraws its order.

3. Neither the record of proceedings nor the orders entered by the board shall be used against a licensee or applicant in any other proceeding, except for a proceeding in which the board or its members are a party or in a proceeding involving any state or federal agency.

4. A licensee or applicant whose right to practice has been affected under this section shall, at reasonable intervals not to exceed twelve months, be afforded an opportunity to demonstrate that he or she can resume the competent practice of his or her profession or should be granted a license. The board may hear such motion more often upon good cause shown.

5. The board shall promulgate rules and regulations to carry out the provisions of this section.

6. For purposes of this section, "examination" means a skills, multidisciplinary, or substance abuse evaluation.

334.100. 1. **(1)** The board may refuse to issue or renew any certificate of registration or authority, permit, or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided by chapter 621. As an alternative to a refusal to issue or renew any certificate, registration, or authority, the board may, at its discretion, issue a license which is subject to probation, restriction, or limitation to an applicant for licensure for any one or any combination of causes stated in subsection 2 of this section. The board's order of probation, limitation, or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited, or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited, or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered as waived.

(2) The board shall not refuse to issue or renew any certificate of registration or authority, permit, or license required by this chapter on the basis of, or in retaliation for, providing an immunization exemption statement or certification under section 167.181, 174.335, or 210.003. The board shall not issue a license that is subject to probation, restriction, or limitation on the basis of, or in retaliation for, providing an immunization exemption statement or certification under section 167.181, 174.335, or 210.003.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit, or license required by this chapter or any person who has failed to renew or has surrendered the person's certificate of registration or authority, permit, or license for any one or any combination of the following causes:

(3) Use of fraud, deception, misrepresentation, or bribery in securing any certificate of registration or authority, permit, or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

*House Amendment No. 1
to
House Amendment No. 3*

AMEND House Amendment No. 3 to House Committee Substitute for House Bill No. 682, Page 3, Line 22, by inserting after said line the following:

"192.027. 1. The provisions of this section shall be known and may be cited as the "True COVID Liability Act".

2. The general assembly finds and declares that:

(1) Epidemiology is an inexact science and experts in that field hold a diverse set of opinions about how best to deal with contagious diseases from a public policy perspective;

(2) Public policy relating to contagious diseases should take into account numerous aspects of life beyond the scope of epidemiology, such as economic, social, spiritual, and mental well-being;

(3) Contagious diseases including, but not limited to, COVID-19 tend to be ubiquitous. Because of the prevalence of contagious diseases, exposure is practically unavoidable for most people and likely to occur from multiple sources. It may be virtually impossible to tell where and when exposure occurs;

(4) Susceptibility to contagious diseases depends greatly on personal choices and individual characteristics. Hygiene, diet and nutrition, lifestyle, body condition, and other factors may cause some individuals to succumb to exposure to a contagious disease while the same viral load in another individual would be within his or her immune system's ability to fight off;

(5) Personal accountability is central to the American ethos;

(6) The 2020 response to the COVID-19 pandemic has resulted in questionable use of power by both state and local governments;

(7) There is no single public policy solution suitable to everyone's needs and desires;

(8) Fear of legal liability associated with COVID-19 has placed pressures on the private sector, resulting in decisions that are not best for the economy or the physical, emotional, or spiritual well-being of Missourians;

(9) Government-mandated responses to contagious diseases always place unequal burdens on people with varying circumstances. An edict may be of no great consequence for some individuals but economically or emotionally devastating for other individuals; and

(10) The principal office of government is to secure the individual liberty of the people, including the freedom to make choices about how to personally deal with contagious diseases.

3. For purposes of this section, the following terms mean:

(1) "Contagious disease", global acute infectious respiratory illness that is transmitted by airborne particles or droplets and is not transmitted by direct contact with food, surfaces, or bodily fluids;

(2) "Extraordinary prevalence", significantly greater prevalence than is typically found in similar political subdivisions within the same time frame.

4. Notwithstanding any other provision of law, neither the state nor any political subdivision of the state shall, as a response to a contagious disease:

(1) Quarantine an individual, issue a stay-at-home order for an individual, or otherwise isolate an individual if a contagious disease has not been positively identified in the individual;

(2) Limit the use of or otherwise lawful activities in any private property or premises under circumstances in which extraordinary prevalence of a contagious disease has not been proven; or

(3) Revoke any business license based on an individual's or entity's decision regarding recommendations from a government or scientific entity.

5. Notwithstanding any other provision of law, no individual, owner of premises, or any other entity shall be subject to criminal or civil liability in any action alleging exposure to a contagious disease on premises under the control of the individual, owner, or entity unless:

(1) The individual, owner, or entity knowingly and purposely, and with malice, exposed an individual to a contagious disease; and

(2) Such exposure caused the exposed individual to suffer from a clinical disease."; and

Further amend said amendment, Page 13, Line 38, by deleting said line and inserting in lieu thereof the following:

"210.003.

Section B. (2) No Missouri government entity, political subdivision, state agency, special district, or agent of such entities, is authorized to do business with any entity that requires vaccine passports, vaccine passes, or other standardized documentation for the purpose of certifying an individual's COVID-19 vaccination status to a third party. Where there is already a written or implied contract, including employment contracts, any entity that creates a new requirement for individuals to present proof of COVID-19 vaccination shall be prohibited from doing business with the aforementioned government entities and any existing contract to the contrary shall be null and void as a matter of public policy."; and

(1) Notwithstanding any other law, emergency orders issued by state or local officials that bind, curtail, or infringe on the rights of private parties shall be narrowly tailored to serve a compelling public health or safety interest. Each order shall be limited in duration, applicability, and scope to reduce infringement of individual liberty;

(2) State courts shall have jurisdiction to hear cases challenging the lawfulness of state and local emergency orders, including compliance with this section. Courts shall expedite consideration of such challenges to the extent practicable. For the purposes of this section, constitutional rights include, but are not limited to, the rights to travel, work, assemble, and speak; the freedom of religious exercise; the nonimpairment of contract and property rights; freedom from unreasonable search and seizure; and the freedom to purchase lawful firearms and ammunition. JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

SIXTY-SECOND DAY, THURSDAY, APRIL 29, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Peace I leave with you, My peace I give unto you. Let not your heart be troubled. (John 14:27)

Eternal God, our Creator, from the shifting debates of our political life in the People's House, we pause to lift our full hearts in prayer to You, who is from everlasting to everlasting.

From daily duties which consume our strength and energy, from endless meetings and fully packed schedules which take up so much of our precious time, we would, for this fleeting moment, pause and look to heaven and gaze upon Your holy face.

In all our anxious moments grant to us the blessed assurance that You are with us, that behind every dark shadow stands Your bright presence; within every human situation abides Your divine spirit; and beneath every civic experience are Your strong, eternal arms.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Cora Francis Roden, Evelyn Kay Roden, Josephine Rose Roden, Gunther Keene, Ingrid Keene, and Cyrus Keene.

PERFECTION OF HOUSE BILLS - INFORMAL

HB 764, relating to newspapers, was taken up by Representative Andrews.

On motion of Representative Andrews, the title of **HB 764** was agreed to.

Representative Hardwick offered **House Amendment No. 1.**

House Amendment No. 1

AMEND House Bill No. 764, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"415.415. 1. The operator of a self-service storage facility has a lien on all personal property stored within each leased space for rent, labor, or other charges, and for expenses reasonably incurred in sale of such personal property, as provided in sections 415.400 to 415.425. The lien established by this subsection shall have priority over all other liens except those liens that have been perfected and recorded on personal property. The rental agreement shall contain a statement, in bold type, advising the occupant of the existence of such lien and that property stored in the leased space may be sold to satisfy such lien if the occupant is in default, and that any proceeds from the sale of the property which remain after satisfaction of the lien will be paid to the state treasurer if unclaimed by the occupant within one year after the sale of the property.

2. If the occupant is in default for a period of more than forty-five days, the operator may enforce the lien granted in subsection 1 of this section and sell the property stored in the leased space for cash. Sale of the property stored on the premises may be done at a public or private sale, may be done as a unit or in parcels, or may be by way of one or more contracts, and may be at any time or place and on any terms as long as the sale is done in a commercially reasonable manner in accordance with the provisions of section 400.9-627. The operator may otherwise dispose of any property which has no commercial value.

3. The proceeds of any sale made under this subsection shall be applied to satisfy the lien, with any surplus being held for delivery on demand to the occupant or any other lienholders which the operator knows of or which are contained in the statement filed by the occupant pursuant to subsection 3 of section 415.410 for a period of one year after receipt of proceeds of the sale and satisfaction of the lien. No proceeds shall be paid to an occupant until such occupant files a sworn affidavit with the operator stating that there are no other valid liens outstanding against the property sold and that he or she, the occupant, shall indemnify the operator for any damages incurred or moneys paid by the operator due to claims arising from other lienholders of the property sold. After the one-year period set in this subsection, any proceeds remaining after satisfaction of the lien shall be considered abandoned property to be reported and paid to the state treasurer in accordance with laws pertaining to the disposition of unclaimed property.

4. Before conducting a sale under subsection 2 of this section, the operator shall:

(1) At least forty-five days before any disposition of property under this section, which shall run concurrently with subsection 2 of this section, notify the occupant and each lienholder which is contained in any statement filed by the occupant pursuant to subsection 3 of section 415.410 of the default by first-class mail or electronic mail at the occupant's or lienholder's last known address, and shall notify any third-party owner identified by the occupant pursuant to subsection 3 of section 415.410;

(2) No sooner than ten days after mailing the notice required in subdivision (1) of this subsection, mail a second notice of default, by verified mail or electronic mail, to the occupant at the occupant's or lienholder's last known address, which notice shall include:

(a) A statement that the contents of the occupant's leased space are subject to the operator's lien;

(b) A statement of the operator's claim, indicating the charges due on the date of the notice, the amount of any additional charges which shall become due before the date of release for sale and the date those additional charges shall become due;

(c) A demand for payment of the charges due within a specified time, not less than ten days after the date on which the second notice was mailed;

(d) A statement that unless the claim is paid within the time stated, the contents of the occupant's space will be sold after a specified time; and

(e) The name, street address and telephone number of the operator, or a designated agent whom the occupant may contact, to respond to the notice;

(3) At least seven days before the sale, advertise the time, place, and terms of the sale in **the classified section of a newspaper of general circulation in the jurisdiction where the sale is to be held or in any other commercially reasonable manner.** ~~[Such] The manner of advertisement shall be [in the classified section of the newspaper and shall state that the items will be released for sale.]~~ **deemed commercially reasonable if at least three independent bidders attend or view the sale at the time and place advertised.**

5. If the property is a vehicle, watercraft, or trailer and rent and other charges remain unpaid for sixty days, the owner may treat the vehicle, watercraft, or trailer as an abandoned vehicle and have the vehicle, watercraft, or trailer towed from the self-service storage facility. When the vehicle, watercraft, or trailer is towed from the self-service storage facility, the owner shall not be liable for the vehicle, watercraft, or trailer for any damages to the motor vehicle, watercraft, or trailer once the tower takes possession of the property.

6. At any time before a sale under this section, the occupant may pay the amount necessary to satisfy the lien and redeem the occupant's personal property."; and

After the one-year period set in this subsection, any proceeds remaining after satisfaction of the lien shall be considered abandoned property to be reported and paid to the state treasurer in accordance with laws pertaining to the disposition of unclaimed property.

4. Before conducting a sale under subsection 2 of this section, the operator shall:

(1) At least forty-five days before any disposition of property under this section, which shall run concurrently with subsection 2 of this section, notify the occupant and each lienholder which is contained in any statement filed by the occupant pursuant to subsection 3 of section 415.410 of the default by first-class mail or electronic mail at the occupant's or lienholder's last known address, and shall notify any third-party owner identified by the occupant pursuant to subsection 3 of section 415.410;

(2) No sooner than ten days after mailing the notice required in subdivision (1) of this subsection, mail a second notice of default, by verified mail or electronic mail, to the occupant at the occupant's or lienholder's last known address, which notice shall include:

(a) A statement that the contents of the occupant's leased space are subject to the operator's lien;

(b) A statement of the operator's claim, indicating the charges due on the date of the notice, the amount of any additional charges which shall become due before the date of release for sale and the date those additional charges shall become due;

(c) A demand for payment of the charges due within a specified time, not less than ten days after the date on which the second notice was mailed;

(d) A statement that unless the claim is paid within the time stated, the contents of the occupant's space will be sold after a specified time; and

(e) The name, street address and telephone number of the operator, or a designated agent whom the occupant may contact, to respond to the notice;

5. Further amend said bill, Page 5, Section 431.202, Line 109, by inserting after all of said section and line the following:

"456.1-114. 1. For purposes of interpreting a term of familial relationship in a trust, "descendants", "issue", "children", and similar terms of relationship shall be construed as follows:

(1) A child conceived or born of a marriage is presumed to be a child of the persons so married unless a judicial proceeding is commenced before the death of the presumed parent and it is finally determined in such proceeding that the presumed parent is not the parent of the child;

(2) A child who is not conceived or born of a marriage is presumed to not be a child of a person who did not give birth to the child unless:

(a) A judicial proceeding commenced before the death of such person determined that such person is a parent of the child; or

(b) Such person openly recognized the child as his or her child and such person has not refused to voluntarily support the child. A trustee may rely on its discretion regarding the sufficiency of recognition or support, and the trustee shall not be liable to any person for its exercise of this discretion unless the trustee acts in bad faith or with reckless indifference to the purposes of the trust or the interest of the beneficiaries.

If a parent-child relationship is established pursuant to paragraph (a) or (b) of this subdivision, the rights afforded to the child shall not be retroactive, but instead shall apply from the time the relationship is established; and

(3) A child adopted prior to the age of eighteen is the child of an adopting parent and not of the natural parents, except that adoption of a child by the spouse of a natural parent has no effect on the relationship between the child and such natural parent.

2. The terms of a trust shall prevail over any provision of this section.

456.4-419. 1. Unless the terms of the trust instrument expressly provide otherwise, a trustee, other than a settlor, who has discretionary power under the terms of a trust to make a distribution of income or principal, whether or not limited by an ascertainable standard, to or for the benefit of one or more beneficiaries of a trust, the first trust, may instead exercise such discretionary power by [appointing] distributing all or part of the income or principal subject to such discretionary power in favor of a trustee of a second trust, the second trust, created under either the same or different trust instrument in the event that the trustee of the first trust decides that the [appointment] distribution is necessary or desirable after taking into account the terms and purposes of the first trust, the terms and purposes of the second trust, and the consequences of the distribution. A trustee may exercise

the power described in this subsection by distributing property from the first trust to one or more second trusts or by modifying the trust instrument for the first trust which, as modified, becomes one or more second trusts.

2. With respect to a second trust to which a distribution is made pursuant to subsection 1 of this section:

(1) At least one permissible distributee of the first trust shall be a permissible distributee of the second trust immediately after the distribution;

(2) If, at the time of the distribution, the settlor of the first trust is living and the first trust is not a grantor trust under Subpart E of Part I of Subchapter J of Chapter 1 of the Internal Revenue Code of 1986, as amended, there may not be any permissible distributee of the second trust immediately after the distribution who is not a permissible distributee of the first trust;

(3) If, at the time of the distribution, the settlor of the first trust is deceased or if, at the time of the distribution, the first trust is a grantor trust under Subpart E of Part I of Subchapter J of Chapter 1 of the Internal Revenue Code of 1986, as amended, for reasons other than the trustee having the power granted by this section, any beneficiary of the first trust may be included as a permissible distributee of the second trust immediately after the distribution;

(4) The second trust may not include any beneficiary who is not a beneficiary of the first trust; and

(5) The trust instrument for the second trust may retain, modify, or omit a power of appointment granted in the first trust, and the trust instrument for the second trust may create a power of appointment if the powerholder is a beneficiary of the second trust. Except to the extent provided otherwise in subsection 4 of this section, a power of appointment in the trust instrument for the second trust may be a general or nongeneral power of appointment and the permissible appointees of the power need not be limited to the beneficiaries of the first trust.

3. The following provisions apply to a trust that has a beneficiary with a disability:

(1) As used in this subsection, the following terms mean:

(a) "Beneficiary with a disability", a beneficiary of a first trust who the special-needs fiduciary believes may qualify for governmental benefits based on disability, whether or not the beneficiary currently receives those benefits or is an individual who has been adjudicated disabled or adjudicated incapacitated;

(b) "Governmental benefits", financial aid or services from a state, federal, or other public agency;

(c) "Special-needs fiduciary", with respect to a trust that has a beneficiary with a disability:

a. A trustee or other fiduciary, other than a settlor, who has discretionary power under the terms of a trust to make a distribution of income or principal, whether or not limited by an ascertainable standard, to or for the benefit of one or more beneficiaries; or

b. If no trustee or fiduciary has discretion under subparagraph a. of this paragraph, a trustee or other fiduciary, other than a settlor, who is required to distribute part or all of the income or principal of the first trust to or for the benefit of one or more beneficiaries;

(d) "Special-needs trust", a trust the trustee believes would not be considered a resource for purposes of determining whether a beneficiary with a disability is eligible for governmental benefits;

(2) A special-needs fiduciary may exercise the authority granted by subsection 1 of this section if:

(a) A second trust is a special-needs trust that benefits the beneficiary with a disability; and

(b) The special-needs fiduciary determines that exercise of the authority pursuant to subsection 1 of this section will further the purposes of the first trust; and

(3) The following provisions apply to any exercise of the authority granted by this subsection:

(a) Notwithstanding the provisions of subdivision (4) of subsection 2 of this section to the contrary, the terms of the second trust may:

a. Provide that an interest is held by a pooled trust as defined by Medicaid law for the benefit of the beneficiary with a disability under 42 U.S.C. Section 1396p(d)(4)(C); or

b. Contain payback provisions complying with reimbursement requirements of Medicaid law under 42 U.S.C. Section 1396p(d)(4)(A);

(b) The provisions of subdivision (3) of subsection 4 of this section shall not apply to the interests of the beneficiary with a disability; and

(c) Except as affected by any change to the interests of the beneficiary with a disability, the second trust, or if there are two or more second trusts, the second trusts in the aggregate, shall grant each other beneficiary of the first trust beneficial interests in the second trusts which are substantially similar to the beneficiary's beneficial interests in the first trust, unless such other beneficiary's interest is modified in accordance with the provisions of this section other than this subsection.

4. The following provisions apply to any exercise of the authority granted by subsection 1 of this section:

~~(1) [The second trust may have as beneficiaries only one or more of those beneficiaries of the first trust to or for whom any discretionary distribution may be made from the first trust and who are proper objects of the exercise of the power, or one or more of those other beneficiaries of the first trust to or for whom a distribution of income or principal may have been made in the future from the first trust at a time or upon the happening of an event specified under the first trust;~~

~~_____ (2) Unless the exercise of such power is limited by an ascertainable standard, no trustee of the first trust may exercise such authority to make a distribution from the first trust if:~~

~~_____ (a) Such trustee is a beneficiary of the first trust; or~~

~~_____ (b) Any beneficiary may remove and replace the trustee of the first trust with a related or subordinate party to such beneficiary within the meaning of Section 672(c) of the Internal Revenue Code;~~

~~_____ (3) Except if participating in a change that is needed for a distribution to any such beneficiary under an ascertainable standard, no trustee shall exercise such authority to the extent that doing so would have the effect either of:~~

~~_____ (a) Increasing the distributions that can be made in the future from the second trust to the trustee of the first trust or to a beneficiary who can remove and replace the trustee of the first trust with a related or subordinate party to such beneficiary within the meaning of Section 672(c) of the Internal Revenue Code; or~~

~~_____ (b) Removing restrictions on discretionary distributions imposed by the instrument under which the first trust was created;~~

~~_____ (4) In the case of any trust contributions which have been treated as gifts qualifying for the exclusion from gift tax described in Section 2503(b) of the Internal Revenue Code, by reason of the application of Section 2503(e), the governing instrument for the second trust shall provide that the beneficiary's remainder interest shall vest no later than the date upon which such interest would have vested under the terms of the governing instrument for the first trust;~~

~~_____ (5) The exercise of such authority may not reduce any income interest of any income beneficiary of any of the following trusts:~~

~~_____ (a) A trust for which a marital deduction has been taken for federal tax purposes under Section 2056 or 2523 of the Internal Revenue Code or for state tax purposes under any comparable provision of applicable state law;~~

~~_____ (b) A charitable remainder trust under Section 664 of the Internal Revenue Code;~~

~~_____ (c) A grantor retained annuity trust under Section 2702 of the Internal Revenue Code; or~~

~~_____ (d) A trust which has been qualified as a Subchapter S trust under Section 1361(d) of the Internal Revenue Code or an electing small business trust under Section 1361(e) of the Internal Revenue Code]~~

If the exercise of the authority granted by subsection 1 of this section is limited by an ascertainable standard and the trustee exercising such authority is a permissible distributee of the first trust under such standard, then:

(a) The discretionary power under the trust instrument for the second trust to distribute income or principal to such trustee as a permissible distributee shall be subject to the same ascertainable standard as, or a more restrictive ascertainable standard than, such standard in the trust instrument for the first trust; and

(b) The trust instrument for the second trust shall not:

a. Modify a power of appointment granted to such trustee in the first trust; or

b. Grant a power of appointment to such trustee that did not exist in the first trust;

(2) An exercise of the authority granted by subsection 1 of this section is subject to the following limitations:

(a) If the first trust contains property that qualified, or would have qualified but for provisions of this section other than this subdivision, for a marital deduction for purposes of the gift or estate tax under the Internal Revenue Code of 1986, as amended, the trust instrument for the second trust shall not include or omit any term that, if included in or omitted from the trust instrument for the second trust, would have prevented the transfer from qualifying for the deduction, or would have reduced the amount of the deduction, under the same provisions of the Internal Revenue Code under which the transfer qualified;

(b) If the first trust contains property that qualified, or would have qualified but for provisions of this section other than this subdivision, for a charitable deduction for purposes of the income, gift, or estate tax under the Internal Revenue Code of 1986, as amended, the trust instrument for the second trust shall not include or omit any term that, if included in or omitted from the trust instrument for the second trust, would have prevented the transfer from qualifying for the deduction, or would have reduced the amount of the deduction, under the same provisions of the Internal Revenue Code under which the transfer qualified;

(c) If the first trust contains property that qualified, or would have qualified but for provisions of this section other than this subdivision, for the exclusion from the gift tax described in Section 2503(b) of the Internal Revenue Code of 1986, as amended, the trust instrument for the second trust shall not include or omit a term that, if included in or omitted from the trust instrument for the second trust, would have prevented the transfer from qualifying under Section 2503(b) of the Internal Revenue Code. If the first trust contains property that qualified, or would have qualified but for provisions of this section other than this subdivision, for the exclusion from the gift tax described in Section 2503(b) of the Internal Revenue Code, by application of Section 2503(c) of the Internal Revenue Code, the trust instrument for the second trust shall not include or omit a term that, if included or omitted from the trust instrument for the second trust, would have prevented the transfer from meeting the requirements of Section 2503(c) of the Internal Revenue Code;

(d) If the property of the first trust includes shares of stock in an S corporation, as defined in Section 1361 of the Internal Revenue Code of 1986, as amended, and the first trust is, or but for provisions of this section other than this subdivision would be, a permitted shareholder under any provision of Section 1361 of the Internal Revenue Code, the trustee of the first trust may exercise such authority with respect to part or all of the S corporation stock only if the second trust receiving the stock is a permitted shareholder under Section 1361(c)(2) of the Internal Revenue Code. If the property of the first trust includes shares of stock in an S corporation and the first trust is, or but for provisions of this section other than this subdivision would be, a qualified subchapter-S trust within the meaning of Section 1361(d) of the Internal Revenue Code, the trust instrument for the second trust shall not include or omit a term that prevents the second trust from qualifying as a qualified subchapter-S trust; and

(e) If the first trust contains property that qualified, or would have qualified but for provisions of this section other than this subdivision, for a zero inclusion ratio for purpose of the generation-skipping transfer tax under Section 2642(c) of the Internal Revenue Code of 1986, as amended, the trust instrument for the second trust shall not include or omit a term that, if included in or omitted from the first trust, would have prevented the transfer to the first trust from qualifying for a zero inclusion ratio under Section 2642(c) of the Internal Revenue Code;

~~[(6)]~~ (3) The exercise of such authority does not apply to trust property subject to a presently exercisable power of withdrawal held by a trust beneficiary to whom, or for the benefit of whom, the trustee has authority to make distributions, unless after the exercise of such authority, such beneficiary's power of withdrawal is unchanged with respect to the trust property; and

~~[(7)]~~ (4) A spendthrift clause or a provision in the trust instrument that prohibits amendment or revocation of the trust shall not preclude the trustee from exercising the authority granted by subsection 1 of this section.

~~[(3-)]~~ 5. At least sixty days prior to making a discretionary distribution under subsection 1 of this section, the trustee of the first trust shall notify **the permissible distributees of the first trust and** the permissible distributees of the second trust ~~or the qualified beneficiaries of the second trust if there are no permissible distributees of the second trust~~ of the distribution. A beneficiary may waive the right to the notice required by this subsection and, with respect to future distributions, may withdraw a waiver previously given.

~~[(4-)]~~ 6. In exercising the authority granted by subsection 1 of this section, the trustee shall remain subject to all fiduciary duties otherwise imposed under the trust instrument and Missouri law.

~~[(5-)]~~ 7. This section does not impose on a trustee a duty to exercise the authority granted by subsection 1 of this section in favor of another trust or to consider exercising such authority in favor of another trust.

8. A second trust may have a duration that is the same as or different from the duration of the first trust. However, to the extent that property of the second trust is attributable to property of the first trust, the property of the second trust is subject to any rules governing maximum perpetuity, accumulation, or suspension of the power of alienation which apply to property of the first trust. The provisions of this subsection shall not preclude the creation of a general power of appointment in the trust instrument for a second trust as authorized by subdivision (5) of subsection 2 of this section.

9. In the event the trust instrument for the second trust in part does not comply with this section but would otherwise be effective under this section, the exercise of the power is effective and the following rules apply with respect to the principal of the second trust attributable to the exercise of the power:

(1) A provision in the trust instrument for the second trust which is not permitted under this section is void to the extent necessary to comply with this section; and

(2) A provision required by this section to be in the trust instrument for the second trust which is not contained in the trust instrument is deemed to be included in the trust instrument to the extent necessary to comply with this section.

[6-] 10. This section is intended to codify and, from and after enactment, to provide certain limitations to the common law of this state, and this section applies to any trust governed by the laws of this state, including a trust whose principal place of administration is transferred to this state before or after the enactment of this section."; and

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-FIFTH DAY, MONDAY, APRIL 19, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Representative Ben Baker.

Let us pray.

Father, we bow today in reverence to You. We know from Your Word that You are more than a great teacher, more than a story, more than words on a page of history: You are God. We take this moment to recognize Your boundless love and mercy to us. Though undeserved, we are eternally grateful and humbled that You are in tune to our lives and that You created us to have a relationship with You. Help us to always pursue that relationship and to have a vibrant desire to know You in a deeper way.

Today, we pause before the business of the day to honor You and to express our need for Your grace and mercy once again, to fulfill our role in a way that will be pleasing in Your sight. Let our words be tempered with kindness and respect, let our actions be heartfelt and meaningful, and let our motivation be pure. Give us strength to accomplish with excellence the task at hand, courage to always stand for what is right and true, and a sweetness that reflects Your love through us.

In Jesus' name, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fourth day was approved as printed.

STATE OF MISSOURI
HOUSE OF REPRESENTATIVES
101ST GENERAL ASSEMBLY

In the Matter of Representative Rick Roeber
House Ethics Complaint No. 21-001

REPORT OF THE COMMITTEE ON ETHICS

APRIL 19, 2021

SENSITIVE CONTENT WARNING

This report contains content of a sensitive and sexual nature. The Committee on Ethics has kept certain descriptions of an adult nature in the report in order to provide an unfiltered record of the witness testimony and other evidence received by the Committee. The names of victims who were minors when subjected to abusive conduct have been redacted to protect their privacy.

REPORT OF THE COMMITTEE ON ETHICS

WHEREON, the Committee on Ethics, of the Missouri House of Representatives, 101st General Assembly, pursuant to Rule 12 of House Committee Substitute for House Resolution 70, reports as follows:

1. The Kansas City Star reported in September 2020 that two adult children of the Respondent, Representative Rick Roeber, then a candidate for the 34th District in the House of Representatives, were abused by him when they were young. One sibling stated that “He made me place my hand on his genitals.” The second sibling stated that their father has “always been physically abusive.” This abuse would occur during visitation and Respondent would “hold us by our necks and hold us against the wall.” A third sibling stated that they were aware of the abuse. The story further reported that a fourth sibling also claimed sexual maltreatment by Respondent, and that this allegation was investigated by the Division of Family Services.

2. Respondent ultimately was successful in the November 2020 election for the 34th District seat in the House of Representatives.

3. Shortly after the election, three of the siblings wrote to the Speaker-elect of the House of Representatives detailing the emotional turmoil they have suffered, not just from the sexual, physical and mental abuse of Respondent, but also because Respondent has never been held accountable for his actions. The siblings asked the House to consider Respondent’s fitness to serve as a representative, and concluded with this plea:

Please do what is right, not just for us, but for all those in Missouri who have suffered, and all the children you have sworn to protect.

4. In January 2021, two representatives filed formal complaints of ethical misconduct concerning Respondent and the disturbing allegations of sexual and physical abuse. The complaints requested that the Committee on Ethics conduct an investigation into the allegations and report its findings.

5. The Committee on Ethics determined that the complaints were in compliance with the Rules; that the Committee had jurisdiction over this matter; and that the Committee would proceed to a primary hearing. The Committee met on numerous occasions from February through early April, receiving sworn testimony from five witnesses and reviewing over 200 pages of available documents concerning the accusations of abuse.

6. The Committee received testimony from Witness 1. Some of her testimony included the following:

- a. Respondent and Witness 1 married in 1984, separated in 1990, and were divorced in 1992. After the separation, Respondent moved out of the home into an apartment in the local area.
- b. Witness 1’s first child (Child 1), from another relationship, was born in 1981 and adopted by Respondent when the child was nine years old. The remaining three siblings were born in 1985, 1987, and 1989 (referred to herein as Child 2, Child 3, and Child 4 respectively).
- c. Witness 1 described the difficulties the family suffered during her marriage to Respondent. Respondent’s work history was sporadic due to his alcoholism.
- d. Witness 1 stated she never witnessed sexual abuse, however, she did notice Child 1 suffering from anxiety and physical ailments in the early 1990s.

- e. Child 1 refused to talk to Witness 1 about the source of the anxiety. Witness 1 believed that Respondent told Child 1, that if Child 1 told Witness 1, either Child 1 or Witness 1 would be killed.
 - f. Finally, in 1993, Child 1 disclosed to Witness 1 that in 1990 Respondent had sexually abused Child 1.
 - g. Witness 1 called the local police after this disclosure. Officers came to her home and interviewed the family. No criminal charges were filed as a result of this disclosure.
 - h. Child 2 thereafter started exhibiting behavioral issues. After some time in therapy, Child 2 finally told Witness 1, “Mom, you know the thing that happened to [Child 1]? The same thing happened to me.” The abuse would have occurred when Child 2 was five years old, in 1990, the same year as the sexual abuse involving Child 1.
 - i. This disclosure was also made to Child 2’s therapist and was reported to the authorities. This resulted in an investigation by the Division of Family Services (DFS) and local law enforcement. Although DFS found probable cause that abuse had occurred, no criminal charges were filed as a result of this disclosure.
 - j. Witness 1 remembers the Child Abuse and Neglect Review Board (CANRB) appeal to overturn the DFS probable cause finding regarding sexual abuse of Child 2. Respondent sought removal from the Central Registry as he was seeking a position at a local church that would involve working with children. Witness 1 had an attorney assist her at the time, however, the attorney was in another court and not able to attend the CANRB hearing.
 - k. Witness 1 described seeking an ex parte order to prevent Respondent from seeing her children. After speaking with a judge, the court denied her request.
 - l. Witness 1 described how Respondent, through his abusive actions, had “destroyed my family” for over 30 years now, caused division among the siblings that lasts to this day, alienated Child 2 because of the beatings, and manipulated Child 4 to divide the other siblings.
 - m. Witness 1 recalled an incident in which Child 2 was a toddler and knocked something over. Respondent flipped Child 2 over and “just started beating [Child 2’s] ass.” As a result, Child 2 suffered an injury to an eyelid, which resulted in a permanent scar, due to being struck by a nail in a board.
 - n. Witness 1 described how devastated she felt as a parent that the sexual abuse had occurred and she did not know about it while it was occurring.
 - o. Witness 1 recalled an incident when the children were young in which Respondent drowned several puppies.
7. The Committee found the testimony of Witness 1 to be credible.
8. The Committee heard testimony from Child 1. Some of Child 1’s testimony included:
- a. Child 1 described in general detail the abuse Child 1 suffered from Respondent, stating: “I was sexually abused by him. I was physically abused by him. I was groomed by him from a very young age....He treated me more like a [companion]....when we would ride in the car, he’d have his hand on my upper thigh just kind of rubbing it.”

- b. And, referencing a specific incident: “And I remember him coming into the room and picking me up and taking me out to the living room. I even remember what I was wearing. It was a Simpson's T-shirt. It was long. And he laid me on his chest and I just laid there froze. He was bare chested. And after awhile he took my hand and placed it on his genitals. And I didn't know what to do. I just froze there. I was 9.”
 - c. Respondent told Child 1 that if Child 1 told anyone “he would be in a lot of trouble, he would go to jail and our family would be ruined.”
 - d. Respondent attempted to do this one more time, but Child 1 said no.
 - e. Child 1 was physically abused by Respondent as well, and recalled one incident in which, at age 5, Child 1 was accused of stealing a Chapstick. Child 1 was spanked with a belt, which left bruises on Child 1's bottom.
 - f. Child 1 finally disclosed this abuse to Witness 1 about three years after the incident. The “biggest weight had been lifted off of me” after telling, although Witness 1 was devastated. Child 1 went to counseling after the disclosure.
 - g. Child 1 remembers giving an awkward interview to the police after the disclosure, however, no court proceedings resulted.
 - h. Child 1 stated that Respondent was a severe alcoholic and, at the time the abuse occurred, would drink until he blacked out.
 - i. Child 1 described an incident in which Child 2 received an eye injury due to Respondent's spanking. The spanking continued even though the cut was bleeding.
 - j. Child 1 described an incident when Respondent drowned a litter of puppies in a nearby pond.
 - k. Child 1 stated that when Child 1 was 15, Respondent met Child 1 after getting off the school bus and attempted to apologize for the sexual abuse incident, stating he “was in a blackout.”
 - l. Child 1 stated that because of Respondent's abuse, Child 1 lost a father, Child 1's children do not have a grandfather, and Child 1 lost trust in men for a very long time.
 - m. Child 1 stated that “to have someone that you are trusting as your parent to treat you in that manner and to not treat you like a child . . .take[s] away your innocence.”
- 9. The Committee found the testimony of Child 1 to be credible.
- 10. The Committee was not able to arrange the testimony of Child 2.
- 11. The Committee was able to receive testimony from Child 3. Some of Child 3's testimony included:
 - a. Child 3 described the earliest memories of Respondent as “just a bully.”
 - b. Child 3 described constant beatings with a belt, many times for insignificant things such as spilling milk. Respondent would hold them against the wall by their necks and lift upwards until they could not breathe.
 - c. It took a long time for Child 3 to realize the constant abuse was not a normal childhood experience.

- d. Child 3 stated that Child 2 took the worst of the abuse and trauma from their father. Child 2 is “very broken.”
 - e. After Respondent was able to get his alcoholism under control, the abuse did not let up. Respondent simply learned not to leave marks.
 - f. Child 2 still has a mark on an eyelid due to an injury received during punishment inflicted by Respondent.
 - g. Child 3 estimated that Child 3 received 185 beatings from Respondent, and that Child 2 “definitely” would have received more beatings than Child 3.
12. The Committee found the testimony of Child 3 to be credible.
13. Child 4 also provided sworn testimony to the Committee. Some of Child 4’s testimony included:
- a. Being in Respondent’s home was “very chaotic always,” crazy and stressful.
 - b. Although Child 4 did not witness sexual abuse, Child 4 did describe physical abuse that occurred.
 - c. When Child 1 stopped visitation with Respondent, Respondent would get angry and lose his cool. Respondent would use a belt on Child 2 and leave green bruises on Child 2’s buttocks and thighs.
 - d. Child 4 stated that Child 2, Child 3, and Child 4 would “get beat with a belt” by Respondent.
 - e. After Child 2’s disclosure, Child 4 never had to go back to Respondent’s home.
 - f. Child 4 suffers from several conditions related to this abuse, and still sees a therapist monthly.
 - g. Child 4 described Child 2 as “broken.” The whole family has suffered a “hellish nightmare” because of Respondent.
 - h. Child 4 remembers Respondent “always with a beer in hand.” Respondent did stop drinking when he went to AA, however, the violence did not stop.
14. The Committee found the testimony of Child 4 to be credible.
15. The Committee obtained sufficient testimony and records to confirm that, in 1993, Child 1 disclosed to authorities sexual abuse by Respondent, and that, in 2001, Child 2 disclosed to authorities sexual abuse by Respondent. Both incidents occurred approximately in 1990. At the time the abuse occurred, Child 1 was nine years old, and Child 2 was five years old.
16. Due to the extremely sensitive and graphic nature of the statements made to authorities, the Committee provides the following summary: The conduct committed by Respondent as disclosed by Child 1 would constitute “sexual contact” under state law. The conduct committed by Respondent as disclosed by Child 2 would constitute “deviate sexual intercourse” under state law. Respondent attempted to induce both children to repeat the actions at later dates, however, both children refused.
17. Under current law, and in 1990, the statutory definition of “deviate sexual intercourse” means any sexual act involving the genitals of one person and the hands of another. The state criminal code in 1990 stated that a person committed the felony crime of sodomy if he has deviate sexual intercourse with another person who is less than fourteen years old. Under current law, these actions would constitute Statutory Sodomy in the First Degree. If the victim is less than 12 years old, the offender is subject to a possible term of life imprisonment (a class A felony under the current criminal code).

18. Under current law, and in 1990, the statutory definition of “sexual contact” means any touching of the genitals of another person for the purpose of arousing or gratifying the sexual desire of any person. The state criminal code in 1990 provided that a person committed the felony crime of sexual abuse in the first degree if he subjects another person who is less than 12 years old to sexual contact. Under current law, subjecting a child less than 12 years old, who is a descendant by blood or adoption, to sexual contact is the class A felony of child molestation in the first degree.

19. Although a referral by law enforcement was made to the local prosecuting attorney, no criminal charges were filed against Respondent as a result of the 2001 disclosure. The Committee was unable to locate records to determine whether a law enforcement referral was made concerning the 1993 disclosure. No criminal charges were filed against Respondent as a result of the 1993 disclosure.

20. Among the records the Committee was able to locate was a finding of probable cause that Child 2 had been sexually abused by Respondent. In the same document was a notation by a state employee that “The children will be protected. No file will be opened.”

21. The Committee notes that RSMo. § 556.037 currently provides that a sexual offense committed against a minor may be prosecuted “at any time.”

22. The Committee offered Respondent the opportunity to testify in response to the complaints filed in this matter. Some of the sworn testimony provided by Respondent included:

- a. Respondent described the allegations that were published prior to the election as “a political hit” and “a setup.”
- b. Respondent stated he is an alcoholic, however, he has not consumed alcohol since March 5, 1992.
- c. Respondent stated he never drank alcohol when his children were present, and never stored alcohol in his home.
- d. Respondent stated he suffered no memory loss due to drinking and, although he would go on drinking binges, he was “always coherent enough.”
- e. Respondent blamed the accusations and family’s division on Witness 1, stating it was a “bitter divorce” and that there was “bitterness in the camp” which “spilled over to the children.”
- f. Respondent stated that his children aligned with their mother and that he thought they suffered from “parental alienation syndrome.”

(The Committee notes that “parental alienation syndrome” is not a diagnosis included in the Diagnostic and Statistical Manual–Fifth Edition. Respondent produced no additional professional or other expert opinion evidence indicating that any of his children have been diagnosed with this syndrome.)

- g. Respondent confirmed that Child 1 made the initial disclosure of sexual abuse to the Division of Family Services in 1993.
- h. Respondent stated he has never spoken to anyone from the Jackson County office of the Division of Family Services.
- i. Respondent confirmed that Witness 1 was not present and not represented at the hearing of the Child Abuse and Neglect Review Board.
- j. Respondent stated that he could not recall whether he used a belt on his children, but Respondent did remember being spanked with a belt when Respondent was a child.

- k. Respondent stated that he could not recall even a general description of the accusations of sexual abuse made by his children.
- l. Respondent denied physically abusing any of his children.
- m. Respondent denied any sexual abuse of Child 1.
- n. Respondent denied any sexual abuse of Child 2.

23. Respondent was combative, defensive, defiant, and at times angry in his testimony before the Committee. Respondent, at one point in his testimony, stated that “all my kids are Democrats” and agreed that he was implying that “Democrats would accuse their fathers” of this type of abuse as part of a “political hit.”

24. The Committee finds that the testimony of Respondent, in all material respects related to this investigation, to be not credible.

25. Respondent was offered the opportunity to designate witnesses for the Committee to interview. Respondent offered the Committee no witnesses in support of his defense.

26. Respondent submitted to the Committee three documents in his defense, which the Committee accepted and considered:

- a. Respondent submitted a letter dated 2003 from the Child Abuse Neglect and Review Board. The Division of Family Services investigated the 2001 report from Child 2 and entered a finding of probable cause that Respondent was the “perpetrator of sexual maltreatment to your” child. The CANRB reversed this finding and updated the Central Registry to “unsubstantiated.” The Committee notes that neither the mother of Child 2 nor her counsel were able to be present at the CANRB hearing. The Department of Social Services confirmed that the department no longer retains any records of the DFS incident or CANRB review hearing.
- b. Respondent further submitted a deposition transcript of Witness 1 taken during a 2003 proceeding to modify their dissolution decree. Respondent claimed that “there’s a lot of contradiction in it as far as her testimony.” However, after careful review, the Committee did not find the testimony to contain contradictions.
- c. The final document submitted by Respondent was a paper copy of an alleged email chain from September 2007 through February 2008 between Respondent and Child 2. The original email to Child 2 was not responded to, but a forwarded copy is purported to have been; which was then forwarded to another of Respondent’s email accounts. In the email response, Child 2 purports to apologize for lying about what Respondent did to him. However, in the same email, Respondent states “I know your mother was only trying to protect you with the false information you were providing her.” This directly contradicts Respondent’s sworn testimony to the Committee that the child’s mother “poisoned the well” which “spilled over to the children.” The Committee requested Respondent produce any additional emails between Respondent and Child 2, but Respondent did not produce any further documentation or an electronic copy of the email chain. The Committee was not able to further explore the authenticity of this email chain and unanimously agreed that this was not credible evidence.

27. On Tuesday, April 6, 2021, The Speaker of the House of Representatives and Chair of the Committee on Ethics wrote to the Prosecuting Attorney of Jackson County, Missouri, expressing concern for a minor child, Respondent’s step-grandson, who would have weekend visits in the home of Respondent, and requesting that the proper authorities be notified to ensure the safety of the child.

28. At the conclusion of the primary hearing, Thursday, April 8, 2021, the Committee unanimously voted to find the allegations in the two complaints to be credible and well founded, and to offer Respondent the recommended sanction of expulsion. Respondent was given until 5 p.m., Monday, April 12, 2021, to accept or object to the recommended sanction.

29. Later in the day on Thursday, April 8, 2021, Respondent contacted the Committee Chair and Chief Clerk and verbally indicated he would submit a resignation letter to the Speaker on Monday, April 12, 2021.

30. On Monday, April 12, 2021, Respondent instead delivered to the Committee his written objection to the Committee's findings and recommendation. Respondent requested a formal hearing under the rules governing the Committee on Ethics.

31. The Committee then began making arrangements to conduct a formal hearing in this matter. However, on Tuesday, April 13, 2021, before a formal hearing could be conducted, Respondent delivered to the Speaker his letter of resignation effective 11:59 p.m., Friday, April 16, 2021. Respondent turned in to the House human resource division his building entry badge and left the Capitol building. Respondent's legislator assistant was placed under the supervision of the Chief Clerk to continue providing constituent service to the 34th District.

32. The Committee finds that Respondent's actions, including the tender of a resignation letter, to be a waiver of any further requested action or procedure under the rules governing the Committee on Ethics.

33. The House of Representatives, on Thursday, April 15, 2021, voted to postpone the acceptance of Respondent's resignation until the recommendation of the Committee on Ethics is considered by the House of Representatives.

34. On Monday, April 19, 2021, the Committee on Ethics voted, unanimously, to release this report containing the Committee's findings and recommendation that Respondent be expelled.

35. The Committee finds, based upon the clear and convincing testimony and other evidence received by the Committee, that:

- a. Respondent sexually abused Child 1 when Child 1 was nine years old.
- b. Respondent sexually abused Child 2 when Child 2 was five years old.
- c. Respondent attempted to sexually abuse Child 1 and Child 2 on other occasions.
- d. Respondent physically and mentally abused his children.
- e. Witness 1 and her children repeatedly sought the assistance of law enforcement, family services, counselors, and the court system, to remedy the abuse suffered by these children and to hold Respondent accountable.
- f. Witness 1 and her children, for almost three decades, have provided consistent statements and sworn testimony detailing the sexual, physical, and mental abuse suffered by these children.
- g. Respondent has never been held accountable for his conduct.
- h. The State of Missouri has failed these children for over 20 years. Although this Committee cannot change the past, this Committee can provide a clear record of Respondent's abusive conduct.
- i. Respondent's conduct renders him unfit to serve as a representative in the Missouri General Assembly.

- j. The House of Representatives has incurred costs in the amount of \$1,574.09 related to the investigation of these complaints.

36. The Committee further finds that Respondent's abuse of his children, as described in this report, constitutes ethical misconduct of sufficient severity to warrant expulsion. Rule 2(5), of the rules governing the Committee on Ethics, defines "ethical misconduct" to include a crime, as well as any "conduct constituting a legal or moral wrong which materially impairs the member's ability to perform the duties of his office or substantially impairs public confidence in the General Assembly." The sexual abuse as referred to in this report constitutes both a Class A felony offense under the laws of this state, and an offense of a sexual nature under the laws of this state, as is required under Rule 2 of the rules governing the Committee on Ethics.

NOW THEREFORE, the Committee on Ethics, having given full consideration to the complaints filed in this matter and the evidence and testimony adduced in the hearings conducted before the committee, concludes this matter with the issuance of this report and recommends that the House of Representatives consider the following sanctions against the Respondent:

1. Expulsion;
2. Payment of \$1,574.09 in costs related to the investigation of these complaints; and
3. Such other sanctions as the House of Representatives deems just and proper under the circumstances.

Pursuant to Rule 12 of the rules governing the Committee on Ethics, this report shall be filed with the Chief Clerk of the House, with a copy delivered to the office of the Speaker, office of the Majority Floor Leader, and office of the Minority Floor Leader, and shall be printed in the House Journal.

This report was adopted by the Committee by a vote of 10 to 0:

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-SIXTH DAY, TUESDAY, APRIL 20, 2021

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

The Lord taketh pleasure in them that fear Him, in those that hope in His mercy. (Psalm 147:11)

God of life and light, by whose love we have the gift of this new, snowy Missouri day, we thank You for this moment of prayer, when we may give our hearts to You and let You bless us as we face the demanding duties of these hours in the People's House.

From the noise of the political world we would turn to the quiet of the spiritual world, where in quietness and in confidence we may find strength and ability in You for this day.

Help us to accept our many privileges of public service with thanksgiving, to carry our responsibilities with honor, to meet our difficulties with courage, and to discharge our duties with fidelity. Whatever good we do this day may we do it with cheerfulness and with all sincerity of mind and heart so that the will of your people be the highest law.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Isaac Lindsey, Kayley Lowery, Isabelle Owens, Matthew Lindsey, Wesley Owens, Patrick Taylor, Luke Lowery, Noah Krueger, and Isabel Knight.

The Journal of the fifty-fifth day was approved as printed by the following vote:

WHEREAS, the Committee found the testimony of Witness 1 and Child 1, Child 3, and Child 4 to be credible; and

WHEREAS, the Committee found Respondent to be combative, defensive, and defiant, and the testimony of Respondent, in all material respects related to the investigation, to be not credible; and

Respondent was given until 5 p.m., Monday, April 12, 2021, to accept or object to the recommended sanction; and

WHEREAS, later in the day on Thursday, April 8, 2021, Respondent contacted the Committee Chair and Chief Clerk and verbally indicated he would submit a resignation letter to the Speaker on Monday, April 12, 2021; and

WHEREAS, the House of Representatives, on Thursday, April 15, 2021, voted to postpone the acceptance of Respondent's resignation until the recommendation of the Committee on Ethics is considered by the House of Representatives; and

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 734, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"393.106. 1. As used in this section, the following terms mean:

(1) **"Auxiliary power", the energy used to operate equipment and other load that is directly related to the production of energy by an independent power producer or electrical corporation, obtained through generation at the site or through adjacent transformation and transmission interconnect, but does not include energy used for space heating, lighting, air conditioning, office needs of buildings, and other non-generating uses at the generation site;**

(2) **"Independent power producer" or "IPP", an entity that is also considered a non-utility power producer in the United States. IPPs are wholesale electricity producers that operate within the franchised service territories of host utilities and are usually authorized to sell at market-based rates. Unlike traditional electric utilities, IPPs do not possess transmission facilities or sell electricity in the retail market;**

(3) "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

~~[(2)]~~ (4) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once an electrical corporation or joint municipal utility commission, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing corporations pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of subsection 2 of this section or any other provision of chapters 386 or 394 to the contrary, auxiliary power may be purchased on a wholesale basis, under the applicable federal tariffs of a regional transmission organization instead of under retail service tariffs filed with the public service commission by an electrical corporation, for use at an electric generation facility located in any county of the first classification with more than ninety-two thousand but fewer than one hundred one thousand inhabitants which commenced commercial operations prior to August 28, 2021, and which is operated as an independent power producer."; and

House Amendment No. 4

AMEND House Committee Substitute for House Bill No. 734, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"393.355. 1. As used in this section, the following terms shall mean:

(1) "Electrical corporation", the same meaning given to the term in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;

(2) "Facility", a:

(a) Facility whose primary industry is the ~~[smelting]~~ **processing of [aluminum and]** primary metals ~~[— Standard Industrial Classification Code 3334];~~

(b) Facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110; or

(c) Facility with a new or incremental increase in load equal to or in excess of a monthly demand of fifty megawatts.

2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate, outside a general rate proceeding, that is not based on the electrical corporation's cost of service for a facility if:

(1) The commission determines, but for the authorization of the special rate the facility would not commence operations, the special rate is in the interest of the state of Missouri when considering the interests of the customers of the electrical corporation serving the facility, considering the incremental cost of serving the facility to receive the special rate, and the interests of the citizens of the state generally in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) After approval of the special rate, the commission allocates in each general rate proceeding of the electrical corporation serving the facility the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation's other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

(3) The commission approves a tracking mechanism meeting the requirements of subsection 3 of this section.

3. Any commission order approving a special rate authorized by this section to provide service to a facility in the manner specified under subsection 4 of this section shall establish, as part of the commission's approval of a special rate, a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the facility with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to June 14, 2017. The commission shall ensure that the changes in net margin experienced by the electrical corporation between the general rate proceedings as a result of serving the facility are calculated in such a manner that the electrical corporation's net income is neither increased nor decreased. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. Notwithstanding the provisions of section 393.170, an electrical corporation is authorized to provide electric service to a facility at a special rate for the new or incremental load authorized by the commission:

(1) Under a rate schedule reflecting the special rate approved by the commission; or

(2) If the facility is located outside the electrical corporation's certificated service territory, the facility shall be treated as if it is in the electrical corporation's certified service territory, subject to a commission-approved rate schedule incorporating the special rate under the contract.

5. To receive a special rate, the electrical corporation serving the facility, or facility if the facility is located outside of the electrical corporation's certified service territory, shall file a written application with the commission

specifying the requested special rate and any terms or conditions proposed by the facility respecting the requested special rate and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall be effective for no longer than ten years from the date such special rate is authorized. The commission may impose such conditions, including but not limited to any conditions in a memorandum of understanding between the facility and the electrical corporation, on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

6. Any entity which has been granted a special rate under this section may reapply to the commission for a special rate under this section."; and

386.370. 1. The commission shall, prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 1947, make an estimate of the expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392 and 393 and shall also separately estimate the amount of such expenses directly attributable to such regulation of each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies and telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group. For purposes of this section, water corporations and sewer corporations will be combined and considered one group of public utilities.

2. The commission shall allocate to each such group of public utilities the estimated expenses directly attributable to the regulation of such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that the total amount so assessed to all such public utilities shall not exceed ~~[one-fourth]~~ **thirty-eight hundredths** of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission.

3. The commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid. 5. In order to enable the commission to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission, within ten days after August 28, 1996, and thereafter on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section."; and

6. Two percent of the first two thousand members and one percent of the remaining members, present in person, or if the bylaws so provide, participating electronically or by mail, shall constitute a quorum for the transaction of business at all meetings of the members, unless the bylaws prescribe the presence of a greater percentage of the members for a quorum. If less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting from time to time without further notice.

Representative Haden offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 835, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"153.030. 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

- (a) Using the methodology for property tax purposes as provided under this section; or
- (b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

- a. In determining the amount of state aid that a school district receives under section 163.031;
- b. In determining the amount that may be collected under a property tax levy by such district; or
- c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls;

(b) Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and

(c) All other business or personal property related to the wind energy project shall be assessed using the methodology provided under section 137.122.

7. (1) If any public utility company assessed under this chapter has ownership of any real or personal property associated with a generation project that was originally constructed utilizing financing authorized under chapter 100 for construction, upon the transfer of ownership of such property to the public utility, such property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2022, for any public utility company assessed under this chapter that has ownership of any real or personal property associated with a generation project that was originally constructed utilizing financing authorized under chapter 100 for construction, such property shall be assessed using the methodology for real and personal property as provided in this subsection, upon transfer of ownership of such property to the public utility:

(a) Any property associated with a generation project that was originally constructed utilizing financing authorized under chapter 100 for construction, such property shall be assessed upon the county assessor's local tax rolls; the assessor shall rely on the public utility's original depreciated cost of the generation portion of the property at the time of transfer of ownership in the determination of the initial valuation of the generation property;

(b) Any property consisting of land and buildings related to the generation property associated with a generation project that was originally constructed utilizing financing authorized under chapter 100 for construction shall be assessed under chapter 137; and

(c) All other business or personal property related to a generation project that was originally constructed utilizing financing authorized under chapter 100 for construction shall be assessed using the methodology provided under section 137.122.

153.034. 1. The term "distributable property" of an electric company shall include all the real or tangible personal property which is used directly in the generation and distribution of electric power, but not property used as a collateral facility nor property held for purposes other than generation and distribution of electricity. Such distributable property includes, but is not limited to:

- (1) Boiler plant equipment, turbogenerator units and generators;
- (2) Station equipment;
- (3) Towers, fixtures, poles, conductors, conduit transformers, services and meters;
- (4) Substation equipment and fences;
- (5) Rights-of-way;
- (6) Reactor, reactor plant equipment, and cooling towers;
- (7) Communication equipment used for control of generation and distribution of power;
- (8) Land associated with such distributable property.

2. (a) A description of the electric generating facility or facilities that the electrical corporation has retired or abandoned, or proposes to retire or abandon, prior to the date that all undepreciated investments relating thereto have been recovered through rates and the reasons for undertaking such early retirement or abandonment, or if the electrical corporation is subject to a separate commission order or proceeding relating to such retirement or abandonment as contemplated by subdivision (2) of this subsection, and a description of the order or other proceeding;

(b) The energy transition costs;

(c) An indicator of whether the electrical corporation proposes to finance all or a portion of the energy transition costs using securitized utility tariff bonds. By electing not to finance all or any portion of such energy transition costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to recover such costs pursuant to a separate proceeding with the commission;

(d) An estimate of the financing costs related to the securitized utility tariff bonds;

The comparison should demonstrate that the issuance of energy transition bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable benefits to quantifiable benefits to customers;

(g) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(h) Direct testimony and schedules supporting the petition.

(2) An electrical corporation may petition the commission for a financing order to securitize qualified extraordinary costs. The petition shall include all of the following:

(a) A description of the qualified extraordinary costs, including their magnitude, the reasons those costs were incurred by the electrical corporation and the retail customer rate impact that would result from customary ratemaking treatment of such costs;

(b) An indicator of whether the electrical corporation proposes to finance all or a portion of the qualified extraordinary costs using securitized utility tariff bonds. If the electrical corporation proposes to finance a portion of the costs, the electrical corporation shall identify the specific portion in the petition. By electing not to finance all or any portion of such qualified extraordinary costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to reflect recover such costs in its retail rates pursuant to a separate proceeding with the commission;

(c) An estimate of the financing costs related to the securitized utility tariff bonds;

(d) An estimate of the securitized utility tariff charges necessary to recover the qualified extraordinary costs and financing costs and the period for recovery of such costs;

(e) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the customary method of financing and reflecting covering the qualified extraordinary costs in from retail customer rates. The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable benefits to retail customers;

(f) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers;

(g) Direct testimony and schedules supporting the petition.

(3) (a) Proceedings on a petition submitted pursuant to this subdivision begin with the petition by an electrical corporation, filed subject to the time frame specified in subdivision (2) of this subsection, if applicable, and shall be disposed of in accordance with the requirements of this section and the rules of the commission, except as follows:

a. Within fourteen days after the date the petition is filed, the commission shall establish a procedural schedule that permits a commission decision no later than one hundred thirty-five days after the date the petition is filed;

b. No later than one hundred thirty-five days after the date the petition is filed, the commission shall issue a financing order approving the petition or an order rejecting the petition; provided, however, that the electrical corporation shall provide notice of intent to file a petition for in proceedings initiated by the first petition for a financing order to the commission no less than 60 days in advance of such filing; and

c. An adversely affected party may seek judicial review of a financing order in accordance with sections 386.500 and 386.510.

(b) A financing order issued by the commission, after a hearing, to an electrical corporation shall include all of the following elements:

a. The amount of securitized utility tariff costs to be financed using securitized utility tariff bonds and a finding that recovery of such costs is just and reasonable. The commission shall describe and estimate the amount of financing costs that may be recovered through securitized utility tariff charges and specify the period over which securitized utility tariff costs and financing costs may be recovered;

b. A finding that the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and are expected to provide quantifiable benefits to customers as compared to the costs to recover the securitized utility tariff costs that would have been incurred absent the issuance of securitized utility tariff bonds;

c. A finding that the structuring and pricing of the securitized utility tariff bonds are reasonably expected to result in the lowest securitized utility tariff charges consistent with market conditions at the time the securitized utility tariff bonds are priced and the terms of the financing order;

d. A requirement that, for so long as the securitize utility tariff bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of energy transition charges authorized under a financing order shall be nonbypassable and paid by all existing and future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules, except for customers receiving electrical service under special contracts on August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electric supplier following a fundamental change in regulation of public utilities in this state;

e. A formula-based, true-up mechanism for making, at least annually, expeditious periodic adjustments in the securitized utility tariff charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized utility tariff bonds and financing costs and other required amounts and charges payable in connection with the energy transition bonds;

f. The securitized utility tariff property that is, or shall be, created in favor of an electrical corporation or its successors or assignees and that shall be used to pay or secure energy transition bonds and all financing costs;

g. The degree of flexibility to be afforded to the electrical corporation in establishing the terms and conditions of the securitized utility tariff bonds, including, but not limited to, repayment schedules, expected interest rates, and other financing costs;

h. How securitized utility tariff charges will be allocated among retail customer classes. The initial allocation shall remain in effect until the electrical corporation completes a general rate proceeding, and once the commission's order from that general rate proceeding becomes final, all subsequent applications of an adjustment mechanism regarding securitized utility tariff charges shall incorporate changes in the allocation of costs to customers as detailed in the commission's order from the electrical corporation's most recent general rate proceeding;

i. A requirement that, after the final terms of an issuance of securitized utility tariff bonds have been established and before the issuance of securitized utility tariff bonds, the electrical corporation determines the resulting initial securitized utility tariff charge in accordance with the financing order and that such initial

securitized utility tariff charge be final and effective upon the issuance of such securitized utility tariff bonds without further commission action so long as the securitized utility tariff charge is consistent with the financing order;

j. A method of tracing funds collected as securitized utility tariff charges, or other proceeds of securitized utility tariff property, determining that such method shall be deemed the method of tracing such funds and determining the identifiable cash proceeds of any securitized utility tariff property subject to a financing order under applicable law;

k. A statement specifying a future ratemaking process to reconcile any differences between the actual securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized utility tariff costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers;

l. A procedure that shall allow the electrical corporation to earn a return, at the cost of capital authorized from time to time by the commission in the electrical corporation's rate proceedings, on any moneys advanced by the electrical corporation to fund reserves, if any, or capital accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to the securitized utility tariff bonds;

m. In a financing order granting authorization to securitize energy transition costs or in a financing order granting authorization to securitize qualified extraordinary costs that include retired or abandoned facility costs, a procedure for the treatment of accumulated deferred income taxes and excess deferred income taxes in connection with the retired or abandoned or to be retired or abandoned electric generating facility, or in connection with retired or abandoned facilities included in qualified extraordinary costs. The accumulated deferred income taxes, including excess deferred income taxes, shall be excluded from rate base in future general rate cases and the net tax benefits relating to amounts that will be recovered through the issuance of securitized utility tariff bonds shall be credited to retail customers by reducing the amount of such securitized utility tariff bonds that would otherwise be issued. The customer credit shall include the net present value of the tax benefits, calculated using a discount rate equal to the expected interest rate of the securitized utility tariff bonds, for the estimated accumulated and excess deferred income taxes at the time of securitization including timing differences created by the issuance of securitized utility tariff bonds amortized over the period of the bonds multiplied by the expected interest rate on such securitized utility tariff bonds;

n. An outside date, which shall not be earlier than one year after the date the financing order is no longer subject to appeal, when the authority to issue securitized utility tariff bonds granted in such financing order shall expire; and

o. Any other conditions that the commission considers appropriate and that are authorized by this section.

(c) A financing order issued to an electrical corporation may provide that creation of the electrical corporation's securitized utility tariff property is conditioned upon, and simultaneous with, the sale or other transfer of the securitized utility tariff property to an assignee and the pledge of the securitized utility tariff property to secure energy transition bonds.

(d) If the commission issues a financing order, the electrical corporation shall file with the commission at least annually a petition or a letter applying the formula-based, true-up mechanism and, based on estimates of consumption for each rate class and other mathematical factors, request administrative approval to make the applicable adjustments. The review of the filing shall be limited to determining whether there are any mathematical or clerical errors in the application of the formula-based, true-up mechanism relating to the appropriate amount of any overcollection or undercollection of securitized utility tariff charges and the amount of an adjustment. The adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized utility tariff bonds approved under the financing order. Within thirty days after receiving an electrical corporation's request pursuant to this paragraph, the commission shall either approve the request or inform the electrical corporation of any mathematical or clerical errors in its calculation. If the commission informs the electrical corporation of mathematical or clerical errors in its calculation, the electrical corporation may correct its error and refile its request. The time frames previously described in this paragraph shall apply to a refiled request.

(e) a. At the time of any transfer of securitized utility tariff property to an assignee or the issuance of securitized utility tariff bonds authorized thereby, whichever is earlier, a financing order is irrevocable and, except for changes made pursuant to the formula-based, true-up mechanism authorized in this section, the commission may not amend, modify, or terminate the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized utility tariff charges approved in the financing order. After the issuance of a financing order, the electrical corporation retains sole discretion regarding whether to assign, sell, or otherwise transfer securitized utility tariff property or to cause securitized utility tariff bonds to be issued, including the right to defer or postpone such assignment, sale, transfer, or issuance.

b. The commission, in a financing order and subject to the issuance advice letter process under subparagraph c of this paragraph, shall afford the electrical corporation flexibility in establishing the terms and conditions for the securitized utility tariff bonds to accommodate changes in market conditions, including repayment schedules, interest rates, financing costs, collateral requirements, required debt service and other reserves and the ability of the electrical corporation, at its option, to effect a series of issuances of securitized utility tariff bonds and correlated assignments, sales, pledges or other transfers of securitized utility tariff property. Any changes made under this sub-paragraph to terms and conditions for the securitized utility tariff bonds shall be in conformance with the financing order.

c. As the actual structure and pricing of the securitized utility tariff bonds will be unknown at the time the financing order is issued, the electrical corporation that intends to cause the issuance of such bonds shall provide to the commission, prior to the issuance of each series of bonds, an issuance advice letter following the determination of the final terms of such series of bonds no later than one day after the pricing of the securitized utility tariff bonds. The commission shall have the authority to designate a representative from commission staff, who may be advised by a financial adviser contracted with the commission, to observe all facets of the process undertaken by the electrical corporation to place the securitized utility tariff bonds to market so the commission's representative can be prepared, if requested, to provide the commission with an opinion on the reasonableness of the pricing, terms and conditions of the securitized utility tariff bonds on an expedited basis. The form of such issuance advice letter shall be included in the financing order and shall indicate the final structure of the securitized utility tariff bonds and provide the best available estimate of total ongoing financing costs. The issuance advice letter shall report the initial securitized utility tariff charges and other information specific to the securitized utility tariff bonds to be issued, as the commission may require. Unless an earlier date is specified in the financing order, the electrical corporation may proceed with the issuance of the securitized utility tariff bonds unless, prior to noon on the fourth business day after the commission receives the issuance advice letter, the commission issues a disapproval letter directing that the bonds as proposed shall not be issued and the basis for that disapproval. The financing order may provide such additional provisions relating to the issuance advice letter process as the commission considers appropriate and as are authorized by this section.

(4) (a) In performing the responsibilities of this section in connection with the issuance of a financing order, the commission shall undertake due diligence as it deems appropriate prior to the issuance of the financing order pursuant to which the commission may request additional information from the electrical corporation and may engage a financial advisor and counsel as the commission deems necessary. Any financial advisor or counsel engaged by the commission shall have a fiduciary duty with respect to the proposed issuance of securitized utility bonds solely to the commission. All expenses associated with such services shall be included in the securitized utility tariff charge.

(b) If an electrical corporation's petition for a financing order is denied or withdrawn, or for any reason securitized utility tariff bonds are not issued, any costs of retaining a financial advisor and counsel on behalf of the commission shall be paid by the petitioning electrical corporation and shall be eligible for full recovery, including carrying costs, in the electrical corporation's future rates.

(5) At the request of an electrical corporation, the commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding securitized utility tariff bonds issued pursuant to the original financing order if the commission finds that the subsequent financing order satisfies all of the criteria specified in this section for a financing order. Effective upon retirement of the refunded securitized utility tariff bonds and the issuance of new securitized utility tariff bonds, the commission shall adjust the related energy transition charges accordingly.

(6) (a) A financing order remains in effect and securitized utility tariff property under the financing order continues to exist until securitized utility tariff bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all commission-approved financing costs of such securitized utility tariff bonds have been recovered in full.

(b) A financing order issued to an electrical corporation remains in effect and unabated notwithstanding the reorganization, bankruptcy, or other insolvency proceeding, merger, or sale of the electrical corporation or its successors or assignees.

3. (1) The commission may not, in exercising its powers and carrying out its duties regarding any matter within its authority, consider the securitized utility tariff bonds issued pursuant to a financing order to be the debt of the electrical corporation other than for federal and state income tax purposes, consider the securitized utility tariff charges paid under the financing order to be the revenue of the electrical corporation for any purpose, consider the securitized utility tariff costs or financing costs specified in the financing order to be the costs of the electrical corporation nor may the commission determine any action taken by an electrical corporation which is consistent with the financing order to be unjust or unreasonable, and section 386.300 shall not apply to the issuance of securitized utility tariff bonds.

(2) Securitized utility tariff charges shall not be utilized or accounted for in determining the electrical corporation's average overall rate, as defined in section 393.1655 and as used to determine the maximum retail rate impact limitations provided for by subsections 3 and 4 of section 393.1655.

(3) No electrical corporation is required to file a petition for a financing order under this section or otherwise utilize this section. An electrical corporation's decision not to file a petition for a financing order under this section or otherwise utilize this section shall not be admissible in any commission proceeding, nor shall it be otherwise utilized or relied on by the commission in any proceeding respecting the electrical corporation's rates or its accounting, including, without limitation, any general rate proceeding, fuel adjustment clause docket, or proceedings relating to accounting authority, whether initiated by the electrical corporation or otherwise. The commission may not order or otherwise directly or indirectly require an electrical corporation to use securitized utility tariff bonds to recover securitized utility tariff costs or to finance any project, addition, plant, facility, extension, capital improvement, equipment, or any other expenditure. After the issuance of a financing order, the electrical corporation retains sole discretion regarding whether to cause the securitized utility tariff bonds to be issued, including the right to defer or postpone such sale, assignment, transfer, or issuance. Nothing shall prevent the electrical corporation from abandoning the issuance of securitized utility tariff bonds under the financing order by filing with the commission a statement of abandonment and the reasons therefore; provided, that the electrical corporation's abandonment decision shall not be deemed imprudent because of the potential availability of securitized utility tariff bond financing.

(4) The commission may not refuse to allow an electrical corporation to recover securitized utility tariff costs in an otherwise permissible fashion, or refuse or condition authorization or approval of the issuance and sale by an electrical corporation of securities or the assumption by the electrical corporation of liabilities or obligations, because of the potential availability of securitized utility tariff bond financing.

(5) The commission may not, directly or indirectly, utilize or consider the debt reflected by the securitized utility tariff bonds in establishing the electrical corporation's capital structure used to determine any regulatory matter including, but not limited to the electrical corporation's revenue requirement used to set its rates.

(6) The commission may not, directly or indirectly, consider the existence of securitized utility tariff bonds or the potential use of securitized utility tariff bond financing proceeds in determining the electrical corporation's authorized rate of return used to determine the electrical corporation's revenue requirement used to set its rates.

4. The electric bills of an electrical corporation that has obtained a financing order and caused securitized utility tariff bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electrical corporation to comply with this subsection does not invalidate, impair, or affect any financing order, securitized utility tariff property, securitized utility tariff charge, or securitized utility tariff bonds. The electrical corporation shall do the following:

(1) Explicitly reflect that a portion of the charges on such bill represents securitized utility tariff charges approved in a financing order issued to the electrical corporation and, if the securitized utility tariff property has been transferred to an assignee, shall include a statement to the effect that the assignee is the

owner of the rights to securitized utility tariff charges and that the electrical corporation or other entity, if applicable, is acting as a collection agent or servicer for the assignee. The tariff applicable to customers shall indicate the securitized utility tariff charge and the ownership of the charge; and

(2) Include the securitized utility tariff charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.

5. (1) (a) All securitized utility tariff property that is specified in a financing order constitutes an existing, present, intangible property right or interest therein, notwithstanding that the imposition and collection of securitized utility tariff charges depends on the electrical corporation, to which the financing order is issued, performing its servicing functions relating to the collection of energy transition charges and on future electricity consumption. The property exists:

a. Regardless of whether the revenues or proceeds arising from the property have been billed, have accrued, or have been collected; and

b. Notwithstanding the fact that the value or amount of the property is dependent on the future provision of service to customers by the electrical corporation or its successors or assignees and the future consumption of electricity by customers.

(b) Securitized utility tariff property specified in a financing order exists until securitized utility tariff bonds issued pursuant to the financing order are paid in full and all financing costs and other costs of such energy transition bonds have been recovered in full.

(c) All or any portion of securitized utility tariff property specified in a financing order issued to an electrical corporation may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the electrical corporation and created for the limited purpose of acquiring, owning, or administering securitized utility tariff property or issuing securitized utility tariff bonds under the financing order. All or any portion of securitized utility tariff property may be pledged to secure securitized utility tariff bonds issued pursuant to the financing order, amounts payable to financing parties and to counterparties under any ancillary agreements, and other financing costs. Any transfer, sale, conveyance, assignment, grant of a security interest in or pledge of securitized utility tariff property by an electrical corporation, or an affiliate of the electrical corporation, to an assignee, to the extent previously authorized in a financing order, does not require the prior consent and approval of the commission.

(d) If an electrical corporation defaults on any required remittance of securitized utility tariff charges arising from securitized utility tariff property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues arising from the securitized utility tariff property to the financing parties or their assignees. Any such financing order remains in full force and effect notwithstanding any reorganization, bankruptcy, or other insolvency proceedings with respect to the electrical corporation or its successors or assignees.

(e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized utility tariff property specified in a financing order issued to an electrical corporation, and in the revenue and collections arising from that property, is not subject to setoff, counterclaim, surcharge, or defense by the electrical corporation or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electrical corporation or any other entity.

(f) Any successor to an electrical corporation, whether pursuant to any reorganization, bankruptcy, or other insolvency proceeding or whether pursuant to any merger or acquisition, sale, or other business combination, or transfer by operation of law, as a result of electrical corporation restructuring or otherwise, shall perform and satisfy all obligations of, and have the same rights under a financing order as, the electrical corporation under the financing order in the same manner and to the same extent as the electrical corporation, including collecting and paying to the person entitled to receive the revenues, collections, payments, or proceeds of the securitized utility tariff property. Nothing in this section is intended to limit or impair any authority of the commission concerning the transfer or succession of interests of public utilities.

(g) Securitized utility tariff bonds shall be nonrecourse to the credit or any assets of the electrical corporation other than the securitized utility tariff property as specified in the financing order and any rights under any ancillary agreement.

(2) (a) The creation, perfection, and enforcement of any security interest in securitized utility tariff property to secure the repayment of the principal and interest and other amounts payable in respect of

securitized utility tariff bonds, amounts payable under any ancillary agreement and other financing costs are governed by this section and not by the provisions of the code, except as otherwise provided in this section.

(b) A security interest in securitized utility tariff property is created, valid, and binding at the later of the time:

- a. The financing order is issued;
- b. A security agreement is executed and delivered by the debtor granting such security interest;
- c. The debtor has rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property; or
- d. Value is received for the securitized utility tariff property.

The description of securitized utility tariff property in a security agreement is sufficient if the description refers to this section and the financing order creating the securitized utility tariff property.

(c) Upon the filing of a financing statement with the office of the secretary of state as provided in this section, a security interest in securitized utility tariff property shall be perfected against all parties having claims of any kind in tort, contract, or otherwise against the person granting the security interest, and regardless of whether the parties have notice of the security interest. Without limiting the foregoing, upon such filing, a security interest in securitized utility tariff property shall be perfected against all claims of lien creditors, and shall have priority over all competing security interests and other claims other than any security interest previously perfected in accordance with this section.

(d) The priority of a security interest in securitized utility tariff property is not affected by the commingling of securitized utility tariff charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized utility tariff charges that are deposited in any cash or deposit account of the qualifying electrical corporation in which securitized utility tariff charges have been commingled with other funds and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party.

(e) No application of the formula-based, true-up mechanism as provided in this section will affect the validity, perfection, or priority of a security interest in or transfer of securitized utility tariff property.

(f) If a default occurs under the securitized utility tariff bonds that are secured by a security interest in securitized utility tariff property, the financing parties or their representatives may exercise the rights and remedies available to a second party under the uniform commercial code, including all rights and remedies available. The commission may also order amounts arising from securitized utility tariff charges to be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the circuit court for the county or city in which the electrical corporation's headquarters is located shall order the sequestration and payment to them of revenues arising from the securitized utility tariff charges.

(3) (a) Any sale, assignment, or other transfer of securitized utility tariff property shall be an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the energy transition property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized utility tariff property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of whether the purchaser has possession of any documents evidencing or pertaining to the interest. A sale or similar outright transfer of an interest in securitized utility tariff property may occur only when all of the following have occurred:

- a. The financing order creating the securitized utility tariff property has become effective;
- b. The documents evidencing the transfer of securitized utility tariff property have been executed by the assignor and delivered to the assignee; and
- c. Value is received for the securitized utility tariff property.

After such a transaction, the securitized utility tariff property is not subject to any claims of the transferor or the transferor's creditors, other than creditors holding a prior security interest in the securitized utility tariff property perfected in accordance with this section.

(b) The characterization of the sale, assignment, or other transfer as an absolute transfer and true sale and the corresponding characterization of the property interest of the purchaser, shall not be affected or impaired by the occurrence of any of the following factors:

- a. Commingling of securitized utility tariff charges with other amounts;
- b. The retention by the seller of a partial or residual interest, including an equity interest, in the energy transit securitized utility tariff property, whether direct or indirect, or whether subordinate or otherwise, or the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of securitized utility tariff charges;
- c. Any recourse that the purchaser may have against the seller;
- d. Any indemnification rights, obligations, or repurchase rights made or provided by the seller;
- e. The obligation of the seller to collect securitized utility tariff charges on behalf of an assignee;
- f. The transferor acting as the servicer of the securitized utility tariff charges or the existence of any contract that authorizes or requires the electrical corporation, to the extent that any interest in securitized utility tariff property is sold or assigned, to contract with the assignee or any financing party that it will continue to operate its system to provide service to its customers, will collect amounts in respect of the securitized utility tariff charges for the benefit and account of such assignee or financing party and will account for and remit such amounts to or for the account of such assignee or financing party;
- g. The treatment of the sale, conveyance, assignment, or other transfer for tax, financial reporting, or other purposes;
- h. The granting or providing to bondholders a preferred right to the securitized utility tariff property or credit enhancement by the electrical corporation or its affiliates with respect to such securitized utility tariff bonds; or
- i. Any application of the formula-based, true-up mechanism as provided in this section.

(c) Any right that an electrical corporation has in the securitized utility tariff property before its pledge, sale, or transfer or any other right created under this section or created in the financing order and assignable under this section or assignable pursuant to a financing order, is property in the form of a contract right or a chose in action. Transfer of an interest in securitized utility tariff property to an assignee is enforceable only upon the later of:

- a. The issuance of a financing order;
- b. The assignor having rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property to an assignee; and
- c. The execution and delivery by the assignor of transfer documents in connection with the issuance of securitized utility tariff bonds; and
- d. The receipt of value for the securitized utility tariff property.

An enforceable transfer of an interest in securitized utility tariff property to an assignee is perfected against all third parties, including subsequent judicial or other lien creditors, when a notice of that transfer has been given by the filing of a financing statement in accordance with subsection 7 of this section. The transfer is perfected against third parties as of the date of filing.

(d) The priority of a transfer perfected under this section is not impaired by any later modification of the financing order or securitized utility tariff property or by the commingling of funds arising from securitized utility tariff property with other funds. Any other security interest that may apply to those funds, other than a security interest perfected under this section, is terminated when they are transferred to a segregated account for the assignee or a financing party. If securitized utility tariff property has been transferred to an assignee or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

(e) The priority of the conflicting interests of assignees in the same interest or rights in any securitized utility tariff property is determined as follows:

- a. Conflicting perfected interests or rights of assignees rank according to priority in time of perfection. Priority dates from the time a filing covering the transfer is made in accordance with subsection 7 of this section;
- b. A perfected interest or right of an assignee has priority over a conflicting unperfected interest or right of an assignee; and

c. A perfected interest or right of an assignee has priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.

6. The description of securitized utility tariff property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, granted or pledged to a pledgee in any security agreement, pledge agreement, or other security document, or indicated in any financing statement is only sufficient if such description or indication refers to the financing order that created the securitized utility tariff property and states that the agreement or financing statement covers all or part of the property described in the financing order. This section applies to all purported transfers of, and all purported grants or liens or security interests in, securitized utility tariff property, regardless of whether the related sale agreement, purchase agreement, other transfer agreement, security agreement, pledge agreement, or other security document was entered into, or any financing statement was filed.

7. The secretary of state shall maintain any financing statement filed to perfect a sale or other transfer of securitized utility tariff property and any security interest in securitized utility tariff property under this section in the same manner that the secretary of state maintains financing statements filed under the code to perfect a security interest in collateral owned by a transmitting utility. Except as otherwise provided in this section, all financing statements filed pursuant to this section shall be governed by the provisions regarding financing statements and the filing thereof under the uniform commercial code. A security interest in securitized utility tariff property may be perfected only by the filing of a financing statement in accordance with this section and no other method of perfection shall be effective. Notwithstanding any provision of the code to the contrary, a financing statement filed pursuant to this section is effective until a termination statement is filed under the code and no continuation statement need be filed to maintain its effectiveness. A financing statement filed pursuant to this section may indicate that the debtor is a transmitting utility, and without regard to whether the debtor is an electrical corporation, an assignee or otherwise qualifies as a transmitting utility under the code, but the failure to make such indication shall not impair the duration and effectiveness of the financing statement.

8. The law governing the validity, enforceability, attachment, perfection, priority, and exercise of remedies with respect to the transfer of an interest or right or the pledge or creation of a security interest in any securitized utility tariff property shall be the laws of this state.

9. Neither the state nor its political subdivisions are liable on any securitized utility tariff bonds, and the bonds are not a debt or a general obligation of the state or any of its political subdivisions, agencies, or instrumentalities, nor are they special obligations or indebtedness of the state or any agency or political subdivision. An issue of securitized utility tariff bonds does not, directly, indirectly, or contingently obligate the state or any agency, political subdivision, or instrumentality of the state to levy any tax or make any appropriation for payment of the securitized utility tariff bonds, other than in their capacity as consumers of electricity. All securitized utility tariff bonds shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the state of Missouri is pledged to the payment of the principal of, or interest on, this bond."

10. All of the following entities may legally invest any sinking funds, moneys, or other funds in securitized utility tariff bonds:

(1) Subject to applicable statutory restrictions on state or local investment authority, the state, units of local government, political subdivisions, public bodies, and public officers, except for members of the commission, the commission's technical advisory and other staff, or employees of the office of the public counsel;

(2) Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business;

(3) Personal representatives, guardians, trustees, and other fiduciaries; and

(4) All other persons authorized to invest in bonds or other obligations of a similar nature.

11. (1) The state and its agencies, including the commission, pledge and agree with bondholders, the owners of the securitized utility tariff property, and other financing parties that the state and its agencies will not take any action listed in this subdivision. This subdivision does not preclude limitation or alteration if full compensation is made by law for the full protection of the securitized utility tariff charges collected pursuant to a financing order and of the bondholders and any assignee or financing party entering into a contract with the electrical corporation. The prohibited actions are as follows:

(a) Alter the provisions of this section, which authorize the commission to create an irrevocable contract right, or chose in action by the issuance of a financing order, to create securitized utility tariff property, and make the securitized utility tariff charges imposed by a financing order irrevocable, binding, or nonbypassable charges for all existing and future retail customers of the electrical corporation except its existing special contract customers;

(b) Take or permit any action that impairs or would impair the value of securitized utility tariff property or the security for the securitized utility tariff bonds or revises the securitized utility tariff costs for which recovery is authorized;

(c) In any way impair the rights and remedies of the bondholders, assignees, and other financing parties; and

(d) Except for changes made pursuant to the formula-based, true-up mechanism authorized under this section, reduce, alter, or impair securitized utility tariff charges that are to be imposed, billed, charged, collected, and remitted for the benefit of the bondholders, any assignee, and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, or charges incurred, and any contracts to be performed, in connection with the related securitized utility tariff bonds have been paid and performed in full.

(2) Any person or entity that issues securitized utility tariff bonds may include the language specified in this subsection in the energy transition bonds and related documentation.

12. An assignee or financing party is not an electrical corporation or person providing electric service by virtue of engaging in the transactions described in this section.

13. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized utility tariff property, this section shall govern.

14. If any provision of this section is held invalid or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the validity of any action allowed under this section which is taken by an electrical corporation, an assignee, a financing party, a collection agent, or a party to an ancillary agreement and any such action remains in full force and effect with respect to all securitized utility tariff bonds issued or authorized in a financing order issued under this section before the date that such provision is held invalid or is invalidated, superseded, replaced, or repealed or expires for any reason.

393.1705. 1. For purposes of this section, the term "replacement resources" shall mean:

(1) Renewable generation facilities which produce electric energy from wind, solar thermal sources, photovoltaic cells and panels, dedicated crops grown for energy production, cellulosic agricultural residues, plant residues, methane from landfills, from agricultural operations, or from wastewater treatment, thermal depolymerization or pyrolysis for converting waste material to energy, clean and untreated wood such as pallets, hydropower, not including pumped storage that does not require a new diversion or impoundment of water and that has a nameplate rating of ten megawatts or less, and fuel cells using hydrogen produced by one of the above-named replacement sources;

(2) Generation facilities which produce electric energy from natural gas that enable the electrical corporation to:

(a) Provide electric energy when renewable generation facilities and energy storage facilities are insufficient to meet the needs of the electrical corporation's system;

(b) Meet requirements of the electrical corporation's regional transmission organization; or

(c) Serve the objectives of both paragraphs (a) and (b) of this subdivision;

(3) Energy storage facilities that enable the electrical corporation to:

(a) Provide electric energy when renewable generation facilities are not generating electric energy in sufficient quantities to meet the needs of the electrical corporation's system;

(b) Meet requirements of the electrical corporation's regional transmission organization; or

(c) Serve the objectives of both paragraphs (a) and (b) of this subdivision; and

(4) Transmission facilities that enable the delivery of electric energy from renewable generation facilities or energy storage facilities including, but not limited to, interconnection, network upgrades, voltage and reactive power support, and transmission facilities needed to maintain reliability as a result of the retirement of generation facilities.

2. If requested by an electrical corporation in a petition filed concurrently with a petition filed under subsection 2 of section 393.1700 to recover securitized utility tariff costs and notwithstanding any other

provision of chapter 386 or 393 to the contrary, including section 393.170 which section shall not apply to the construction of replacement resources as defined in subsection 1 of this section:

(1) Unless the commission has, prior to August 28, 2021, issued an order or orders acknowledging retirement by an electrical corporation of specific electric generating facilities and an order or orders authorizing construction by such electrical corporation of generating facilities in place of such retired electric generating facilities, the commission shall approve investment in replacement resources by the electrical corporation of an amount that is approximately equal to the undepreciated investment in the electric generating facilities covered by such petition to acquire or build an existing or new renewable energy resource to replace the retired or abandoned or to be retired or abandoned unit. There is no requirement that the replacement resource's capacity or energy production match the energy or capacity production of the retired or abandoned unit. Such approval shall constitute an affirmative and binding determination by the commission, to be applied in all subsequent proceedings respecting the rates of the electrical corporation, that such investment is prudent and reasonable, that the replacement resource is necessary for the electrical corporation's provision of electric service to its customers, and that such investment shall be reflected in the revenue requirement used to set the electrical corporation's base rates, subject only to the commission's authority to determine that the electrical corporation did not manage or execute the project in a reasonable and prudent manner in some respect and its authority to disallow for ratemaking purposes only that portion of the investment that would not have been incurred had the unreasonable or imprudent management or execution of the project not occurred; and

(2) The commission shall create a deferral mechanism by which the electrical corporation shall defer, to a regulatory asset or regulatory liability as appropriate, the changes in the electrical corporation's revenue requirement used to last set its base rates as specified in this subdivision. Such changes shall be deferred during the period starting on the date of retirement or abandonment of the subject unit and ending when the electrical corporation is the subject of the petition and base rates are changed as the result of a general rate proceeding where the rate base cutoff date in that general rate proceeding occurs on or after the retirement or abandonment. For purposes of this subdivision, the changes in the electrical corporation's revenue requirement that shall be deferred shall only consist of:

- (a) Changes in depreciation expense associated with the retired or abandoned unit;
- (b) Changes in labor and benefit costs for employees or contractors no longer employed or retained by the electrical corporation who formerly worked at the retired or abandoned unit, net of severance and relocation costs of the electrical corporation paid to such employees or contractors;
- (c) Changes in nonlabor, nonfuel operations, and maintenance costs caused by the retirement of the unit;
- (d) Depreciation expense on the replacement resources starting with the date it is recorded to plant in-service on the electrical corporation's books;
- (e) Labor and benefits costs for employees or contractors who work at the replacement resources; and
- (f) Nonlabor, nonfuel operations, and maintenance costs of the replacement resources.

The base against which changes under paragraphs (a), (b), and (c) of this subdivision shall be the values of each such item used to set the electrical corporation's base electric rates in its last general rate proceeding concluded prior to the time the deferrals are made, provided, if the docketed record in such general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the base for an item because of a "black box" settlement or otherwise, the commission shall, in the docket created by a petition filed under this section and based on the docketed record in such prior general rate proceeding, establish the missing parameters, which shall then be used to accomplish the deferrals. The base with respect to paragraphs (d), (e), and (f) of this subdivision shall be zero.

(3) The commission shall also create a deferral mechanism by which the electrical corporation shall defer to a regulatory asset the changes in the electrical corporation's revenue requirement last used to set its base rates as specified in this subdivision. Such changes shall be deferred during the period beginning on the date deferrals cease under subdivision (2) of this subsection and ending when the electrical corporation's base rates are next changed as a result of a general rate proceeding. For purposes of this subdivision, such changes in the electrical corporation's revenue requirement that shall be deferred shall only consist of:

- (a) Return on the electrical corporation's undepreciated investment in the unit that was retired or abandoned at the electrical corporation's weighted average cost of capital, plus applicable federal, state, and local income or excise taxes, used to establish the electrical corporation's revenue requirement last used to set its base rates;
- (b) Depreciation expense on the replacement resources starting with the date the replacement resource is recorded to plant in-service on the electrical corporation's books;
- (c) Increase in-labor and benefits costs for employees or contractors who work at the replacement resources; and
- (d) Increase in nonlabor, nonfuel operations, and maintenance costs of the replacement resources.

Notwithstanding the foregoing provisions of this subdivision, deferrals to the regulatory asset created by this subdivision shall cease at the earlier of the date the electrical corporation's base rates are first changed after the replacement resource is recorded to plant in service on the electrical corporation's books where the rate base cutoff date in that general rate proceeding occurred on or after the retirement or abandonment, or the effective date of rates from a base rate case that shall be filed no later than one year after the unit was retired or abandoned. If there is more than one replacement resource for the retired or abandoned plant and if one or more such replacement resource is placed in service prior to the rate base cutoff date in the general rate proceeding described in subdivision (2) of this subsection, the deferrals called for under this subdivision shall be reduced as needed to reflect that event. The weighted average cost of capital to be deferred under paragraph (a) of this subdivision shall be the value used to set the electrical corporation's base electric rates in its last general rate proceeding concluded prior to the time the deferrals are made, provided, if the docketed record in such general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the base for an item because of a "black box" settlement or otherwise, the commission shall, in the docket created by a petition filed under this section and based on the docketed record in such prior general rate proceeding, establish the missing parameters, which shall then be used to accomplish the deferrals. The base with respect to paragraphs (b), (c), and (d) of this subdivision shall be zero.

(4) It is the intention of this subsection to the maximum extent practicable that electrical corporation earnings shall not be materially reduced or increased on account of the retirement or abandonment of the unit during the interval between when the unit is retired or abandoned and the date when the electrical corporation's base rates are changed to reflect the investment in a replacement resource, subject to the requirement that deferrals under subdivision (3) of this subsection end no later than the date base rates are reset in a general rate proceeding filed no later than one year after the unit was retired or abandoned.

(5) Notwithstanding the provisions of section 393.1400 to the contrary, a replacement resource shall not constitute "qualifying electric plant" for purposes of section 393.1400, nor shall it constitute a renewable energy resource under section 393.1030, during the period when a deferral is occurring under subdivision (2) or (3) of this subsection. In addition, and notwithstanding the provisions of section 393.1400 to the contrary, deferrals required by this section relating to the electrical corporation's undepreciated investment in the retired or abandoned unit shall not constitute a change in accumulated depreciation when determining the return deferred on qualifying electric plant under section 393.1400.

(6) Parts of regulatory asset or liability balances created under this section that are not yet being recovered or returned through rates shall include carrying costs at the electrical corporation's weighted average cost of capital last used to set its base electric service rates or, if such cost of capital was not specified for the revenue requirement last used to set such electric service rates at the weighted average cost of capital determined by the commission under subdivision (3) of this subsection, in each case plus applicable federal, state, and local income or excise taxes. All regulatory asset or liability balances from deferrals under this subsection shall be recovered in base rates over a period equal to the remaining useful life of the replacement resource.

(7) In each general rate proceeding concluded after a deferral commences under subdivision (2) or (3) of this subsection, the regulatory asset or liability balances arising from such deferrals, as of the rate base cutoff date, shall be included in the electrical corporation's rate base without any offset, reduction, or adjustment based upon consideration of any other factor, other than to reflect any prudence disallowances ordered by the commission, with the regulatory asset balances arising from such deferrals that occur after the rate base cutoff date to be included in rate base in the next general rate proceeding. The provisions of this section shall not be construed to affect existing law respecting burdens of production and persuasion in general rate proceedings.

3. Proceedings on a petition submitted pursuant to this section begin with the filing of a petition by an electrical corporation under this section that is filed concurrently with a petition submitted under section 393.1700, and shall be disposed of in accordance with the requirements of chapters 386 and 393 and the rules of the commission, except as follows:

(1) Within fourteen days after the date the petition is filed, the commission shall establish a procedural schedule that permits a commission decision no later than one hundred eighty-five days after the date the petition is filed. Such procedural schedule shall contain the same milestones and requirements as the procedural schedule adopted in a proceeding seeking approval of a financing order under section 393.1700 and shall run concurrently therewith;

(2) No later than one hundred eighty-five days after the date the petition is filed, the commission shall issue an order approving the petition or rejecting the petition. Any adversely affected party may seek judicial review in accordance with sections 386.500 and 386.510.

393.1710. 1. This section shall apply to each purchased power agreement with a term commencing on or after August 28, 2021, that the electrical corporation entered into for the purchase of energy from renewable generation facilities as listed in subdivision (1) of subsection 1 of section 393.1705 or from energy storage facilities as listed in subdivision (3) of subsection 1 of section 393.1705. If the term of one or more purchased power agreements have commenced prior to the rate base cutoff date in one of the electrical corporation's general rate cases, the commission shall, without limiting recoveries outside the context of a general rate case as contemplated by rate adjustment mechanisms approved under the provisions of subsection 1 of section 386.266:

(1) Include in the revenue requirement used to set base rates in that general rate case an amount equal to the electrical corporation's prudently incurred costs to purchase energy, capacity, and renewable energy credits under each such agreement; and

(2) Include in the revenue requirement used to set base rates in that general rate case an additional amount equal to the common equity earnings the electrical corporation would have received had it, in lieu of entering into each such purchased power agreement, instead invested in and placed in service, on the date the term of each such purchased power agreement commenced, a renewable energy resource of the type being operated to supply energy under each such purchased power agreement with a capacity sufficient to provide the quantity of energy being purchased under each such purchased power agreement. In determining the additional amount required by this subdivision, the commission shall utilize the common equity return on rate base and the common equity percentage used to determine the revenue requirement in that general rate case, provided, if the docketed record in such general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the common equity return on rate base and the common equity percentage used in that general rate case because of a "black box" settlement or otherwise, the commission shall, in the docket created by a petition filed under this section and based on the docketed record in such prior general rate proceeding, establish the missing parameters, which shall then be used to quantify the common equity earnings, and shall also include in such revenue requirement applicable federal, state, and local income and excise taxes associated with such additional amount.

2. Subdivisions (1) and (2) of subsection 1 of this section shall continue to be included in the revenue requirement used to set rates in each subsequent electrical corporation general rate case where the term of the purchased power agreement remains ongoing as of the rate base cutoff date in that proceeding. The amount included in the revenue requirement in subsequent regular rate cases for subdivision (1) of subsection 1 of this section shall be based upon costs as of the rate base cutoff date in that case. Except as specifically provided for in this subdivision, the amount included in the revenue requirement in subsequent general rate cases for subdivision (2) of subsection 1 of this section shall be calculated in the same manner as calculated for subdivision (2) of subsection 1 of this section in the first general rate case where such amount was determined and shall not be recalculated in subsequent general rate cases, except that the calculation in each subsequent general rate case shall utilize the common equity return on rate base and the common equity percentage used to determine the revenue requirement in that subsequent case; provided, if the docketed record in such subsequent general rate proceeding does not specify one or more necessary revenue requirement parameters to establish the common equity return on rate base and the common equity percentage used in that general rate case because of a "black box" settlement or otherwise, the commission shall, in the docket created by a subsequent general rate case and based on the docketed record in such prior general rate proceeding, establish the missing parameters, which shall then be used to quantify the common

equity earnings, and shall account for accumulated depreciation that would have been accrued had the electric utility invested in and placed a renewable energy resource in service instead of entering into a purchased power agreement.

3. The phrase "rate base cutoff date" shall have the same meaning as given in subdivision (4) of subsection 1 of section 393.1400 as such term existed on August 28, 2021.

393.1715. 1. An electrical corporation may petition the commission for a determination of the ratemaking principles and treatment, as proposed by the electrical corporation, that will apply to the reflection in base rates of the electrical corporation's capital and noncapital costs associated with one or more of the electrical corporation's facilities. Without limiting the foregoing, such principles and treatment may also establish the retirement date and useful life parameters used to set depreciation rates for such facilities. Except as provided for in subsection 2 of this section, the ratemaking principles and treatment approved by the commission under this section for such facilities shall apply to the determination of the revenue requirement in each of the electrical corporation's post-determination general rate proceedings until such time as such facility is fully depreciated on the electrical corporation's books.

2. If the commission fails to issue a determination within one hundred thirty-five days that a petition for determination of ratemaking principles and treatment is filed, the ratemaking principles and treatment proposed by the petitioning electrical corporation shall be deemed to have been approved by the commission.

3. Subject to the provisions of subsection 4 of this section, ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall be binding for ratemaking purposes.

4. (1) An electrical corporation with ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall monitor the major factors and circumstances relating to the facility to which such principles and treatment apply. Such factors and circumstances include, but are not limited to:

- (a) Terrorist activity or an act of God;
- (b) A significant change in federal or state tax laws;
- (c) A significant change in federal utility laws or regulations or a significant change in generally accepted accounting principles;
- (d) An unexpected, extended outage or shutdown of a major generating unit, other than any major generating unit shut down due to an extended outage at the time of the approval of the ratemaking principles and treatment;
- (e) A significant change in the cost or reliability of power generation technologies;
- (f) A significant change in fuel prices and wholesale electric market conditions;
- (g) A significant change in the cost or effectiveness of emission control technologies;
- (h) A significant change in the price of emission allowances;
- (i) A significant change in the electrical corporation's load forecast;
- (j) A significant change in capital market conditions;
- (k) A significant change in the scope or effective dates of environmental regulations; or
- (l) A significant change in federal or state environmental laws.

(2) If the electrical corporation determines that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment, then it shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, the electrical corporation shall:

- (a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;
- (b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and
- (c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(3) If a party has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the electrical corporation's filing. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the electrical corporation filed its notice, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission. If a party to the docket in which the approved ratemaking principles and

treatment were approved believes that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment and if the electrical corporation does not agree the principles and treatment should be changed, such party shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, such party shall:

(a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;

(b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and

(c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(4) If a party, including the electrical corporation, has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the other party's filing. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the notice was filed, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission.

5. A determination of ratemaking principles and treatment under this section does not preclude an electrical corporation from also petitioning the commission under either or both of sections 393.1700 and 393.1705, provided that any costs to which such ratemaking principles and treatment would have applied in the electrical corporation's general rate proceedings which become funded by securitized utility tariff bond proceeds from a securitized utility tariff bond issued under section 393.1700 shall not thereafter be reflected in the electrical corporation's base rates.

6. The commission may promulgate rules to implement the provisions of sections 393.1700 to 393.1715. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

c. Waste carbon dioxide;

(7) "Renewable natural gas infrastructure", all equipment and facilities for the production, processing, pipeline interconnection, and distribution of renewable natural gas to be furnished to Missouri customers.

2. The commission shall adopt rules for gas corporations to offer a voluntary renewable natural gas program. Rules adopted by the commission under this section shall include:

(1) Rules for reporting requirements; and

(2) Rules for establishing a process for gas corporations to fully recover incurred costs that are prudent, just, and reasonable associated with a renewable natural gas program. Such recovery shall not be permitted until the project is operational.

3. A filing by a gas corporation pursuant to the renewable natural gas program created in subsection 2 of this section shall include, but is not limited to:

(1) A proposal to procure a total volume of renewable natural gas over a specific period; and

(2) Identification of the qualified investments that the gas corporation may make in renewable natural gas infrastructure.

4. A gas corporation may from time to time revise the filing submitted to the commission under this section.

5. Any costs incurred by a gas corporation for qualified investment that are prudent, just and reasonable may be recovered by means of an automatic rate adjustment clause.

6. When a gas corporation makes a qualified investment in the production of renewable natural gas, the costs associated with such qualified investment shall include the cost of capital established by the commission in the gas corporation's most recent general rate case.

7. Rules adopted by the commission under this section shall not prohibit an affiliate of a gas corporation from making a capital investment in a biogas production project if the affiliate is not a public utility as defined in section 386.020.

8. The public service commission may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Further amend said bill, Page 2, Section 393.106, Line 53, by inserting after all of said section and line the following:

"393.135. Except as provided in section 393.1250, any charge made or demanded by an electrical corporation for service, or in connection therewith, which is based on the costs of construction **work** in progress, **as that term is defined in section 393.1250**, upon any existing or new ~~[facility of the]~~ electrical corporation **facility**, or any other cost associated with owning, operating, maintaining, or financing any **such** property before it is fully operational and used for service~~], is unjust and unreasonable, and]~~ is prohibited.

393.1250. 1. This section shall be known and may be cited as the "Missouri Nuclear Clean Power Act", the purpose of which is to enable the construction of clean baseload electric generating plants or facilities that utilize renewable sources to produce energy. This section shall not apply to clean baseload electric generating plants or renewable source generating facilities that are in commercial operation before August 28, 2021.

2. As used in this section, the following terms mean:

(1) "Clean baseload generating plant", a new nuclear-fueled electric generating facility located in this state that is designed to be operated at a capacity factor exceeding seventy percent annually and is intended in whole or in part to serve retail customers of an electrical corporation in Missouri;

(2) "Construction work in progress", the electrical corporation's share of all capital costs associated with a clean baseload generating plant or renewable source generating facility, which have been incurred but have not been included in the electrical corporation's plant in service, and are recorded in the Federal Energy Regulatory Commission's Uniform System of Accounts Prescribed for Public Utilities and Licensees Subject to the Provisions of the Federal Power Act, Balance Sheet Chart Accounts, as construction work in progress for electric plants in 18 CFR Part 101, or any other account established in the Uniform System of Accounts for the recording of construction work in progress;

(3) "Renewable source generating facility", any electric generating facility powered by wind, hydropower, solar power, landfill methane, biomass, or any other renewable source of power that does not produce significant carbon emissions.

3. The provisions of section 393.135 shall not apply to a clean baseload generating plant or a renewable source generating facility if the plant or facility is rated at two hundred megawatts or more. Costs recovered by an electrical corporation under the provisions of this section are subject to inclusion or exclusion from rates in a ratemaking proceeding pursuant to the commission's authority to determine just and reasonable rates. In addition, the commission may authorize an electrical corporation to make or demand charges for service based in whole or in part on additional amortizations to maintain the electrical corporation's financial ratios that will, in the commission's judgment, better enable the electrical corporation to cost-effectively construct a clean baseload generating plant or a renewable source generating facility.

4. The commission may promulgate rules to assist in the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Black (137), **House Amendment No. 5** was adopted.

Representative Bromley offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute for House Bill No. 835, Page 2, Section 393.106, Line 53, by inserting after all of said section and line the following:

~~"393.137. 1. [This section applies to electrical corporations that do not have a general rate proceeding pending before the commission as of the later of February 1, 2018, or June 1, 2018.~~

~~2.] For purposes of this section, the following terms shall mean:~~

~~(1) "Commission", the public service commission;~~

~~(2) "Tax legislation", additions, deletions, or amendments to the Internal Revenue Code, Title 26 of the United States Code, to the Missouri income tax code, or regulations adopted under chapter 143;~~

(3) [~~"Electrical corporation", the same as]~~ **"Utility", an electrical corporation, gas corporation, water corporation, or sewer corporation, as defined in section 386.020[~~, but~~]. "Utility" shall not include an electrical corporation as described in subsection 2 of section 393.110.**

~~[3. If the rates of any electrical corporation to which this section applies have not already been adjusted to reflect the effects of the federal 2017 Tax Cut and Jobs Act, Pub. L. No. 115-97, 94 Stat. 2390, the commission shall have one time authority that shall be exercised within ninety days of June 1, 2018, to adjust such electrical corporation's rates prospectively so that the income tax component of the revenue requirement used to set such an electrical corporation's rates is based upon the provisions of such federal act without considering any other factor as otherwise required by section 393.270. The commission shall also require electrical corporations to which this section applies, as provided for under subsection 1 of this section, to defer to a regulatory asset the financial impact of such federal act on the electrical corporation for the period of January 1, 2018, through the date the electrical corporation's rates are adjusted on a one-time basis as provided for in the immediately preceding sentence. The amounts deferred under this subsection shall be included in the revenue requirement used to set the electrical corporation's rates in its subsequent general rate proceeding through an amortization over a period determined by the commission.]~~

2. If the United States Congress or general assembly enacts tax legislation that, had it been effective when the utility's base rates were last set, would have resulted in a lower income tax component of the revenue requirement used to last set such base rates, the commission shall have the authority to, within one hundred eighty days of the enacted date of the subject tax legislation, enter an order adjusting such utility's base rates prospectively so that the income tax component of the revenue requirement used to set such utility's base rates is based upon the provisions of such tax legislation without considering any other factor as otherwise required by section 393.270. As part of its exercise of such authority, the commission shall also require the utility to defer to a regulatory liability an amount equal to the difference between what the income tax component of the revenue requirement last used to set its base rates was under the law at that time and what the income tax component of the revenue requirement would have been had such tax legislation been in effect at that time. The deferral period shall commence with the date such tax legislation would have resulted in a lower income tax component of such revenue requirement last used to set the utility's base rates and continue through the date the utility's base rates are next adjusted. The amounts deferred under this subsection shall be included in the revenue requirement used to set the utility's base rates in its subsequent general rate proceedings through amortization over a period of up to three years, as determined by the commission.

~~[4.]~~ **3. Upon good cause shown by [the electrical corporation] a utility, the commission may, as an alternative to requiring a [one-time] rate change and deferral under subsection [3] 2 of this section, allow a deferral to a regulatory liability, in whole or in part, of [such federal act's financial impacts to a regulatory asset starting January 1, 2018,] the amounts that would have been reflected in a base rate reduction under subsection 2 of this section. The deferral period shall commence on the date such tax legislation would have resulted in a lower income tax component and continue through the effective date of new rates in such [electrical corporation's] utility's next general rate proceeding. The deferred amounts shall be included in the revenue requirement used to set the [electrical corporation's] utility's rates in its subsequent general rate proceeding through an amortization over a period determined by the commission.**

4. If the United States Congress or general assembly enacts tax legislation that, had it been in effect when the utility's base rates were last set, would have resulted in a higher income tax component of the revenue requirement used to last set such base rates, the utility shall be entitled, by giving notice to the commission within one hundred eighty days of the enacted date of such tax legislation, to defer to a regulatory asset an amount equal to the difference between what the income tax component of the revenue requirement used to last set its base rates was under the law at that time and what the income tax component of the revenue requirement would have been had such tax legislation been in effect at that time. The deferral period shall commence on the date such tax legislation would have resulted in a higher income tax component of such revenue requirement last used to set the utility's base rates and continue through the date the utility's base rates are next adjusted as provided for in this subsection. The amounts deferred under this subsection shall be included in the revenue requirement used to set the utility's rates in its subsequent general rate proceedings through amortization over a period of up to three years, as determined by the commission, without considering any other factor as otherwise required by section 393.270.

5. If the tax legislation that either reduces or increases the utility's income tax component, under subsection 2 or 4 of this section, does so at a point in time other than beginning with its effective date, or does so in multiple stages at different points in time, the commission order in subsection 1 of this section and the utility's notice in subsection 4 of this section shall be deemed to apply to the first point in time when the income tax component would have been changed and to subsequent changes in such income tax component arising from such tax legislation without the necessity of the commission issuing a subsequent order or the utility providing a subsequent notice, as the case may be. Each such change shall require a separate base rate change, deferral, and amortization period, as applicable.

6. If the United States Congress or general assembly has, prior to the effective date of this section, enacted tax legislation that either reduces or increases the utility's income tax component the one-hundred-eighty-day period in subsection 2 and 4 of this section shall commence on the effective date of this section.

7. Notwithstanding any other provision of this section to the contrary, the commission's authority to adjust utility rates and require deferrals regarding reductions in the income tax component of a utility's revenue requirement under subsections 2 and 3 of this section, and utility authority to defer and recover increases in the income tax component under subsection 4 of this section, shall not exist unless the addition, deletion, or amendment to tax legislation results in a difference in the income tax component of the utility's revenue requirement, calculated in accordance with subsection 2 or 4 of this section, as applicable, that is greater than an amount in excess of two-tenths of one percent of such utility's operating revenues reported to the commission in such utility's annual report for the calendar year preceding the calendar year in which such difference is calculated.

393.170. 1. No gas corporation, electrical corporation, water corporation or sewer corporation shall begin construction of a gas plant, electric plant, water system or sewer system, other than an energy generation unit that has a capacity of one megawatt or less, without first having obtained the permission and approval of the commission.

2. No such corporation shall exercise any right or privilege under any franchise hereafter granted, or under any franchise heretofore granted but not heretofore actually exercised, or the exercise of which shall have been suspended for more than one year, without first having obtained the permission and approval of the commission. Before such certificate shall be issued a certified copy of the charter of such corporation shall be filed in the office of the commission, together with a verified statement of the president and secretary of the corporation, showing that it has received the required consent of the proper municipal authorities.

3. (1) Before the commission shall issue an approval under subsection 1 of this section for a merchant line, an entity shall provide the commission a resolution of support passed by the county commission of each county through which the merchant line will be built. Any entity that begins construction on a merchant line after August 28, 2021, shall provide the required resolutions to the commission prior to construction, regardless of whether the commission has previously issued its approval.

(2) For the purposes of this subsection, the following terms mean:

(a) "Entity", an electrical corporation that does not provide service to end-use customers or provide retail service in Missouri or does not collect its costs to provide service under a regional transmission organization tariff;

(b) "Merchant line", a high-voltage direct current electric transmission line that does not provide for the erection of electric substations at intervals of less than fifty miles, which substations are necessary to accommodate both the purchase and sale to persons located in this state of electricity generated or transmitted by such entity.

4. The commission shall have the power to grant the permission and approval herein specified whenever it shall after due hearing determine that such construction or such exercise of the right, privilege or franchise is necessary or convenient for the public service. The commission may by its order impose such condition or conditions as it may deem reasonable and necessary. Unless exercised within a period of two years from the grant thereof, authority conferred by such certificate of convenience and necessity issued by the commission shall be null and void.

523.262. 1. Except as set forth in subsection 2 of this section, the power of eminent domain shall only be vested in governmental bodies or agencies whose governing body is elected or whose governing body is appointed by elected officials or in an urban redevelopment corporation operating pursuant to a redevelopment agreement with the municipality for a particular redevelopment area, which agreement was executed prior to or on December 31, 2006.

2. A private utility company, public utility, rural electric cooperative, municipally owned utility, pipeline, railroad or common carrier shall have the power of eminent domain as may be granted pursuant to the provisions of other sections of the revised statutes of Missouri. For the purposes of this section, the term "common carrier" shall not include motor carriers, contract carriers, or express companies. Where a condemnation by such an entity results in a displaced person, as defined in section 523.200, the provisions of subsections 3 and 6 to 10 of section 523.205 shall apply unless the condemning entity is subject to the relocation assistance provisions of the federal Uniform Relocation Assistance Act.

3. Any entity with the power of eminent domain and pursuing the acquisition of property for the purpose of constructing a power generation facility after December 31, 2006, after providing notice in a newspaper of general circulation in the county where the facility is to be constructed, shall conduct a public meeting disclosing the purpose of the proposed facility prior to making any offer to purchase property in pursuit thereof or, alternatively, shall provide the property owner with notification of the identity of the condemning authority and the proposed purpose for which the condemned property shall be used at the time of making the initial offer.

4. (1) Notwithstanding the provisions of subsection 2 of this section, no entity shall have the power of eminent domain under the provisions of this section for the purpose of constructing above-ground merchant lines.

(2) For the purpose of this subsection, the following terms mean:

(a) "Entity", a utility company that does not provide service to end-use customers or provide retail service in Missouri, or does not collect its costs to provide service under a regional transmission organization tariff, regardless of whether it has received a certificate of convenience and necessity from the public service commission under section 393.170;

(b) "Merchant line", a high-voltage direct current electric transmission line that does not provide for the erection of electric substations at intervals of less than fifty miles, which substations are necessary to accommodate both the purchase and sale to persons located in this state of electricity generated or transmitted by such entity.

(3) This subsection shall apply to any property or easement acquisition started on or after August 28, 2021.

(4) This subsection shall not apply to any rural electric cooperative organized or operating under the provisions of chapter 394, or to any corporation organized on a nonprofit or a cooperative basis as described in subsection 1 of section 394.200, or to any electrical corporation operating under a cooperative business plan as described in subsection 2 of section 393.110."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Bromley, **House Amendment No. 6** was adopted.

Representative Andrews offered **House Amendment No. 7.**

House Amendment No. 7

AMEND House Committee Substitute for House Bill No. 835, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"137.123. 1. Beginning January 1, 2022, for purposes of assessing all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, forty percent of the original costs shall be used to determine the true value in money of such property. Such value shall begin the year immediately following the year of construction of the property. The original costs shall reflect either:

(1) The actual and documented original property cost to the taxpayer, as shall be provided by the taxpayer to the assessor; or

(2) In the absence of actual and documented original property cost to the taxpayer, the estimated cost of the property by the assessor, using an authoritative cost guide.

2. Nothing in this section shall be construed to prohibit a project from engaging in enhanced enterprise zone agreements under sections 135.950 to 135.973 or similar tax abatement agreements with state or local officials or to affect any existing enhanced enterprise zone agreements.

153.030. 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

- (a) Using the methodology for property tax purposes as provided under this section; or
- (b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

- a. In determining the amount of state aid that a school district receives under section 163.031;
- b. In determining the amount that may be collected under a property tax levy by such district; or
- c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls;

and

(b) ~~[Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and~~

~~———(c)]~~ All other ~~[business]~~ **real property, excluding land**, or personal property related to the wind energy project shall be assessed using the methodology provided under section ~~[137.122]~~ **137.123**."; and

Further amend said bill, Page 2, Section 393.106, Line 53, by inserting after all of said section and line the following:

~~"[393.1073. 1. There is hereby established the "Task Force on Wind Energy", which shall be composed of the following members:~~

~~(1) Three members of the house of representatives, with two appointed by the speaker of the house of representatives and one appointed by the minority floor leader of the house of representatives;~~

- (2) ~~Three members of the senate, with two appointed by the president pro tempore of the senate and one appointed by the minority floor leader of the senate; and~~
- (3) ~~Two representatives from Missouri county governments with experience in wind energy valuations, with one being a currently elected county assessor to be appointed by the speaker of the house of representatives, and one being a currently elected county clerk to be appointed by the president pro tempore of the senate.~~
2. ~~The task force shall conduct public hearings and research, and shall compile a report for delivery to the general assembly by no later than December 31, 2019. Such report shall include information on the following:~~
- (1) ~~The economic benefits and drawbacks of wind turbines to local communities and the state;~~
- (2) ~~The fair, uniform, and standardized assessment and taxation of wind turbines and their connected equipment owned by a public utility company at the county level in all counties;~~
- (3) ~~Compliance with existing federal and state programs and regulations; and~~
- (4) ~~Potential legislation that will provide a uniform assessment and taxation methodology for wind turbines and their connected equipment owned by a public utility company that will be used in every county of Missouri.~~
3. ~~The task force shall meet within thirty days after its creation and shall organize by selecting a chairperson and vice chairperson, one of whom shall be a member of the senate and the other a member of the house of representatives. Thereafter, the task force may meet as often as necessary in order to accomplish the tasks assigned to it. A majority of the task force shall constitute a quorum, and a majority vote of such quorum shall be required for any action.~~
4. ~~The staff of house research and senate research shall provide necessary clerical, research, fiscal, and legal services to the task force, as the task force may request.~~
5. ~~The members of the task force shall serve without compensation, but any actual and necessary expenses incurred in the performance of the task force's official duties by the task force, its members, and any staff assigned to the task force shall be paid from the joint contingent fund.~~
6. ~~This section shall expire on December 31, 2019.]; and~~

AMEND House Committee Substitute for House Bill No. 835, Page 2, Section 393.106, Line 53, by inserting after all of said section and line the following:

- "393.355. 1. As used in this section, the following terms shall mean:
- (1) "Electrical corporation", the same meaning given to the term in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;
- (2) "Facility", a:
- (a) Facility whose primary industry is the ~~[smelting]~~ **processing of [aluminum and]** primary metals~~[- Standard Industrial Classification Code 3334];~~
- (b) Facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110; or
- (c) Facility with a new or incremental increase in load equal to or in excess of a monthly demand of fifty megawatts.
2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate, outside a general rate proceeding, that is not based on the electrical corporation's cost of service for a facility if:

(1) The commission determines, but for the authorization of the special rate the facility would not commence operations, the special rate is in the interest of the state of Missouri when considering the interests of the customers of the electrical corporation serving the facility, considering the incremental cost of serving the facility to receive the special rate, and the interests of the citizens of the state generally in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) After approval of the special rate, the commission allocates in each general rate proceeding of the electrical corporation serving the facility the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation's other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

(3) The commission approves a tracking mechanism meeting the requirements of subsection 3 of this section.

3. Any commission order approving a special rate authorized by this section to provide service to a facility in the manner specified under subsection 4 of this section shall establish, as part of the commission's approval of a special rate, a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the facility with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to June 14, 2017. The commission shall ensure that the changes in net margin experienced by the electrical corporation between the general rate proceedings as a result of serving the facility are calculated in such a manner that the electrical corporation's net income is neither increased nor decreased. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. Notwithstanding the provisions of section 393.170, an electrical corporation is authorized to provide electric service to a facility at a special rate for the new or incremental load authorized by the commission:

(1) Under a rate schedule reflecting the special rate approved by the commission; or

(2) If the facility is located outside the electrical corporation's certificated service territory, the facility shall be treated as if it is in the electrical corporation's certified service territory, subject to a commission-approved rate schedule incorporating the special rate under the contract.

5. To receive a special rate, the electrical corporation serving the facility, or facility if the facility is located outside of the electrical corporation's certified service territory, shall file a written application with the commission specifying the requested special rate and any terms or conditions proposed by the facility respecting the requested special rate and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall be effective for no longer than ten years from the date such special rate is authorized. The commission may impose such conditions, including but not limited to any conditions in a memorandum of understanding between the facility and the electrical corporation, on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

6. Any entity which has been granted a special rate under this section may reapply to the commission for a special rate under this section."; and

House Amendment No. 9

AMEND House Committee Substitute for House Bill No. 835, Page 2, Section 393.106, Line 53, by inserting after all of said section and line the following:

"393.358. 1. For purposes of this section, the following terms shall mean:

- (1) "Commission", the Missouri public service commission established under section 386.040;
- (2) "Water corporation", a corporation with more than one thousand Missouri customers that otherwise meets the definition of "water corporation" in section 386.020.

2. Water corporations shall develop a qualification process open to all contractors seeking to provide construction and construction-related services for planned infrastructure projects on the water corporation's distribution system. The water corporation shall specify qualification requirements and goals for contractors seeking to perform such work, including but not limited to experience, performance criteria, safety record and policies, technical expertise, scheduling needs and available resources, supplier diversity and insurance requirements. Contractors that meet the qualification requirements shall be eligible to participate in a competitive bidding process for providing construction and construction-related services for planned infrastructure projects on the water corporation's distribution system, and the contractor making the lowest and best bid shall be awarded such contract. For contractors not qualifying through the competitive bid process, the water corporation, upon request from the contractor, shall provide information from the process in which the contractor can be informed as to how to be better positioned to qualify for such bid opportunities in the future. Nothing in this section shall be construed as requiring any water corporation to use third parties instead of its own employees to perform such work, to use the contractor qualification or competitive bidding process in the case of an emergency project, or to terminate any existing contract with a contractor prior to its expiration.

3. Within thirty days after August 28, 2018, and with the filing of a general rate proceeding initiated by the water corporation, the water corporation shall file a statement with the commission confirming it has established a qualification process meeting the requirements of this section and that such process is used for no less than ~~ten~~ **twenty** percent of the corporation's external expenditures for planned infrastructure projects on the water corporation's distribution system. The commission shall have the authority to verify the statements to ensure compliance with this section.

4. By December 31, 2020, the commission shall submit a report to the general assembly on the effects of this section, including water corporation compliance, the costs of performing planned infrastructure projects prior to the implementation of this section compared to after the implementation of this section, and any other information regarding the process established under this section that the commission deems necessary.

393.1500. Sections 393.1500 to 393.1509 shall be known and may be cited as the "Missouri Water and Sewer Infrastructure Act".

393.1503. As used in sections 393.1500 to 393.1509, the following terms shall mean:

(1) "Appropriate pretax revenues", the revenues necessary to produce net operating income equal to:

(a) The water or sewer corporation's pretax weighted cost of capital multiplied by the net original cost of eligible infrastructure system projects, including recognition of accumulated deferred income taxes and accumulated depreciation associated with eligible infrastructure system projects which are included in the petition to establish or change a WSIRA, plus accumulated deferred income taxes and accumulated depreciation associated with any eligible infrastructure system projects in a currently effective WSIRA implemented pursuant to sections 393.1506 and 393.1509;

(b) The state, federal, and local income or excise taxes applicable to such revenues;

(c) The depreciation expense applicable to the eligible infrastructure system project less annual depreciation expense associated with any related facility retirements; and

(d) The property taxes applicable to the eligible infrastructure that will be due within twelve months of the filing of a request to implement a water and sewer infrastructure rate adjustment pursuant to sections 393.1506 and 393.1509 less any property taxes associated with any related facility retirements;

(2) "Commission", the Missouri public service commission;

(3) "Eligible infrastructure system projects", water or sewer utility plant projects that:

(a) Replace or extend the useful life of existing infrastructure;

(b) Are in service and used and useful;

(c) Do not include projects intended solely for customer growth; and

(d) The costs of which were not recovered in the water or sewer corporation's base rates in its most recent general rate case;

(4) "Sewer corporation", the same as defined in section 386.020;

(5) "Water and sewer infrastructure rate adjustment" or "WSIRA", a separate line item rate on a customer's water or sewer bill designed to recover the appropriate pretax revenues associated with eligible infrastructure system projects implemented pursuant to sections 393.1500 to 393.1509;

(6) "Water corporation", the same as defined in section 386.020;

(7) "Water or sewer utility plant projects", shall consist of the following:

(a) Replacement of or cleaning and relining of existing water and sewer pipes, and associated valves, hydrants, meters, service lines, laterals, sewer taps, curbstops, and manholes;

(b) Replacement of lead mains, lead goosenecks and lead service lines, and associated valves and meters;

(c) Replacement of booster station and lift station pumps with equipment of similar capacity and operation, as well as related pipes, valves, and meters;

(d) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain; provided that the costs related to such projects have not been reimbursed to the water or sewer corporation; and

(e) Replacement of water and wastewater treatment mechanical equipment with equipment of similar capacity and operation, including well and intake pumps, transfer pumps, high service or discharge pumps, and metering pumps;

(f) Replacement of Supervisory Control and Data Acquisition System (SCADA) components necessary for the operation and monitoring of remote installations including radio and cellular communication equipment, and programmable logic controllers;

(8) "WSIRA revenues", revenues produced through implementation of a WSIRA pursuant to sections 393.1500 to 393.1509, exclusive of revenues from all other rates and charges.

393.1506. 1. Notwithstanding any provisions of chapter 386 and this chapter to the contrary, a water or sewer corporation that provides water or sewer service to more than eight thousand customer connections may file a petition and proposed rate schedules with the commission to establish or change a WSIRA that will provide for the recovery of the appropriate pretax revenues associated with the eligible infrastructure system projects, less the appropriate pretax revenues associated with any retired utility plant that is being replaced by the eligible infrastructure system projects. The WSIRA shall not produce revenues in excess of fifteen percent of the water or sewer corporation's base revenue requirement approved by the commission in the water or sewer corporation's most recent general rate proceeding; provided, however, that neither WSIRA revenues attributable to replacement of customer-owned lead service lines, nor any reconciliation amounts described in subdivision (2) of subsection 5 of section 393.1509, shall count toward the program cap. The WSIRA and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1503 to 393.1509. WSIRA revenues shall be subject to refund based upon a finding and order of the commission, to the extent provided in subsections 5 and 8 of section 393.1509.

2. The commission shall not approve a WSIRA for a water or sewer corporation that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past three years of the filing of a petition pursuant to this section, unless the water or sewer corporation has filed for or is the subject of a new general rate proceeding.

3. In no event shall a water or sewer corporation collect a WSIRA for a period exceeding three years unless the water or sewer corporation has filed for or is the subject of a pending general rate proceeding; provided that the WSIRA may be collected until the effective date of new rate schedules established as a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.

4. Except as provided in this subsection, in no event shall a water or sewer corporation collect a WSIRA if also collecting revenues from a commission-approved infrastructure system replacement surcharge as defined in sections 393.1000 to 393.1006. In no such event shall a customer be charged both an infrastructure system replacement surcharge under sections 393.1000 to 393.1006 and a WSIRA. In the event a water corporation is collecting ISRS revenues under sections 393.1000 to 393.1006, that was approved prior to the effective date of this section when the initial WSIRA is filed, the approved ISRS revenues shall be included in the new WSIRA filing.

393.1509. 1. (1) At the time that a water or sewer corporation files a petition with the commission seeking to establish or change a WSIRA, it shall submit proposed WSIRA rate schedules and supporting documentation regarding the calculation of the proposed WSIRA with the petition and shall serve the office of the public counsel with a copy of its petition, its proposed WSIRA rate schedules, and its supporting documentation.

(2) Upon the filing of a petition and any associated WSIRA rate schedules, seeking to establish or change a WSIRA, the commission shall publish notice of the filing.

(3) Three months prior to a water or sewer corporation filing a petition to establish a WSIRA, it shall also file with the commission a five-year capital expenditure plan unless such a plan has already been submitted during the previous twelve months. Thereafter, the water or sewer corporation shall annually file with the commission a five-year capital expenditure plan by January thirty first of each year the company is collecting revenues through a WSIRA.

2. (1) When a petition, along with any associated proposed rate schedules, is filed pursuant to the provisions of sections 393.1503 to 393.1509, the commission shall conduct an examination of the proposed WSIRA.

(2) The staff of the commission may examine information of the water or sewer corporation to confirm that the underlying costs are in accordance with the provisions of sections 393.1503 to 393.1509, and to confirm proper calculation of the proposed WSIRA, and may submit a report regarding its examination to the commission not later than ninety days after the petition is filed. No other revenue requirement or ratemaking issues shall be examined in consideration of the petition or associated proposed WSIRA rate schedules filed pursuant to the provisions of sections 393.1503 to 393.1509.

(3) The commission may hold a hearing on the petition and any associated WSIRA rate schedule and shall issue an order to become effective not later than one hundred eighty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1503 to 393.1509, the commission shall enter an order authorizing the water or sewer corporation to implement a WSIRA that is sufficient to recover appropriate pretax revenues, as determined by the commission pursuant to the provisions of sections 393.1503 to 393.1509.

3. A water or sewer corporation may effectuate a change in its WSIRA pursuant to this section no more often than two times in every twelve-month period.

4. In determining the appropriate pretax revenues, the commission shall consider only the following factors:

(1) The current state, federal, and local income or excise tax rates, including any income tax deductions;

(2) The water or sewer corporation's actual regulatory capital structure as determined during the most recent general rate proceeding of the water or sewer corporation;

(3) The actual cost rates for the water or sewer corporation's debt and preferred stock as determined during the most recent general rate proceeding of the water or sewer corporation;

(4) The water or sewer corporation's cost of common equity as determined during the most recent general rate proceeding of the water or sewer corporation;

(5) The current property tax rate or rates applicable to the eligible infrastructure system projects;

(6) The current depreciation rates applicable to the eligible infrastructure system projects;

(7) In the event information described in subdivisions (2), (3), and (4) of this subsection is unavailable and the commission is not provided with such information on an agreed-upon basis, the commission shall utilize the overall pretax weighted average cost of capital last authorized for the water or sewer in a general rate proceeding regarding an ISRS or WSIRA.

5. (1) A WSIRA shall be calculated based upon the amount of infrastructure system project costs that are eligible for recovery during the period in which the WSIRA will be in effect and upon the applicable customer class billing determinants utilized in designing the water or sewer corporation's customer rates in its most recent general rate proceeding and allocated in a manner consistent with the rate design methodology utilized to develop the water or sewer corporation's base rates resulting from its most recent general rate proceeding.

(2) At the end of each twelve-month calendar period that a WSIRA is in effect, the water or sewer corporation shall reconcile the differences between the revenues resulting from a WSIRA and the appropriate pretax revenues as found by the commission for that period and shall submit the reconciliation

and a proposed WSIRA to the commission for approval to recover or credit the difference, as appropriate, through a WSIRA.

6. (1) A water or sewer corporation that has implemented a WSIRA pursuant to the provisions of sections 393.1503 to 393.1509 shall file revised WSIRA schedules to reset the WSIRA to zero when new base rates and charges become effective for the water or sewer corporation following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates, subject to subsections 8 and 9 of this section, eligible costs previously reflected in a WSIRA.

(2) Upon the inclusion in a water or sewer corporation's base rates, subject to subsections 8 and 9 of this section, of eligible costs previously reflected in a WSIRA, the water or sewer corporation shall immediately thereafter reconcile any previously unreconciled WSIRA revenues as necessary to ensure that revenues resulting from the WSIRA match as closely as possible the appropriate pretax revenues as found by the commission for that period.

7. A water or sewer corporation's filing of a petition to establish or change a WSIRA pursuant to the provisions of sections 393.1503 to 393.1509 shall not be considered a request for a general increase in the water or sewer corporation's base rates and charges.

8. Commission approval of a petition, and any associated rate schedules, to establish or change a WSIRA pursuant to the provisions of sections 393.1503 to 393.1509 shall in no way be binding upon the commission in determining the ratemaking treatment to be applied to eligible infrastructure system projects during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of costs associated with eligible infrastructure system projects previously included in a WSIRA, the water or sewer corporation shall offset its WSIRA in the future as necessary to recognize and account for any such overcollections.

9. Nothing contained in sections 393.1503 to 393.1509 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of a water or sewer corporation, including review of the prudence of eligible infrastructure system replacements made by a water or sewer corporation, pursuant to the provisions of section 386.390.

10. The commission may take into account any change in business risk to the water or sewer corporation resulting from implementation of the WSIRA in setting the corporation's allowed return in a general rate proceeding in addition to any other changes in business risk experienced by the corporation.

11. The commission shall have authority to promulgate rules for the implementation of sections 393.1503 to 393.1509, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1503 to 393.1509. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

12. The provisions of sections 393.1500 to 393.1509 shall expire on December 31, 2031."; and

Each trustee of the board shall be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district. Subject to the provisions of sections 105.454 to 105.498, the trustees may be paid reasonable compensation by the district for their services outside their duties as trustees.** The board of trustees may employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The administrator of the district may, with the approval of the board of trustees, retain consulting engineers for the district under such terms and conditions as may be necessary to discharge the business and purposes of the district. The provisions of this subsection shall only apply to counties of the first classification which have a charter form of government and which contain all or any portion of a city with a population of three hundred fifty thousand or more inhabitants.

204.610. 1. There shall be five trustees, appointed or elected as provided for in the circuit court decree or amended decree of incorporation for a reorganized common sewer district, who shall reside within the boundaries of the district. Each trustee shall be a voter of the district and shall have resided in said district for twelve months immediately prior to the trustee's election or appointment. A trustee shall be at least twenty-five years of age and shall not be delinquent in the payment of taxes at the time of the trustee's election or appointment. Regardless of whether or not the trustees are elected or appointed, in the event the district extends into any county bordering the county in which the greater portion of the district lies, the presiding commissioner or other chief executive officer of the adjoining county shall be an additional member of the board of trustees, or the governing body of such bordering county may appoint a citizen from such county to serve as an additional member of the board of trustees. Said additional trustee shall meet the qualifications set forth in this section for a trustee.

2. ~~[The trustees shall receive no compensation for their services but may be compensated for reasonable expenses normally incurred in the performance of their duties.]~~ **Each trustee of the board may receive an attendance fee not to exceed one hundred dollars for attending each regularly called board meeting, or special meeting, but shall not be paid for attending more than two meetings in any calendar month. However, no trustee shall be paid more than one attendance fee if such trustee attends more than one board meeting in a calendar week. Each trustee of the board shall be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district. Subject to the provisions of sections 105.454 to 105.498, the trustees may be paid reasonable compensation by the district for their services outside their duties as trustees.** The board of trustees may employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The remaining trustees shall appoint a person qualified under this section to fill any vacancy on the board. The initial trustees appointed by the circuit court shall serve until the first Tuesday after the first Monday in June or until the first Tuesday after the first Monday in April, depending upon the resolution of the trustees. In the event that the trustees are elected, said elections shall be conducted by the appropriate election authority under chapter 115. Otherwise, trustees shall be appointed by the county commission in accordance with the qualifications set forth in subsection 1 of this section.

4. Notwithstanding any other provision of law, if there is only one candidate for the post of trustee, then no election shall be held, and the candidate shall assume the responsibilities of office at the same time and in the same manner as if elected. If there is no candidate for the post of trustee, then no election shall be held for that post and it shall be considered vacant, to be filled under the provisions of subsection 3 of this section."; and

House Amendment No. 10

AMEND House Committee Substitute for House Bill No. 835, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"249.422. 1. If approved by a majority of the voters voting on the proposal, any city, town, village or county on behalf of the unincorporated area, located either within the boundaries of a sewer district established pursuant to Article VI, Section 30(a) of the Missouri Constitution or within any county of the first classification having a charter form of government with a population of more than two hundred ten thousand inhabitants but less than three hundred thousand inhabitants, may by city, town, village or county ordinance levy and impose annually for the repair of lateral sewer service lines on or connecting residential property having six or less dwelling units a fee not to exceed fifty dollars per year. Any city, town, village, or county that establishes or increases the fee used to repair any portion of the lateral sewer service line shall include all defective portions of the lateral sewer service line from the residential structure to its connection with the public sewer system line. Notwithstanding any provision of chapter 448, the fee imposed pursuant to this chapter shall be imposed upon condominiums that have six or less condominium units per building and each condominium unit shall be responsible for its proportionate share of any fee charged pursuant to this chapter~~[-and]~~. In addition, any condominium unit shall, if determined to be responsible for and served by its own individual lateral sewer line **and notified of the determination in writing each time a notification of change of assessment is sent to the property owner under section 137.180**, be treated as an individual residence regardless of the number of units in the development. It shall be the responsibility of the condominium owner or condominium association who are of the opinion that they are not properly classified as provided in this section to notify the county **or municipal** office administering the program. Where an existing sewer lateral program was in effect prior to August 28, 2003, condominium and apartment units not previously enrolled may be ineligible for enrollment if it is determined that the sewer lateral serving the unit is defective.

2. The question shall be submitted in substantially the following form:

Shall a maximum charge not to exceed fifty dollars be assessed annually on residential property for each lateral sewer service line serving six or less dwelling units on that property and condominiums that have six or less condominium units per building and any condominium responsible for its own individual lateral sewer line to provide funds to pay the cost of certain repairs of those lateral sewer service lines which may be billed quarterly or annually?

☐ YES

☐ NO

3. If a majority of the voters voting thereon approve the proposal provided for in subsection 2 of this section, the governing body of the city, town, village or county may enact an ordinance for the collection and administration of such fee in order to protect the public health, welfare, peace and safety. The funds collected pursuant to such ordinance shall be deposited in a special account to be used solely for the purpose of paying for all or a portion of the costs reasonably associated with and necessary to administer and carry out the defective lateral sewer service line repairs. All interest generated on deposited funds shall be accrued to the special account established for the repair of lateral sewer service lines.

4. Fee payments that are authorized by this section shall be exempt from the requirements of section 139.031, and class action challenges are authorized, including challenges under Article X, Sections 22 and 23 of the Constitution of Missouri, as well as other measures approved by law."; and

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, WEDNESDAY, APRIL 21, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Let the words of my mouth, and the mediation of my heart, be acceptable in Thy sight, O Lord, my strength, and my Redeemer. (Psalm 19:14)

Our God, who art in heaven and on earth, we pause in Your presence once again to acknowledge our deep dependence upon You, especially today, and to offer unto You the devotion of our hearts. Make plain to us what we should do this spring day and give us courage to walk in that way. In all our thinking, in all our speaking, in all our voting, may Your love as truth motivate us. Your strength supports us, and Your spirit guides us for the good of our great bicentennial state and for the well-being of all Missourians.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-sixth day was approved as printed by the following vote:

THIRD READING OF HOUSE COMPLAINTS

HC 2, relating to House Ethics Complaint No. 21-001, was taken up by Representative Fitzwater.

Representative Fitzwater moved that the House of Representatives third read and adopt the report by the Committee on Ethics, dated April 19, 2021.

HOUSE COMPLAINT NO. 2

HOUSE ETHICS COMPLAINT NO. 21-001

In the Matter of Representative Rick Roeber

WHEREAS, Rule 37 of the Rules of the House of Representatives of the 101st General Assembly authorizes the Committee on Ethics to consider and report upon complaints referred to it relating to ethical misconduct of a member of the House; and

WHEREAS, in January 2021, two representatives filed formal complaints of ethical misconduct concerning Respondent Rick Roeber and disturbing allegations of sexual and physical abuse of his children; and

WHEREAS, the complaints requested that the Committee on Ethics conduct an investigation into the allegations and report its findings; and

WHEREAS, the Committee on Ethics determined that the complaints were in compliance with the House Rules and that the Committee had jurisdiction over this matter; and

WHEREAS, the Committee met on numerous occasions from February through early April 2021, receiving sworn testimony from five witnesses and reviewing over two hundred pages of available documents concerning the accusations of abuse; and

WHEREAS, the Committee found the testimony of Witness 1 and Child 1, Child 3, and Child 4 to be credible; and

WHEREAS, the Committee found Respondent to be combative, defensive, and defiant, and the testimony of Respondent, in all material respects related to the investigation, to be not credible; and

WHEREAS, at the conclusion of the primary hearing, Thursday, April 8, 2021, the Committee unanimously voted to find the allegations in the two complaints to be credible and well founded and to offer Respondent the recommended sanction of expulsion. Respondent was given until 5 p.m., Monday, April 12, 2021, to accept or object to the recommended sanction; and

WHEREAS, later in the day on Thursday, April 8, 2021, Respondent contacted the Committee Chair and Chief Clerk and verbally indicated he would submit a resignation letter to the Speaker on Monday, April 12, 2021; and

WHEREAS, on Monday, April 12, 2021, Respondent instead delivered to the Committee his written objection to the Committee's findings and recommendation in which Respondent requested a formal hearing under the rules governing the Committee on Ethics; and

WHEREAS, before the Committee could conduct a formal hearing in this matter, Respondent delivered to the Speaker his letter of resignation effective 11:59 p.m., Friday, April 16, 2021; and

WHEREAS, the Committee found Respondent's actions, including the tender of a resignation letter, to be a waiver of any further requested action or procedure under the rules governing the Committee on Ethics; and

WHEREAS, the House of Representatives, on Thursday, April 15, 2021, voted to postpone the acceptance of Respondent's resignation until the recommendation of the Committee on Ethics is considered by the House of Representatives; and

WHEREAS, on Monday, April 19, 2021, the Committee on Ethics voted, unanimously, to release its report containing the Committee's findings and recommendation that Respondent be expelled; and

WHEREAS, the report found that:

- (1) Respondent sexually abused Child 1 when Child 1 was nine years old;
- (2) Respondent sexually abused Child 2 when Child 2 was five years old;
- (3) Respondent attempted to sexually abuse Child 1 and Child 2 on other occasions;
- (4) Respondent physically and mentally abused his children; and
- (5) Respondent has never been held accountable for his conduct:

NOW THEREFORE BE IT RESOLVED that we, the members of the One Hundred First General Assembly, First Regular Session, pursuant to Rule 37 and Article III, Section 18 of the Missouri Constitution, and having given full consideration to the recommendations of the Committee on Ethics, find that:

(1) Respondent has committed ethical misconduct constituting a crime and a legal or moral wrong that has materially impaired the ability of Respondent to perform the duties of his office;

(2) The sexual abuse as referred to in the report of the Committee on Ethics constitutes both a Class A felony offense under the laws of this state and an offense of a sexual nature under the laws of this state; and

(3) Respondent's conduct renders him unfit to serve as a representative in the Missouri General Assembly; and

BE IT FURTHER RESOLVED that Respondent Rick Roeber be expelled from the One Hundred First General Assembly of the Missouri House of Representatives; and

BE IT FURTHER RESOLVED that Respondent pay \$1,574.09 in costs related to the investigation of the complaints.

Introduced by the Committee on Ethics

MESSAGES FROM THE GOVERNOR

The following proclamation was received from His Excellency, Governor Michael L. Parson.

GOVERNOR'S PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly “whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in “equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly “when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based.”

NOW THEREFORE, I, Michael L. Parson, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the One Hundred First General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that through the third quarter of fiscal year 2021, the rate of expenditure for each of the appropriation lines in the fiscal year 2021 budget attached as Exhibit A is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that I have taken no action to permanently reduce one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2021 budget.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, this 21st day of April, 2021.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, Thursday, April 22, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be still and know that God is. (Psalm 46:10)

O loving God, our heavenly creator, so high above us that we cannot comprehend You and yet so deep within us that we cannot escape You, make Yourself powerfully real to us as we pray today under this dome.

We can become stressed. We pray that You will lift us into the fellowship of great minds. We can become frustrated. We pray that You will lift us into the companionship of great hearts, that in these relationships our faith may be renewed, our hope strengthened, and our courage confirmed in the People's House.

Bless these Representatives as they wait upon You. May they be wise with Your wisdom, strong with Your power, and faithful in Your faithfulness to them, now and forever!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jackson Edward Sauls, Bryce Haden, Asher Bilbro, and Tucker Herron.

The Journal of the fifty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-FIRST DAY, MONDAY, APRIL 12, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Representative Travis Fitzwater.

Dear Heavenly Father, may we consider it pure joy whenever we face the trials of this world because we know that the testing of our faith produces perseverance. As we persevere, may it finish its work so that we may mature and be complete as servants in Your Kingdom. And, if we lack the wisdom we need to lead in our state and nation, would You provide that knowledge, understanding, and experience?

May we ask You for all that we need with confidence that You will provide. May we have faith that expects You to do great things and answer our prayers. And, in that faith, will You give us the fortitude to see each other as brothers and sisters, made in YOUR image, for Your glory, and treat each other accordingly? Forgive us when we don't see each other as the beautiful miracle that You've created us to be.

Finally, give us the grace and gratitude of Your forgiveness that allows us to offer that to others. Humble our hearts and attitudes to receive Your grace for our own shortcomings, and humble us and give us boldness to forgive those who sin against us.

Make Missouri a state that leads out of reconciliation with each other, our communities, and our leaders. Give us hearts to live in unity with one another through the blessing of Your transcendent authority and glory. God, give us boldness to fight evil and to provide earthly justice to those who don't have a voice. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fiftieth day was approved as printed.

5. (1) Before an application for a concealed carry permit is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a concealed carry permit, the applicant shall be fingerprinted. No other biometric data shall be collected from the applicant. The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a concealed carry permit. If no disqualifying record is identified by these checks at the state level, the fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check. Section 922(t). The provisional permit shall remain valid until such time as the sheriff either issues or denies the certificate of qualification under subsection 6 or 7 of this section. The sheriff shall revoke a provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be proscribed in a manner consistent to the denial and review of an application under subsection 6 of this section.

6. The sheriff may refuse to approve an application for a concealed carry permit if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon

receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

7. If the application is approved, the sheriff shall issue a concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the concealed carry permit in the presence of the sheriff or his or her designee.

8. The concealed carry permit shall specify only the following information:

- (1) Name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permit holder;
- (2) The signature of the sheriff issuing the permit;
- (3) The date of issuance; and
- (4) The expiration date.

The permit shall be no larger than two and one-eighth inches wide by three and three-eighths inches long and shall be of a uniform style prescribed by the department of public safety. The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

9. (1) The sheriff shall keep a record of all applications for a concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year. Any record of an application that was approved shall be kept for a period of one year after the expiration and nonrenewal of the permit.

(2) The sheriff shall report the issuance of a concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a concealed carry permit, provisional permit, or a concealed carry endorsement issued prior to August 28, 2013, shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

10. Information regarding any holder of a concealed carry permit, or a concealed carry endorsement issued prior to August 28, 2013, is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof. Any state agency that has retained any documents or records, including fingerprint records provided by an applicant for a concealed carry endorsement prior to August 28, 2013, shall destroy such documents or records, upon successful issuance of a permit.

11. For processing an application for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. This fee shall include the cost to reimburse the Missouri state highway patrol for the costs of fingerprinting and criminal background checks. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

13. For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

14. For the purposes of this chapter, "concealed carry permit" shall include any concealed carry endorsement issued by the department of revenue before January 1, 2014, and any concealed carry document issued by any sheriff or under the authority of any sheriff after December 31, 2013.

571.107. 1. A concealed carry permit issued pursuant to sections 571.101 to 571.121, a valid concealed carry endorsement issued prior to August 28, 2013, or a concealed carry endorsement or permit issued by another state or political subdivision of another state shall authorize the person in whose name the permit or endorsement is issued to carry concealed firearms on or about his or her person or vehicle throughout the state. No concealed carry permit issued pursuant to sections 571.101 to 571.121, valid concealed carry endorsement issued prior to August 28, 2013, or a concealed carry endorsement or permit issued by another state or political subdivision of another state shall authorize any person to carry concealed firearms into:

(1) Any police, sheriff, or highway patrol office or station without the consent of the chief law enforcement officer in charge of that office or station. Possession of a firearm in a vehicle on the premises of the office or station shall not be a criminal offense so long as the firearm is not removed from the vehicle or brandished while the vehicle is on the premises;

If the building or the premises are open to the public, the employer of the business enterprise shall post signs on or about the premises if carrying a concealed firearm is prohibited. Possession of a firearm in a vehicle on the premises shall not be a criminal offense so long as the firearm is not removed from the vehicle or brandished while the vehicle is on the premises. If a second citation for a similar violation occurs within a six-month period, such person shall be fined an amount not to exceed two hundred dollars and his or her permit, and, if applicable, endorsement to carry concealed firearms shall be suspended for a period of one year. If a third citation for a similar violation is issued within one year of the first citation, such person shall be fined an amount not to exceed five hundred dollars and shall have his or her concealed carry permit, and, if applicable, endorsement revoked and such person shall not be eligible for a concealed carry permit for a period of three years. Upon conviction of charges arising from a citation issued pursuant to this subsection, the court shall notify the sheriff of the county which issued the concealed carry permit, or, if the person is a holder of a concealed carry endorsement issued prior to August 28, 2013, the court shall notify the sheriff of the county which issued the certificate of qualification for a concealed carry endorsement and the department of revenue. The sheriff shall suspend or revoke the concealed carry permit or, if applicable, the certificate of qualification for a concealed carry endorsement. If the person holds an endorsement, the department of revenue shall issue a notice of such suspension or revocation of the concealed carry endorsement and take action to remove the concealed carry endorsement from the individual's driving record. The director of revenue shall notify the licensee that he or she must apply for a new license pursuant to chapter 302 which does not contain such endorsement. 3. Notwithstanding any provision of this chapter or chapter 70, 577, or 578 to the contrary, a person carrying a firearm concealed on or about his or her person who is lawfully in possession of a valid concealed carry permit or endorsement shall not be prohibited or impeded from accessing or using any publicly funded transportation system and shall not be harassed or detained for carrying a concealed firearm on the property, vehicles, or conveyances owned, contracted, or leased by such systems that are accessible to the public. (g) The asbestos-related disease claimed to exist; and

(h) Any supporting documentation relating to the information required under this section.

2. The claimant shall have a continuing duty to supplement the statement and materials required to be provided under subsection 1 of this section within thirty days after the claimant files an additional asbestos trust claim, supplements an existing asbestos trust claim, receives additional trust claim materials related to any asbestos trust claim made against an asbestos trust, files an amended complaint, or receives additional information that is required to be disclosed under subdivision (4) of subsection 1 of this section.

(2) File a written response with the court stating why there is insufficient evidence for the claimant to file the asbestos trust claims.

3. Within ten days of the claimant filing a written response to the defendant's motion, the court shall determine whether there is a sufficient basis for the claimant to file the asbestos trust claim identified in the defendant's motion.

4. If the court determines that there is a sufficient basis for the claimant to file an asbestos trust claim identified in the defendant's motion, the court shall order the claimant to file the asbestos trust claim and produce all related trust claim materials within ten days. If the claimant does not comply with the court's order, the asbestos action shall not proceed to trial until at least ninety days after the claimant complies with the court's order.

537.886. 1. Trust claim materials and trust governance documents are presumed to be relevant and authentic and are admissible in evidence in an asbestos action. No claims of privilege apply to trust claim materials or trust governance documents.

2. A defendant in an asbestos action may seek discovery against an asbestos trust. The claimant shall not claim privilege or confidentiality to bar discovery. The claimant shall provide consent or any other expression of permission that may be required by the asbestos trust to release information and materials sought by the defendant.

3. Trust claim materials that are sufficient to entitle a claim to consideration for payment under the applicable trust governance documents may be sufficient to support a jury finding that the claimant was exposed to products for which the trust was established to provide compensation and that such exposure was a substantial contributing factor in causing the claimant's injury that is at issue in the asbestos action.

4. The parties in the asbestos action may introduce at trial any trust claim materials or trust governance documents to prove, without limitation, alternative causation for the exposed person's claimed injury, death, or loss to person; to prove that the bankrupt entity is a joint-tortfeasor, liable for the same injury or wrongful death for the purposes of section 537.060; or to prove issues relevant to an adjudication of the asbestos claim, unless the exclusion of the trust claim material is otherwise required by the rules of evidence. The jury shall not be informed of the specific amount of consideration paid by a trust to a claimant in settlement of a claim.

537.888. 1. If a claimant proceeds to trial in an asbestos action before an asbestos trust claim is resolved, there is a rebuttable presumption that the claimant is entitled to, and will receive, the compensation specified in the trust governance documents applicable to his or her claim at the time of trial. The court shall take judicial notice that the trust governance documents specify compensation amounts and payment percentages and shall establish an attributed value to the claimant's asbestos trust claims.

2. In an asbestos action in which damages are awarded and setoffs are permitted, a defendant is entitled to a setoff or credit in the amount the claimant has received from asbestos trusts and the amount of the valuation established under subsection 1 of this section. If multiple defendants are found liable for damages, the court shall distribute the amount of setoff or credit proportionally between the defendants according to the liability of each defendant.

3. In an asbestos action in which damages are awarded and a setoff is applied, the setoff or credit for an asbestos trust claim that has been resolved shall be the amount of the actual payment received by the claimant from the asbestos trust after application of any applicable payment percentages.

537.890. 1. If, subsequent to obtaining a judgment in an asbestos action, a claimant files any additional asbestos trust claim with, or submits any additional asbestos trust claim to, an asbestos trust that was in existence at the time the claimant obtained judgment, the trial court, upon the filing of a motion by a defendant or judgment debtor, has jurisdiction and shall reopen the judgment in the asbestos action and adjust the judgment by the amount of any subsequent asbestos trust payments obtained by the claimant and order any other relief that the court considers just and proper.

2. A defendant or judgment debtor shall file any motion under this section within a reasonable time and no more than three years after the judgment was entered or taken."; and

House Amendment No. 5

AMEND House Committee Substitute for House Bill No. 922, Page 1, Section A, Line 2, by inserting after all of said section and line, the following:

"287.120. 1. Every employer subject to the provisions of this chapter shall be liable, irrespective of negligence, to furnish compensation under the provisions of this chapter for personal injury or death of the employee by accident or occupational disease arising out of and in the course of the employee's employment. Any employee of such employer shall not be liable for any injury or death for which compensation is recoverable under this chapter and every employer and employees of such employer shall be released from all other liability whatsoever, whether to the employee or any other person, except that an employee shall not be released from liability for injury or death if the employee engaged in ~~[an affirmative negligent act that purposefully and dangerously caused or increased the risk of injury]~~ **a willful act with the intent to cause bodily injury or death**. The term "accident" as used in this section shall include, but not be limited to, injury or death of the employee caused by the unprovoked violence or assault against the employee by any person.

2. The rights and remedies herein granted to an employee shall exclude all other rights and remedies of the employee, the employee's spouse, parents, personal representatives, dependents, heirs or next kin, at common law or otherwise, on account of such injury or death by accident or occupational disease, except such rights and remedies as are not provided for by this chapter.

3. No compensation shall be allowed under this chapter for the injury or death due to the employee's intentional self-inflicted injury, but the burden of proof of intentional self-inflicted injury shall be on the employer or the person contesting the claim for allowance.

4. Where the injury is caused by the failure of the employer to comply with any statute in this state or any lawful order of the division or the commission, the compensation and death benefit provided for under this chapter shall be increased fifteen percent.

5. Where the injury is caused by the failure of the employee to use safety devices where provided by the employer, or from the employee's failure to obey any reasonable rule adopted by the employer for the safety of employees, the compensation and death benefit provided for herein shall be reduced at least twenty-five but not more than fifty percent; provided, that it is shown that the employee had actual knowledge of the rule so adopted by

the employer; and provided, further, that the employer had, prior to the injury, made a reasonable effort to cause his or her employees to use the safety device or devices and to obey or follow the rule so adopted for the safety of the employees.

6. (1) Where the employee fails to obey any rule or policy adopted by the employer relating to a drug-free workplace or the use of alcohol or nonprescribed controlled drugs in the workplace, the compensation and death benefit provided for herein shall be reduced fifty percent if the injury was sustained in conjunction with the use of alcohol or nonprescribed controlled drugs.

(2) If, however, the use of alcohol or nonprescribed controlled drugs in violation of the employer's rule or policy is the proximate cause of the injury, then the benefits or compensation otherwise payable under this chapter for death or disability shall be forfeited.

(3) The voluntary use of alcohol to the percentage of blood alcohol sufficient under Missouri law to constitute legal intoxication shall give rise to a rebuttable presumption that the voluntary use of alcohol under such circumstances was the proximate cause of the injury. A preponderance of the evidence standard shall apply to rebut such presumption. An employee's refusal to take a test for alcohol or a nonprescribed controlled substance, as defined by section 195.010, at the request of the employer shall result in the forfeiture of benefits under this chapter if the employer had sufficient cause to suspect use of alcohol or a nonprescribed controlled substance by the claimant or if the employer's policy clearly authorizes post-injury testing.

(4) Any positive test result for a nonprescribed controlled drug or the metabolites of such drug from an employee shall give rise to a rebuttable presumption, which may be rebutted by a preponderance of evidence, that the tested nonprescribed controlled drug was in the employee's system at the time of the accident or injury and that the injury was sustained in conjunction with the use of the tested nonprescribed controlled drug if:

- (a) The initial testing was administered within twenty-four hours of the accident or injury;
- (b) Notice was given to the employee of the test results within fourteen calendar days of the insurer or group self-insurer receiving actual notice of the confirmatory test results;
- (c) The employee was given an opportunity to perform a second test upon the original sample; and
- (d) The initial or any subsequent testing that forms the basis of the presumption was confirmed by mass spectrometry using generally accepted medical or forensic testing procedures.

7. Where the employee's participation in a recreational activity or program is the prevailing cause of the injury, benefits or compensation otherwise payable under this chapter for death or disability shall be forfeited regardless that the employer may have promoted, sponsored or supported the recreational activity or program, expressly or impliedly, in whole or in part. The forfeiture of benefits or compensation shall not apply when:

- (1) The employee was directly ordered by the employer to participate in such recreational activity or program;
- (2) The employee was paid wages or travel expenses while participating in such recreational activity or program; or
- (3) The injury from such recreational activity or program occurs on the employer's premises due to an unsafe condition and the employer had actual knowledge of the employee's participation in the recreational activity or program and of the unsafe condition of the premises and failed to either curtail the recreational activity or program or cure the unsafe condition.

8. Mental injury resulting from work-related stress does not arise out of and in the course of the employment, unless it is demonstrated that the stress is work related and was extraordinary and unusual. The amount of work stress shall be measured by objective standards and actual events.

9. A mental injury is not considered to arise out of and in the course of the employment if it resulted from any disciplinary action, work evaluation, job transfer, layoff, demotion, termination or any similar action taken in good faith by the employer.

10. The ability of a firefighter to receive benefits for psychological stress under section 287.067 shall not be diminished by the provisions of subsections 8 and 9 of this section.

516.099. 1. Any action to recover damages for economic loss, personal injury, property damage, or wrongful death arising out of a defective or unsafe condition of any product that is sold, leased, or otherwise placed in the stream of commerce, or arising out of the negligent design, manufacture, sale, or distribution of any such product shall be commenced within fifteen years of the date on which such product is first sold or leased to any person or otherwise placed into the stream of commerce.

2. This section shall apply to all actions falling within it, whether arising under the common law or by operation of statute; except that, if an action within this section is barred by another provision of law, such other provision of law shall govern.

3. This section shall not apply:

- (1) To any action brought with respect to a product that is real property or an improvement to real property;
 - (2) If the person against whom an action is brought has knowingly concealed any defective or unsafe condition in the product that is the subject of the action, or has knowingly concealed any negligence in the product's construction, manufacture, sale, distribution, or placing into the stream of commerce, and if any matter so concealed directly resulted in the economic loss, personal injury, property damage, or wrongful death for which the action is brought;
 - (3) If a manufacturer, lessor, seller, or person who first placed a product in the stream of commerce against whom an action within this section is brought brings an action for indemnity or contribution against a person who is or may be liable to such person for all or any portion of any judgment rendered against such person, in which event such action for indemnity or contribution shall not be barred by this section;
 - (4) If a manufacturer, lessor, seller, or person who first placed a product in the stream of commerce has stated in a written warranty or an advertisement to the public that the product has an expected useful life for a period certain that is greater than fifteen years, in which event any action that is otherwise within this section and is not barred by any other provision of law shall be brought no later than two years following the expiration of that period certain;
 - (5) To any action regarding negligent service or negligent maintenance of a product;
 - (6) To any action regarding a defective or unsafe condition of a product if the product is subject to a government mandated product recall related to consumer safety, provided that the action shall be limited to the extent that the subject of the action and the underlying reason for the recall are the same;
 - (7) To any action regarding a defective or unsafe condition of a product causing a respiratory or malignant disease with a latency of more than fifteen years. No action shall be commenced under this subdivision based upon strict product liability, or negligence against a seller of a product, in which the product is alleged to contain or possess a defective condition unreasonably dangerous to the buyer, user, or consumer, unless such seller is also the manufacturer of the product claimed to be defective; or
 - (8) Notwithstanding subdivision (4) of this subsection, to any action against a manufacturer of a mechanical device where the harm occurred during the useful safe life of the product. In determining whether a product's useful safe life has expired, the trier of fact may consider:
 - (a) The amount of wear and tear to which the product had been subject;
 - (b) The effect of deterioration from natural causes, and from climate and other conditions under which the product was used or stored;
 - (c) The normal practices of the user, similar users, and the product seller with respect to the circumstances, frequency, and purposes of the product's use, and with respect to repairs, renewals, and replacements;
 - (d) Any representations, instructions, or warnings made by the product manufacturer concerning proper maintenance, storage, and use of the product or the expected useful safe life of the product; and
 - (e) Any modification or alteration of the product by a user or third party.
4. This section shall apply to all civil actions commenced on or after August 28, 2021, or any new causes of action asserted in civil actions pending on that date; except that, any cause of action falling within this section that accrued on or before August 28, 2021, may, in any event, be brought no later than August 28, 2022, unless barred by another provision of law."; and

Further amend said bill, Page 2, Section 516.140, Line 13, by inserting after all of said section and line the following:

"537.771. 1. In any civil action for personal injury, death, or property damage caused by a product, regardless of the type of claims alleged or the theory of liability asserted, the plaintiff shall prove, among other elements, that the defendant manufactured, sold, or leased the particular product the use of which is alleged to have caused the injury on which the claim is based and not a similar or equivalent product. Manufacturers, sellers, or lessors of products not identified as having been used, ingested, or encountered by an allegedly injured party shall not be held liable for any alleged injury. A person, firm, corporation, association, partnership, or other legal or business entity that designs, but does not manufacture, a product shall not be subject to liability for personal injury, death, or property damage caused by the manufacturer's product, even if use of the design is foreseeable.

2. This section shall not be intended to alter or affect any other principle of law, including those that apply to successor entities, distributors, component manufacturers, or manufacturers who use component parts in assembling products for sale as complete units or those that apply to the operation of a contract, including a licensing agreement."; and

House Amendment No. 6

AMEND House Committee Substitute for House Bill No. 922, Page 1, Section A, Line 2, by inserting after said section and line the following:

"435.415. 1. **Except as provided in subsection 2 of this section**, upon the granting of an order confirming, modifying or correcting an award, judgment or decree shall be entered in conformity therewith and be enforced as any other judgment or decree. Costs of the application and of the proceedings subsequent thereto, and disbursements may be awarded by the court.

2. Any arbitration award or any judgment or decree entered on an arbitration award shall not be binding on any liability insurer, shall not be admissible in evidence in any lawsuit against any liability insurer for any party to an arbitration award, and shall not provide the basis for any judgment or decree, including any garnishment, against any liability insurer, unless the liability insurer has agreed in writing to the arbitration proceeding. Any arbitration award or any judgment or decree confirming, modifying, or correcting any arbitration award shall not be subject to garnishment, enforcement, or collection from any liability insurer unless the liability insurer has agreed in writing to the written arbitration agreement. Unless otherwise required by its insurance contract, a liability insurer's election not to participate in an arbitration proceeding shall not constitute, nor be construed to be, bad faith. This section shall not apply to any arbitration required by statute or arising out of an arbitration agreement preceding the date of the injury or loss that is the subject of the arbitration.

3. As used in this section, the term "insurer" shall include any entity authorized to transact liability insurance business in this state including, but not limited to, any liability insurance company organized, incorporated, or doing business under the provisions of chapter 379, any entity formed under section 537.620, any entity that is subject to sections 537.700 to 537.756, or any entity that provides risk management services to any public or private entity."; and

Further amend said bill, Page 2, Section 516.140, Line 13, by inserting after said section and line the following:

"537.065. 1. Any person having an unliquidated claim for damages against a tort-feasor~~[-]~~ on account of personal injuries, bodily injuries, or death~~[-]~~~~, provided that, such tort-feasor's insurer or indemnitor has the opportunity to defend the tort-feasor without reservation but refuses to do so,~~ may enter into a contract with such tort-feasor or any insurer on his or her behalf or both **if the insurer has refused to withdraw a reservation of rights or declined coverage for such unliquidated claim**, whereby, in consideration of the payment of a specified amount, the person asserting the claim agrees that in the event of a judgment against the tort-feasor, neither such person nor any other person, firm, or corporation claiming by or through him or her will levy execution, by garnishment or as otherwise provided by law, except against the specific assets listed in the contract and except against any insurer which insures the legal liability of the tort-feasor for such damage and which insurer is not excepted from execution, garnishment or other legal procedure by such contract. Execution or garnishment proceedings in aid thereof shall lie only as to assets of the tort-feasor specifically mentioned in the contract or the insurer or insurers not excluded in such contract. Such contract, when properly acknowledged by the parties thereto, may be recorded in the office of the recorder of deeds in any county where a judgment may be rendered, or in the county of the residence of the tort-feasor, or in both such counties, and if the same is so recorded then such tort-feasor's property, except as to the assets specifically listed in the contract, shall not be subject to any judgment lien as the result of any judgment rendered against the tort-feasor, arising out of the transaction for which the contract is entered into.

2. [Before a judgment may be entered against any tort-feasor after such tort-feasor has entered into a contract under this section, the insurer or insurers shall be provided with written notice of the execution of the contract and shall have thirty days after receipt of such notice to intervene as a matter of right in any pending lawsuit involving the claim for damages.] If any action seeking a judgment on the claim against the tort-feasor is pending at the time of the execution of any contract entered into under this section, then, within thirty days after such execution, the tort-feasor shall provide his or her insurer or insurers with a copy of the executed contract and a copy of any such action. If any action seeking a judgment on the claim against the tort-feasor is pending at the time of the execution of any contract entered into under this section but is thereafter dismissed, then, within thirty days after the refiling of that action or the filing of any subsequent action

arising out of the claim for damages against the tort-feasor, the tort-feasor shall provide his or her insurer or insurers with a copy of the executed contract and a copy of the refiled or subsequently filed action seeking a judgment on the claim against the tort-feasor. If no action seeking a judgment on the claim against the tort-feasor is pending at the time of the execution of any contract entered into under this section, then, within thirty days after the tort-feasor receives notice of any subsequent action, by service of process or otherwise, the tort-feasor shall provide his or her insurer or insurers with a copy of the executed contract and a copy of any action seeking a judgment on the claim against the tort-feasor.

3. No judgment shall be entered against any tort-feasor after such tort-feasor has entered into a contract under this section for at least thirty days after the insurer or insurers have received written notice as provided in subsection 2 of this section.

4. Any insurer or insurers who receive notice under this section shall have the unconditional right to intervene in any pending civil action involving the claim for damages within thirty days after receipt of such notice. Upon intervention under this section, the intervenor shall have all rights afforded to defendants under the Missouri rules of civil procedure including, but not limited to, the right to conduct discovery, the right to engage in motion practice, and the right to a trial by jury. The intervenor shall also have the right to assert any rights or raise any defenses available to the tort-feasor and to assert any rights or raise any defenses that would have been available to the tort-feasor in the absence of the contract entered into under this section or other agreement between the parties to that contract. However, nothing in this section shall alter or reduce the intervening insurer's obligations to any insureds other than the tort-feasor, including any coinsureds of the defendant tort-feasor.

5. The provisions of this section shall apply to any covenant not to execute or any contract to limit recovery to specified assets, regardless of whether it is referred to as a contract under this section.

6. All terms of any covenant not to execute or of any contract to limit recovery to specified assets, regardless of whether it is referred to as a contract under this section, shall be in writing and signed by the parties to the covenant or contract. No unwritten term of any covenant not to execute or of any contract to limit recovery to specified assets, regardless of whether it is referred to as a contract under this section, shall be enforceable against any party to the covenant or contract, the liability insurer of any party to the covenant or contract, or any other person or entity.

[4-] 7. Nothing in this section shall be construed to prohibit an insured from bringing a separate action asserting that the insurer acted in bad faith. In any such action for bad faith, any agreement between the tort-feasor and insured, including any contract under this section, shall be admissible in evidence. The exercise of any rights under this section shall not constitute, nor be construed to be, bad faith.

8. As used in this section, the term "insurer" shall include any entity authorized to transact liability insurance business in this state including, but not limited to, any liability insurance company organized, incorporated, or doing business under the provisions of chapter 379, any entity formed under section 537.620, any entity that is subject to sections 537.700 to 537.756, or any entity that provides risk management services to any public or private entity."; and

2. If prior to trial a defendant or his or her insurer or authorized representative, or any combination of them, pays all or any part of a plaintiff's special damages, then any portion of a plaintiff's claims for special damages that are satisfied by a payment from a defendant or the defendant's insurer or authorized representative, or any combination of them, are not recoverable from that defendant.

3. If such payments described in subsection 2 of this section are included in a plaintiff's claim for special damages at trial, the defendant who made the payment, or on whose behalf the payment was made, shall be entitled to deduct and receive a credit for such payments from any judgment as provided for in section 490.710.

4. This section does not require the exclusion of evidence admissible for another proper purpose.

5. (2) (a) Before December first of the calendar year immediately preceding the general municipal election day in the calendar year in which a vote to divide the school district into subdistricts will be held, the election authority of the county in which the school district is located shall divide the school district into seven subdistricts of contiguous and compact territory and as nearly equal in population as practicable. Within six months after each decennial census is reported to the President of the United States, the election authority

shall reapportion the subdistricts to be as nearly equal in population as practicable. The subdistricts shall be numbered from one upward consecutively, and as much as practicable the numbers shall be retained upon reapportionment. After the election authority divides the school district or reapportions the subdistricts, the election authority shall notify the residents of the school district as provided by law.

(b) Any resident of the school district who believes the election authority has divided the school district or reapportioned the subdistricts in violation of paragraph (a) of this subdivision may petition the circuit court of the county in which the school district exists for an order directing the election authority to divide the school district or reapportion the subdistricts as provided in paragraph (a) of this subdivision. The petition shall be submitted to the circuit court within ten business days of the election authority's notice provided under paragraph (a) of this subdivision.

The election authority shall determine the validity of all declarations of candidacy.

(4) When the election is held on the general municipal election day, the seven candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict shall be elected. (7) All other provisions applicable to seven-director school districts that are not in conflict with this subsection shall apply to school districts divided into subdistricts under this subsection.

5. If any seven-director school district receives a petition, signed by at least ten percent of the number of registered voters of the school district voting in the last school board election, calling for an election to subdivide the school district into subdistricts and provide for the election of subdistrict board members as provided in subsection 4 of this section, the school district shall immediately notify the election authority of the county in which the school district is located to begin the process described in subsection 4 of this section.

3. The board shall establish a total contribution limit for savings accounts established under the [savings] program with respect to a beneficiary to permit the [savings] program to qualify as a "qualified state tuition program" pursuant to Section 529 of the Internal Revenue Code. No contribution may be made to a savings account for a beneficiary if it would cause the balance of all savings accounts of the beneficiary to exceed the total contribution limit established by the board. The board may establish other requirements that it deems appropriate to provide adequate safeguards to prevent contributions on behalf of a beneficiary from exceeding what is necessary to provide for the qualified education expenses of the beneficiary.

4. The board shall establish the minimum length of time that contributions and earnings must be held by the [savings] program to qualify pursuant to section 166.435. Any contributions or earnings that are withdrawn or distributed from a savings account prior to the expiration of the minimum length of time, as established by the board, shall be subject to a penalty pursuant to section 166.430.

166.425. All money paid by a participant in connection with participation agreements shall be deposited as received and shall be promptly invested by the board. Contributions and earnings thereon accumulated on behalf of participants in the [savings] program may be used, as provided in the participation agreement, for qualified education expenses. Such contributions and earnings shall not be considered income for purposes of determining a participant's eligibility for financial assistance under any state student aid program.

166.435. 1. Notwithstanding any law to the contrary, the assets of the [savings] program held by the board, the assets of any deposit program authorized in section 166.500, and the assets of any qualified tuition [savings] program established pursuant to Section 529 of the Internal Revenue Code and any income therefrom shall be exempt from all taxation by the state or any of its political subdivisions. Income earned or received from the [savings] program, deposit, or other qualified tuition [savings] programs established under Section 529 of the Internal Revenue Code, or refunds of qualified education expenses received by a beneficiary from an eligible educational institution in connection with withdrawal from enrollment at such institution which are contributed within sixty days of withdrawal to a qualified tuition [savings] program of which such individual is a beneficiary shall not be subject to state income tax imposed pursuant to chapter 143 and shall be eligible for any benefits provided in accordance with Section 529 of the Internal Revenue Code. The exemption from taxation pursuant to this section shall apply only to assets and income maintained, accrued, or expended pursuant to the requirements of the [savings] program established pursuant to sections 166.400 to 166.455, the deposit program established pursuant to sections 166.500 to 166.529, and other qualified tuition [savings] programs established under Section 529 of the Internal Revenue Code, and no exemption shall apply to assets and income expended for any other purposes.

Annual contributions made to the [savings] program held by the board, the deposit program, and any qualified tuition [savings] program established under Section 529 of the Internal Revenue Code up to and including eight thousand dollars per [participating] taxpayer, and up to sixteen thousand dollars for married individuals filing a joint tax return, shall be subtracted in determining Missouri adjusted gross income pursuant to section 143.121.

2. If any deductible contributions to or earnings from any such program referred to in this section are distributed and not used to pay qualified education expenses, not transferred as allowed by 26 U.S.C. Section 529(c)(3)(C)(i), as amended, and any Internal Revenue Service regulations or guidance issued in relation thereto, or are not held for the minimum length of time established by the appropriate Missouri board, then the amount so distributed shall be included in the Missouri adjusted gross income of the participant, or, if the participant is not living, the beneficiary.

3. The provisions of this section shall apply to tax years beginning on or after January 1, 2008, and the provisions of this section with regard to sections 166.500 to 166.529 shall apply to tax years beginning on or after January 1, 2004.

166.440. The assets of the [savings] program shall at all times be preserved, invested and expended only for the purposes set forth in this section and in accordance with the participation agreements, and no property rights therein shall exist in favor of the state.

166.456. All personally identifiable information concerning participants and beneficiaries of accounts established within the Missouri education [savings] program pursuant to sections 166.400 to 166.456 shall be confidential, and any disclosure of such information shall be restricted to purposes directly connected with the administration of the program.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-SECOND DAY, TUESDAY, APRIL 13, 2021

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

God has not given us the spirit of fear; but of power, and of love, and of a sound mind (II Timothy 1:7)

Eternal God, our Hope, who is the refuge of Your people in every age and our strength in this present hour, make Yourself powerfully real to us, as we bow humbly in Your presence. Help us to recognize our dependence upon You, our constant need of Your strength, Your guidance, and Your love. Help us to know that You are always with us and that with You we can be made ready for every responsibility and equal to every experience.

We pray for peace in our hearts, for cooperation among us, and for a faith in You, which makes this body strong, gives us courage, and helps us on our journey during this bicentennial year.

May Your Spirit touch each one of us with healing power. Kindle our faith; make sensitive our consciences; dedicate our strength; fortify us in our difficulties; and send us out strong in You and in the power of Your might.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed.

"(10) (a) For the purposes of this subdivision, net cost for providing special educational services for the school district and each charter school within the school district shall be calculated as the total special educational services costs minus the total special educational services funding.

(b) For the purposes of this subdivision, total special educational services costs shall be calculated as the sum of the total cost of the following as reported on the annual secretary of the board report for the school district and each charter school within the school district:

- a. Department-defined special education instruction;**
- b. Tuition for special education programs;**
- c. Health services;**
- d. Psychology services;**
- e. Speech and language services;**
- f. Audiology services;**
- g. Occupational therapy;**
- h. Physical therapy;**
- i. Visually impaired services; and**
- j. Special education transportation services.**

(c) For the purposes of this subdivision, total special educational services funding shall be calculated as the sum of the state aid and local effort per weighted average daily attendance for the school district and the sum of the state aid and local aid per weighted average daily attendance for the charter schools within the school district multiplied by the total number of students with an individualized educational plan as reported in December to the department, plus any funds received under 162.974, plus any funds received under the federal Individuals with Disabilities Education Act (IDEA) (20 U.S.C. Section 1400, et seq.), as amended, plus any additional weighted state aid funds received as a result of serving a percentage of special education students that exceeds the special educational threshold as defined in 163.011. As used in this subdivision, "school district state aid" means the product of the school district's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, less the school district's share of local effort as defined in section 163.011. As used in this subdivision, "charter school state aid" means the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, less the charter school's share of local effort as defined in section 163.011.

(d) Each school district that has charter schools operating within the school district and each charter school shall, as part of the annual audit provided to the department, report the number of students with an individualized educational plan, the costs incurred for providing special educational services as described in paragraph (b) of this subdivision, the amount of funds drawn down under section 162.974, and the amount of funds drawn down under the federal Individuals with Disabilities Education Act (IDEA) (20 U.S.C. Section 1400, et seq.), as amended.

(e) On or before February fourteenth of each year, the department shall calculate for each school district that has charter schools operating within the school district and each charter school the net cost for providing special educational services. The department shall transmit such calculations to the charter school or school district and make such calculations publicly available on the department's website.

(f) The February local aid payment to charter schools within the school district shall be paid from the total local aid funds received in January by the school district. The February local aid payment per weighted average daily attendance to charter schools within the school district shall be calculated as follows:

a. The school district shall withhold the administrative fee described in paragraph (a) of subdivision (6) of this subsection from the total local aid funds received in January by the school district.

b. After withholding the administrative fee, the school district shall withhold from the remaining local aid funds an amount equal to the school district's prior year positive net cost for providing special educational services only if the school district is determined to have a positive net cost by the department under paragraph (e) of this subdivision.

c. After withholding the administrative fee, the school district shall withhold from the remaining local aid funds an amount equal to the sum of the prior year positive net cost for providing special educational services for charter schools within the school district for charter schools determined to have a positive net cost by the department under paragraph (e) of this subdivision. No later than February twenty-eighth of each year the school district shall distribute such funds to each charter school determined to have a positive net cost an amount equal to each charter school's positive net cost as calculated under paragraph (e) of this subdivision.

d. After withholding the administrative fee and special education funds under subparagraphs a., b., and c. of this paragraph, the school district shall divide the remaining local aid funds by the sum of the current year estimated weighted average daily attendance for January of the school district plus the sum of the current year estimated weighted average daily attendance for January of all charter schools within the school district.

e. To determine the amount of the February local aid payment to each charter school within the school district, the school district shall multiply the value calculated in subparagraph d. of this paragraph by the current year estimated weighted average daily attendance for January for each charter school within the school district. The school district shall distribute the February local aid payment to each charter school within the school district on or before February twenty-eighth.

(g) The department shall adjust the net cost for providing special educational services for each charter school and each school district that has charter schools operating within the school district based on the report required in paragraph (d) of this subdivision for reasons including, but not limited to, underreporting or overreporting the number of students with an individualized educational plan or the cost to provide services to students with an individualized educational plan, failure to draw down funds under section 162.974, failure to draw down or accrue for within the applicable fiscal year all funds to which the charter school or school district is entitled under the federal Individuals with Disabilities Education Act (IDEA) (20 U.S.C Section 1400 et seq.), as amended, and costs determined by the department to be excessive relative to the special educational services provided.

(h) Any funds received by the school district or charter school under this subdivision shall not be considered when calculating a withhold or payment in paragraph (f) of this subdivision in the following year.

(i) This subdivision shall apply beginning on February 1, 2024.

(11) This subsection shall apply beginning on July 1, 2022."; and

A district shall receive, pursuant to section 163.031, an amount not greater than seventy-five percent of the allowable costs of providing pupil transportation services to and from school and to and from public accredited vocational courses, and shall not receive an amount per pupil greater than one hundred twenty-five percent of the state average approved cost per pupil transported the second preceding school year, except when the state board of education determines that sufficient circumstances exist to authorize amounts in excess of the one hundred twenty-five percent of the state average approved cost per pupil transported the second previous year.

(5) Designs and implements a transparent and rigorous process that uses comprehensive data to make merit-based renewal decisions.

12. Sponsors receiving funds under subsection 11 of this section shall be required to submit annual reports to the joint committee on education demonstrating they are in compliance with subsection 17 of this section.

13. No university, college or community college shall grant a charter to a nonprofit corporation if an employee of the university, college or community college is a member of the corporation's board of directors.

14. No sponsor shall grant a charter under sections 160.400 to 160.425 and 167.349 without ensuring that a criminal background check and family care safety registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and family care safety registry check are conducted for each member of the governing board of the charter school. **No individual shall be allowed to serve on a governing board of a charter school if the individual has been found guilty of or pled guilty to a felony under the federal laws of the United States of America, or to a felony under the laws of this state or an offense committed in another state that would be considered a felony in this state, or if such individual is prohibited from serving on any school board under section 162.014.**

15. No member of the governing board of a charter school shall hold any office or employment from the board or the charter school while serving as a member, nor shall the member have any substantial interest, as defined in section 105.450, in any entity employed by or contracting with the board. No board member shall be an

employee of a company that provides substantial services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450 for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489.

16. A sponsor shall develop the policies and procedures for:

(1) The review of a charter school proposal including an application that provides sufficient information for rigorous evaluation of the proposed charter and provides clear documentation that the education program and academic program are aligned with the state standards and grade-level expectations, and provides clear documentation of effective governance and management structures, and a sustainable operational plan;

(2) The granting of a charter;

(3) The performance contract that the sponsor will use to evaluate the performance of charter schools. Charter schools shall meet current state academic performance standards as well as other standards agreed upon by the sponsor and the charter school in the performance contract;

(4) The sponsor's intervention, renewal, and revocation policies, including the conditions under which the charter sponsor may intervene in the operation of the charter school, along with actions and consequences that may ensue, and the conditions for renewal of the charter at the end of the term, consistent with subsections 8 and 9 of section 160.405;

(5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and

(6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board shall evaluate sponsors to determine compliance with these standards every three years. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school."; and

The agency shall determine the disposition of the complaint and render a disciplinary decision, if any, within ninety days. The agency may, for good cause, petition the board overseeing the administration of discipline for an extension of time to complete the investigation. Absent consent from the officer being investigated, the board overseeing the administration of discipline shall set the petition for extension for hearing and provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension. If the board finds the agency has shown good cause for the granting of an extension of time to complete the investigation, the board shall grant an extension of up to sixty days. The agency shall be limited to two extensions per investigation; except that, if there is an ongoing criminal investigation, there shall be no limitation on the amount of sixty-day extensions;

(13) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer in writing of the investigative findings and any recommendation for further action, including discipline;

(14) A complete record of the administrative investigation shall be kept by the law enforcement agency conducting such investigation. Upon completion of the investigation, a copy of the entire record including, but not limited to, audio, video, or transcribed statements, shall be provided to the officer or the officer's representative within five business days of the officer's written request. The agency may request a protective order to redact all personal identifying witness information;

(15) Law enforcement officers shall have the right to compensation for any economic loss incurred during an investigation if the alleged misconduct is not sustained by the agency conducting the investigation; and

(16) All records compiled as a result of any investigation subject to the provisions of this section shall be held confidential and shall not be subject to disclosure under chapter 610 except by court order.

4. Law enforcement officers who are suspended without pay, demoted, terminated, transferred, or placed on a status resulting in economic loss shall be entitled to a full due process hearing. The proceeding shall constitute a contested case under chapter 536. The components of the hearing shall include, at a minimum:

(1) The right of the law enforcement officer to be represented by an attorney or other individual of his or her choice during the hearing;

(2) The right of the law enforcement officer or his or her attorney to conduct discovery prior to the hearing. Depositions may be taken in the same manner and under the same conditions as provided for in the Missouri civil rules of civil procedure for civil cases in the circuit court. Subpoenas may be issued by the board conducting the hearing or by the circuit court or the office of the clerk for the county where the agency has its principal place of business;

(3) Seven days' notice of the hearing date and time;

(4) An opportunity for the law enforcement officer or his or her attorney to access and review the investigatory record at least seven days prior to the hearing;

(5) The right of the law enforcement officer or his or her attorney to present witnesses and evidence in the officer's defense and a right to cross-examine any adverse witnesses against the officer;

(6) The right of the law enforcement officer to refuse to testify at the hearing if the officer is concurrently facing criminal charges in connection with the same incident. A law enforcement officer's decision not to testify shall not result in additional internal charges or discipline;

(7) A complete record of the hearing to be kept by the agency for purposes of appeal. The record shall be provided to the law enforcement officer or his or her attorney upon written request; and

(8) The entire record of the hearing to remain confidential and shall not be subject to disclosure under chapter 610 except by lawful subpoena or court order.

5. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order accompanying the findings and conclusions along with the written action and right of appeal, if any, shall be delivered or mailed promptly to the law enforcement officer or to the officer's attorney or representative of record.

6. Law enforcement officers shall have the opportunity to provide a written response to any adverse materials placed in their personnel file, and such written response shall be permanently attached to the adverse material.

7. Law enforcement officers shall have the right to compensation for any economic loss incurred as a result of disciplinary action by an agency if the alleged misconduct is not sustained by the administrative body hearing the disciplinary appeal.

8. Law enforcement officers may petition the circuit court in the county in which the law enforcement agency has its principal place of business to review the decision of the administrative body hearing the appeal of discipline. Upon a finding that the discipline was not justified, the circuit court may award the law enforcement officer back pay and costs incurred in bringing the suit, including attorney's fees.

9. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken while off duty if such actions were taken under color of law. In the event a law enforcement officer is convicted of or pleads guilty to criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

10. No law enforcement officer shall be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the officer's assertion of his or her constitutional rights in any judicial proceeding unless the officer admits to wrongdoing, in which case the provisions of this section shall not apply.

11. No state or local governmental unit including, but not limited to, a county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision that employs a law enforcement officer shall enact, promulgate, enforce, or follow any law, regulation, or policy that would abolish, conflict with, modify, or in any way diminish any right or remedy provided to law enforcement officers under this section.

12. The rights set out in this section are minimum standards to be applied throughout the state. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided in this section.

13. The remedies provided by this section against law enforcement agencies or governmental bodies shall be in addition to those provided by any other provision of law. Any aggrieved law enforcement officer or authorized representative may seek judicial enforcement of the requirements of these sections. Suits to enforce these sections shall be brought in the circuit court for the county in which the law enforcement agency or governmental body has its principal place of business.

14. Upon a finding by a preponderance of the evidence that a law enforcement agency, governmental body, or member of such an entity has violated any provision of this section, a court shall void any action taken under this section. Suit for enforcement shall be brought within one year from the time a violation is ascertainable.

15. Nothing in this section shall apply to any investigation or other action by the director regarding a license issued by the director under this chapter.

5. The department of public safety shall, no later than June 30, 2022, develop standards and procedures governing the collection and reporting of use-of-force data under this section. The standards and procedures shall be consistent with the requirements, definitions, and methods of the National Use of Force Data Collection administered by the Federal Bureau of Investigation.

6. The department of public safety shall publish the data reported by law enforcement agencies under subsection 4 of this section, including statewide aggregate data and agency-specific data, in a publicly available report. Such data shall be deemed a public record consistent with the provisions and exemptions contained in chapter 610.

2. As used in this section, the following terms shall mean:

(1) "Because" or "because of", as it relates to the adverse decision or action, the person's status as a protected person was the motivating factor;

(2) "Employer", an entity that has six or more employees for each working day in each of twenty or more calendar weeks in the current or preceding calendar year. "Employer" shall not include the state of Missouri or its agencies, instrumentalities, or political subdivisions, including but not limited to any public institution of higher education, a corporation wholly owned by the state of Missouri, an individual employed by an employer, or corporations and associations owned or operated by religious or sectarian organizations; except that, "employer" shall include law enforcement agencies;

(3) "Proper authorities", a governmental or law enforcement agency, an officer of an employee's employer, the employee's supervisor employed by the employer, or the employee's human resources representative employed by the employer;

(4) "Protected person", an employee of an employer who has reported to the proper authorities an unlawful act of his or her employer; an employee of an employer who reports to his or her employer serious misconduct of the employer that violates a clear mandate of public policy as articulated in a constitutional provision, statute, or regulation promulgated under statute; or an employee of an employer who has refused to carry out a directive issued by his or her employer that if completed would be a violation of the law[~~—An employee of an employer is not a protected person if:~~

~~—(a) The employee is a supervisory, managerial, or executive employee or an officer of his or her employer and the unlawful act or serious misconduct reported concerns matters upon which the employee is employed to report or provide professional opinion; or~~

5. A protected person aggrieved by a violation of this section shall have a private right of action for actual damages for violations of this section but not for punitive damages. [~~However, if a private right of action for damages exists under another statutory or regulatory scheme, whether under state or federal law, no private right of action shall exist under this statute.~~]

6. Any party to any action initiated under this section may demand a trial by jury.

7. A protected person aggrieved by a violation of this section shall have a private right of action that may be filed in a court of competent jurisdiction. The only remedies available in such an action shall be:

(2) Reimbursement of medical bills directly related to a violation of this section; and

(3) Additionally, if a protected person proves, by clear and convincing evidence, that the conduct of the employer was outrageous because of the employer's evil motive or reckless indifference to the rights of others, then, such person may receive double the amount awarded under subdivisions (1) and (2) of this subsection, as liquidated damages. JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-THIRD DAY, WEDNESDAY, APRIL 14, 2021

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicks, Chaplain.

My help cometh from the Lord, who made heaven and earth. (Psalm 121:2)

Almighty God, who has given us this wonderful state for our heritage of 200 years, we humbly pray that we may always be a people mindful of Your favors, eager to do Your will, and glad to be of service to our fellow citizens, with humility, during our final month of session.

Save us from pride and prejudice, from vindictiveness and verbal violence, and lead us into the glorious freedom of those who put their trust in You and who walk in the way of Your commandments.

Give us wisdom to know Your will clearly and the strength to obey it. Fill us all with the love of truth, righteousness, and common sense, that we may be a blessing to Missouri and in turn our beloved Missouri be a blessing to our United States.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Evan Meyer.

The Journal of the fifty-second day was approved as printed.

"300.155. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green indication

(a) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited;

(b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection;

(c) Unless otherwise directed by a pedestrian control signal as provided in section 300.160, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication

(a) Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection;

(b) Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in section 300.160, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) Steady red indication

(a) Vehicular traffic facing a steady red signal alone shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until a green indication is shown except as provided in paragraph (b) of this subdivision;

(b) The driver of a vehicle which is stopped as close as practicable at the entrance to the crosswalk on the near side of the intersection or, if none, then at the entrance to the intersection in obedience to a red signal, may cautiously enter the intersection to make a right turn but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that the state highways and transportation commission with reference to an intersection involving a state highway, and local authorities with reference to an intersection involving other highways under their jurisdiction, may prohibit any such right turn against a red signal at any intersection where safety conditions so require, said prohibition shall be effective when a sign is erected at such intersection giving notice thereof;

(c) The driver of a vehicle which is in the left-most lane on a one-way street and stopped as close as practicable at the entrance to the crosswalk on the near side of the intersection or, if none, then at the entrance to the intersection in obedience to a red signal, may cautiously enter the intersection to make a left turn onto a one-way street but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that the state highways and transportation commission with reference to an intersection involving a state highway, and local authorities with reference to an intersection involving other highways under their jurisdiction, may prohibit any such left turn against a red signal at any intersection where safety conditions so require and such prohibition shall be effective when a sign is erected at such intersection giving notice thereof;

(d) Unless otherwise directed by a pedestrian control signal as provided in section 300.160, pedestrians facing a steady red signal alone shall not enter the roadway.

(4) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal."; and

Further amend said bill, Page 21, Section 304.001, Line 66, by inserting after all of said section and line the following:

"304.281. 1. JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTY-FOURTH DAY, THURSDAY, APRIL 15, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

In Him we live and move and have our being. (Acts 17:28)

Ancient and Eternal God, who is the life of our spirits, the law of our minds, and the love of our hearts, with simple trust we draw near to You, opening our lives to Your renewing presence. Strengthened with power from Your Spirit in the inner self, may we launch out into this new day sustained by an unfaltering faith which holds us up and supported by an unfailing vision which will carry us through with honor and dignity to ourselves, to our state, to this chamber, and to You.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sophie Ingle, Salvatore Miceli, and Greta Medbery.

The Journal of the fifty-third day was approved as printed.

Speaker Vescovo laid before the House the following communication from Representative Roeber, which was read:

April 13, 2021

Representative Rick Roeber
MO House of Representatives
201 West Capitol Avenue
Room 407-C
Jefferson City MO 65101

Speaker Rob Vescovo
MO House of Representatives
201 West Capitol Avenue
Room 308
Jefferson City MO 65101

Gentleman,

It is with mixed feelings I offer my resignation as the State Representative for the 34th District. My tenure will end at 11:59 PM on April 16th, 2021.

It has become necessary for me and my soon to be wife to relocate out-of-state to be closer to our extended families. In addition to my fiancé's children and grandchildren, my mother is in a Memory Care unit in the state where we are moving. It is expedient and paramount that I be close to my mother and my brother and his family as she is in her waning years. My fiancé and I are planning a wedding soon and will be moving shortly after.

When I announced my candidacy in August of 2019, most thought Governor Parson would call a special election for my late wife's seat. I had no desire other than serving one legislative year to work on a highway bill that would memorialize Representative Roeber, and to vote on some school choice bills. (The former seems to be in process and the latter became reality as the House passed ESAs and also Open Enrollment.) Unfortunately, a special election was never called so I was compelled to run for a two year term. So, after one legislative session, I have done what I set out to do in the Missouri Legislature in 2021.

Thank you for this incredible opportunity to serve in the People's House during the 2021 legislative session. My desire was to only continue Representative Rebecca Roeber's legacy regarding school choice and to memorialize her legacy. I hope that I have accomplished these by my efforts this year.

Respectively,

/s/ Representative Rick Roeber

Speaker Vescovo stated that the resignation would be accepted unless objections were made.

Representative Fitzwater raised an objection to the acceptance of the resignation and moved that the acceptance be postponed until such time that the recommendation of the Committee on Ethics is considered by the House of Representatives.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FORTY-EIGHTH DAY, TUESDAY, APRIL 6, 2021

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be strong and of good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest. (Joshua 1:9)

O strong God of all goodness and grace, bless us as we lift our spirits to You in prayer on this beautiful afternoon. Make us increasingly aware of Your presence in this moment. We close our eyes and open our hearts to You. Help us to meet our experiences this day with a shining faith, a strong courage, and a steadfast love in the People's House.

When disappointments come, when discouragements would shut us down and threaten to shut us out, when the clouds of distress hang over us, give us strength to launch out into the duties of each day – not understanding all that is happening – but in the midst of it all remaining steady and serene, master of ourselves and servants of You. Give us such a confidence in Your sustaining grace that no weakness of our own may cause us to lose faith and no shortcoming may make us give way to undue anxiety. In all things, by all ways, through all experience, keep us faithful that our consciences may be clear, our hearts clean, and our spirits confident during our bicentennial year.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-seventh day was approved as printed.

Such district sales and use tax may be imposed for any district purpose designated by the district in its ballot of submission to its qualified voters; except that, no resolution adopted pursuant to this section shall become effective unless the board of directors of the district submits to the qualified voters of the district, by mail-in ballot, a proposal to authorize a sales and use tax pursuant to this section. If a majority of the votes cast by the qualified voters on the proposed sales tax are in favor of the sales tax, then the resolution is adopted. If a majority of the votes cast by the qualified voters are opposed to the sales tax, then the resolution is void.

2. The ballot shall be substantially in the following form:

Shall the _____ (insert name of district) Community Improvement District impose a community improvement districtwide sales and use tax at the maximum rate of _____ (insert amount) for a period of _____ (insert number) years from the date on which such tax is first imposed for the purpose of providing revenue for _____ (insert general description of the purpose)?

☐ YES ☐ NO

3. Within ten days after the qualified voters have approved the imposition of the sales and use tax, the district shall, in accordance with section 32.087, notify the director of the department of revenue. The sales and use tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of the department of revenue receives notice of the adoption of such tax.

4. The director of the department of revenue shall collect any tax adopted pursuant to this section pursuant to section 32.087.

5. In each district in which a sales and use tax is imposed pursuant to this section, every retailer shall add such additional tax imposed by the district to such retailer's sale price, and when so added such tax shall constitute a part of the purchase price, shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price.

6. In order to allow retailers to collect and report the sales and use tax authorized by this section as well as all other sales and use taxes required by law in the simplest and most efficient manner possible, a district may establish appropriate brackets to be used in the district imposing a tax pursuant to this section in lieu of the brackets provided in section 144.285.

8. All revenue received by the district from a sales and use tax imposed pursuant to this section which is designated for a specific purpose shall be deposited into a special trust fund and expended solely for such purpose. Upon the expiration of any sales and use tax adopted pursuant to this section, all funds remaining in the special trust fund shall continue to be used solely for the specific purpose designated in the resolution adopted by the qualified voters. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors pursuant to applicable laws relating to the investment of other district funds.

9. A district may repeal by resolution any sales and use tax imposed pursuant to this section before the expiration date of such sales and use tax unless the repeal of such sales and use tax will impair the district's ability to repay any liabilities the district has incurred, moneys the district has borrowed or obligation the district has issued to finance any improvements or services rendered for the district.

10. Notwithstanding the provisions of chapter 115, an election for a district sales and use tax under this section shall be conducted in accordance with the provisions of this section.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FORTY-NINTH DAY, WEDNESDAY, APRIL 7, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

He that loveth not knoweth not God; for God is love. (1 John 4:8)

O God of our ancestors and our God, to You do we come in prayer, lifting our minds and hearts into Your holy presence. Assure us that You are with us and that we have a real place in Your heart and in Your endeavors to bring righteousness, peace and good will to our chamber. We know that we are all too imperfect and that we have offended You sometimes, yet we believe that You are with us, loving us with a love that never lets us go and never lets us down. In Your love we would live, by Your love we would learn, and through Your love we would find light for our day here in our beautiful Missouri. May we be our loving best as we face the tasks of this spring day.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ellie Bennett.

The Journal of the forty-eighth day was approved as printed.

"338.730. 1. Notwithstanding any other law to the contrary, a pharmacist may dispense HIV preexposure prophylaxis in accordance with this section. Such prophylaxis shall be dispensed only if the pharmacist follows a written protocol authorized by a licensed physician.

2. For purposes of this section, "preexposure prophylaxis" shall mean any drug approved by the Food and Drug Administration that meets the same clinical eligibility recommendations provided in CDC guidelines.

3. For purposes of this section, "CDC guidelines" shall mean the current HIV guidelines published by the federal Centers for Disease Control and Prevention.

4. The state board of registration for the healing arts and the state board of pharmacy shall jointly promulgate rules and regulations for the administration of this section. Neither board shall separately promulgate rules governing a pharmacist's authority to dispense HIV preexposure prophylaxis under this section.

5. A pharmacist may furnish a thirty-day supply of preexposure prophylaxis to a patient if all of the following conditions are met:

(1) The patient is HIV negative, as documented by a negative HIV test result obtained within the previous seven days from an HIV antigen/antibody test or antibody-only test or from a rapid point-of-care fingerstick blood test approved by the federal Food and Drug Administration. If the patient does not provide evidence of a negative HIV test in accordance with this subdivision, the pharmacist shall order an HIV test. If the test results are not transmitted directly to the pharmacist, the pharmacist shall verify the test results to the pharmacist's satisfaction. If the patient tests positive for HIV infection, the pharmacist or person administering the test shall direct the patient to a health care provider and provide a list of providers and clinics in the region;

(2) The patient does not report any signs or symptoms of acute HIV infection on a self-reported checklist of acute HIV infection signs and symptoms;

(3) The patient does not report taking any contraindicated medications;

(4) A pharmacist provides counseling to the patient on the ongoing use of preexposure prophylaxis, which may include education about side effects, safety during pregnancy and breast-feeding, adherence to recommended dosing, and the importance of timely testing and treatment, as applicable, for HIV, renal function, hepatitis B, hepatitis C, sexually transmitted diseases, and pregnancy for individuals of child-bearing capacity. The pharmacist shall not permit the patient to waive the counseling required under this subdivision; and

(5) A pharmacist notifies the patient's health care provider that the pharmacist completed the requirements specified in this section. If the patient does not have a health care provider or refuses consent to notify the patient's health care provider, the pharmacist shall provide the patient a list of physicians and surgeons, clinics, or other health care providers to contact regarding ongoing care for preexposure prophylaxis.

6. A pharmacist shall notify the patient that the patient shall be seen by a health care provider to receive subsequent prescriptions for preexposure prophylaxis and that a pharmacist shall not furnish a thirty-day supply of preexposure prophylaxis to a single patient more than once every two years.

7. A pharmacist shall document, to the extent possible, the services provided by the pharmacist in the patient's record in the record system maintained by the pharmacy. The pharmacist shall maintain records of preexposure prophylaxis furnished to each patient.

8. A pharmacist shall not furnish, under the provisions of this section, a thirty-day supply of preexposure prophylaxis to a single patient more than once every two years. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

338.735. 1. Notwithstanding any other law to the contrary, a pharmacist may dispense HIV postexposure prophylaxis in accordance with this section. Such prophylaxis shall be dispensed only if the pharmacist follows a written protocol authorized by a licensed physician.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FIFTIETH DAY, THURSDAY, APRIL 8, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I will lift up mine eyes unto the hills, from whence cometh my help. (Psalm 121:1)

O God, the eternal Creator of us all, who is ever near and ever ready to help those who put their trust in You, clear our vision and strengthen our hearts as we wait upon You in this historic chamber. Deliver us from doubt; free us from anxiety; and save us from the temptation that promotes confusion and doubt. Help us to turn away from all inspirations which would stifle humility. By Your grace may we and our constituents live in joy all our days—so shall we be true children of Yours and so shall we serve well the citizens of our beloved Missouri.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FORTY-FOURTH DAY, MONDAY, MARCH 29, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Representative Dan Stacy.

Let us pray.

Almighty God, our creator, and provider of everything good, whose truth guided the founders of this great nation, whose love for us has been demonstrated by Your act of sacrifice on the cross of Christ, which we celebrate this week, and whose love continues toward us today, we pause to ask for Your inspiration, guidance, and courage this week.

We also ask for strength and wisdom to carry out the duties You have put before us on behalf of the citizens of Missouri. Help us to recognize Your presence and be guided by Your grace as we work together to demonstrate some of Your goodness toward one another.

Bless the citizens of Missouri and our Great Nation, and bless us today as we seek to bring You honor by our activities and deliberations today. To this end, we pray.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-second day was approved as printed.

MESSAGES FROM THE GOVERNOR

The following executive order was received from His Excellency, Governor Michael L. Parson.

EXECUTIVE ORDER
21-07

WHEREAS, on March 13, 2020, I declared a State of Emergency in the State of Missouri and invoked the provisions in Chapter 44 through Executive Order 20-02, finding that the novel coronavirus (COVID-19) poses a serious health risk for the citizens of the State of Missouri; and

WHEREAS, I issued Executive Orders 20-09, 20-12, and 20-19, extending the State of Emergency until March 31, 2021; and

WHEREAS, I have also issued other executive orders in response to COVID-19, aimed at protecting the health and safety of Missourians, as well as providing additional resources and flexibility to help Missouri residents and businesses recover from this emergency; and

WHEREAS, on March 19, 2020, I issued Executive Order 20-04 ordering the temporary suspension of certain statutory and regulatory provisions related to telemedicine and motor carriers, and vesting state agencies and executive boards and commissions with authority to waive or suspend statutory or regulatory requirements, subject to approval from the Governor's Office, where strict compliance would hinder the State's response to COVID-19, and to ease licensing requirements to eliminate barriers to the provision of health care services and other professions; and

WHEREAS, on March 23, 2020, I issued Executive Order 20-05 ordering the temporary suspension of prohibitions on the sale of unprepared foods by restaurants; and

WHEREAS, on March 26, 2020, I issued Executive Order 20-06 ordering and directing the Adjutant General of the State of Missouri, or his designee, to forthwith call and order into active service such portions of the organized militia as he deems necessary to aid the executive officials of Missouri, to protect life and property, and further ordered and directing that the Adjutant General or his designee, and through him, the commanding officer of any unit or other organization of such organized militia so called into active service take such action and employ such equipment which may be necessary in support of civilian authorities, and provide such assistance as may be authorized and directed by the Governor; and

WHEREAS, on September 3, 2020, I issued Executive Order 20-14 ordering the temporary suspension of any physical appearance requirements as stated in Chapter 474 and authorizing the use of audio-visual technology with criteria established in the Order; and

WHEREAS, the provisions of Executive Orders 20-04, 20-06, and 20-14 were extended in whole or in part by Executive Orders 20-10, 20-12, 20-16, and 20-19 until March 31, 2021, and will expire at that time unless extended in whole or in part; and

WHEREAS, although Missourians have done much to protect themselves against the spread of COVID-19 and our State's positivity and hospitalization rates have decreased significantly, I have been advised by the Missouri Department of Health and Senior Services and the State Emergency Management Agency that COVID-19 continues to pose a serious health risk for the citizens of the State of Missouri; and

WHEREAS, an invocation of chapter 44, RSMo, is still required to ensure the protection, safety, and welfare of the citizens of Missouri, to provide the resources the State of Missouri continues to need to combat the public health threat caused by COVID-19, and to aid in Missouri's recovery to this emergency; and

WHEREAS, the actions taken under the aforementioned executive orders have allowed the waiver of overly burdensome statutory and regulatory requirements, which have provided critical flexibility to the state, businesses, and its citizens during these difficult times; and

WHEREAS, the prior executive orders and waivers have allowed the State of Missouri to respond to COVID-19 by mitigating health risks to citizens without the issuance of any statewide mandates and accelerating economic recovery; and

WHEREAS, extending the state of emergency will allow the state to continue those efforts and eliminate the need for any associated future statewide mandates and further accelerate economic recovery; and

WHEREAS, the state of emergency is needed to be extended through the remainder of the recovery period from COVID-19 and will aid in accelerating that recovery; and

WHEREAS, I therefore find it necessary to extend the state of emergency and extend Executive Order 20-04, in part, and Executive Orders 20-02, 20-05, 20-06, and 20-14 in whole.

NOW, THEREFORE, I, MICHAEL L. PARSON, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and the laws of the State of Missouri declare that a state of emergency continues to exist in the State of Missouri and direct the Missouri State Emergency Operations Plan to continue to remain activated. I, therefore, extend until August 31, 2021, the state of emergency originally contained in Executive Order 20-02, as extended by Executive Orders 20-09, 20-12, and 20-19.

I also extend until August 31, 2021 the order suspending certain statutory and regulatory provisions related to telemedicine and motor carriers, and vesting state agencies and executive boards and commissions with authority to waive or suspend statutory or regulatory requirements, subject to my approval, where strict compliance would hinder the State's response to COVID-19, and to ease licensing requirements to eliminate barriers to the provision of health care services and other professions contained in Executive Order 20-04, as extended by Executive Orders 20-10 and 20-12. JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FORTY-FIFTH DAY, TUESDAY, MARCH 30, 2021

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Representative Brad Hudson.

Dear Heavenly Father,

May we never lose sight of the fact that we are a blessed people, blessed because, among other things, You have given us the health, the strength, and the opportunity to serve our fellow citizens.

May we also never lose sight of the fact that to whom much is given, much is required. Someday we will stand before You. Someday we will give account of how we have conducted ourselves in these offices that You have entrusted us with. With that thought in mind, may our hearts be pure, our motives honorable, and our eyes ever toward You. Please help us God.

In Jesus' name I pray, and the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Keith Stroup and Zinley Stroup.

The Journal of the forty-fourth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 101st GENERAL ASSEMBLY

FORTY-SIXTH DAY, WEDNESDAY, MARCH 31, 2021

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

David encouraged himself in the Lord his God. (Samuel 30:6)

Almighty Lord and God, whose spirit is within all creation, whose love never fails, and whose presence is with us all our days, make us more aware of You, more responsive to Your call, more obedient to Your will, and readier to help our fellow Missourians.

Grant to us a greater honesty of purpose, a more generous attitude toward others, and a most genuine faith in You, which will help us live unashamed before You and those who love us. When we are tempted, give us strength to overcome our temptations. When we begin to give way to discouragement, help us to find our encouragement in You. When we fail or lose and would give up, grant us courage to try again.

May the light of truth illumine our way, may the love of life illumine our hearts, and may the life of love illumine our relationships with one another here in the People's House!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-fifth day was approved as printed.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 876, Page 3, Section 590.075, Line 5, by inserting after all of said section and line the following:

"590.500. 1. ~~[Any law enforcement officer, other than an elected sheriff or deputy, who possesses the duty and power of arrest for violations of the criminal laws of this state or for violations of ordinances of counties or municipalities of this state, who is regularly employed for more than thirty hours per week, and who is employed by a law enforcement agency of this state or political subdivision of this state which employs more than fifteen law enforcement officers, shall be given upon written request a meeting within forty-eight hours of a dismissal, disciplinary demotion or suspension that results in a reduction or withholding of salary or compensatory time. The meeting shall be held before any individual or board as designated by the governing body. At any such meeting, the employing law enforcement agency shall at a minimum provide a brief statement, which may be oral, of the reason of the discharge, disciplinary demotion or suspension, and permit the law enforcement officer the opportunity to respond. The results from such meeting shall be reduced to writing.]~~ **The provisions of this section shall be known and may be cited as the "Law Enforcement Officers' Bill of Rights".** Any law enforcement agency that has substantially similar or greater procedures shall be deemed to be in compliance with this section. ~~[This section shall not apply to an officer serving in a probationary period or to the highest ranking officer of any law enforcement agency.]~~

2. For purposes of this section, the following terms mean:

- (1) "Board", any individual or body authorized by an agency or department to hear and make final decisions regarding appeals of disciplinary actions issued by an agency or department;
- (2) "Color of law", any act by a law enforcement officer, whether on duty or off duty, that is performed in furtherance of his or her sworn duty to enforce laws and to protect and serve the public;
- (3) "Economic loss", any economic loss including, but not limited to, loss of overtime accrual, overtime income, sick time accrual, sick time, secondary employment income, holiday pay, and vacation pay;
- (4) "Good cause", sufficient evidence or facts that would support a party's request for extensions of time or any other requests seeking accommodations outside the scope of the rules set out in this section;
- (5) "Law enforcement officer", any sworn peace officer with the power to arrest for a violation of the criminal code who is employed by any unit of the state or any county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision or is employed by the board of police commissioners as defined in chapter 84. "Law enforcement officer" shall not include any officer who is the highest ranking officer in the law enforcement agency;
- (6) "Record", any transcription or audio or video recording of all interviews or hearings and complete documentary file.

3. Whenever a law enforcement officer is under investigation or is subjected to questioning that the officer reasonably believes could lead to disciplinary action, demotion, dismissal, transfer, or placement on a status that could lead to economic loss, the investigation or questioning shall be conducted under the following conditions:

(1) The law enforcement officer who is the subject of the investigation shall be informed, in writing, of the existence and nature of the alleged violation and the individuals who will be conducting the investigation. Notice shall be provided to the officer along with a copy of the complaint at least twenty-four hours prior to any interrogation or interview of the officer;

(2) Any person, including members of the same agency or department as the officer under investigation, filing a complaint against a law enforcement officer shall have the complaint supported by a written statement outlining the complaint that includes the personal identifying information of the person filing the complaint. All personal identifying information shall be held confidential by the investigating agency;

(3) When a law enforcement officer is questioned or interviewed regarding matters pertaining to his or her law enforcement duties or actions taken within the scope of his or her employment, such questioning shall be conducted for a reasonable length of time and only while the officer is on duty unless exigent circumstances exist that necessitate questioning the officer while he or she is off duty;

(4) Any interviews or questioning shall be conducted at a secure location at the agency that is conducting the investigation or at the place where the officer reports to work, unless the officer consents to another location;

(5) Law enforcement officers may be questioned by up to two investigators and shall be informed of the name, rank, and command of the officer or officers conducting the investigation; except that, separate investigators shall be assigned to investigate alleged department policy violations and alleged criminal violations;

(6) Interview sessions shall be for a reasonable period of time. There shall be times provided for the officer to allow for such personal necessities and rest periods as are reasonably necessary;

(7) Prior to an interview session, the investigator or investigators conducting the investigation shall advise the law enforcement officer of the rule set out in *Garrity v. New Jersey*, 385 U.S. 493 (1967), specifically that the law enforcement officer is being ordered to answer questions under threat of disciplinary action and that the officer's answers to the questions will not be used against the officer in criminal proceedings;

(8) Law enforcement officers shall not be threatened, harassed, or promised rewards to induce them into answering any question; except that, law enforcement officers may be compelled by their employer to give protected *Garrity* statements to an investigator under the direct control of the employer, but such compelled statements shall not be used or derivatively used against the officer in any aspect of a criminal case brought against the officer;

(9) Law enforcement officers under investigation are entitled to have an attorney or any duly authorized representative present during any questioning that the law enforcement officer reasonably believes may result in disciplinary action. The questioning shall be suspended for a period of up to twenty-four hours if the officer requests representation;

(10) Prior to the law enforcement officer being interviewed, the officer and his or her representative shall have the opportunity to review the complaint;

(11) Law enforcement officers or their designated representative shall have the right to bring their own recording device and may record all aspects of the interview;

(12) The law enforcement agency conducting the investigation shall have ninety days from receipt of a citizen complaint or from the date the agency became aware of the alleged conduct upon which the allegation rests to complete the investigation. The date shall be stated on the document providing notice to the law enforcement officer. The agency shall determine the disposition of the complaint and render a disciplinary decision, if any, within ninety days. The agency may, for good cause, petition the board overseeing the administration of discipline for an extension of time to complete the investigation. Absent consent from the officer being investigated, the board overseeing the administration of discipline shall set the petition for extension for hearing and provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension. If the board finds the agency has shown good cause for the granting of an extension of time to complete the investigation, the board shall grant an extension of up to sixty days. The agency shall be limited to two extensions per investigation; except that, if there is an ongoing criminal investigation, there shall be no limitation on the amount of sixty-day extensions;

(13) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer in writing of the investigative findings and any recommendation for further action, including discipline;

(14) A complete record of the administrative investigation shall be kept by the law enforcement agency conducting such investigation. Upon completion of the investigation, a copy of the entire record including, but not limited to, audio, video, or transcribed statements, shall be provided to the officer or the officer's representative within five business days of the officer's written request. The agency may request a protective order to redact all personal identifying witness information;

(15) Law enforcement officers shall have the right to compensation for any economic loss incurred during an investigation if the alleged misconduct is not sustained by the agency conducting the investigation; and

(16) All records compiled as a result of any investigation subject to the provisions of this section shall be held confidential and shall not be subject to disclosure under chapter 610 except by court order.

4. Law enforcement officers who are suspended without pay, demoted, terminated, transferred, or placed on a status resulting in economic loss shall be entitled to a full due process hearing. The proceeding shall constitute a contested case under chapter 536. The components of the hearing shall include, at a minimum:

(1) The right of the law enforcement officer to be represented by an attorney or other individual of his or her choice during the hearing;

(2) The right of the law enforcement officer or his or her attorney to conduct discovery prior to the hearing. Depositions may be taken in the same manner and under the same conditions as provided for in the Missouri civil rules of civil procedure for civil cases in the circuit court. Subpoenas may be issued by the board conducting the hearing or by the circuit court or the office of the clerk for the county where the agency has its principal place of business;

(3) Seven days' notice of the hearing date and time;

(4) An opportunity for the law enforcement officer or his or her attorney to access and review the investigatory record at least seven days prior to the hearing;

(5) The right of the law enforcement officer or his or her attorney to present witnesses and evidence in the officer's defense and a right to cross-examine any adverse witnesses against the officer;

(6) The right of the law enforcement officer to refuse to testify at the hearing if the officer is concurrently facing criminal charges in connection with the same incident. A law enforcement officer's decision not to testify shall not result in additional internal charges or discipline;

(7) A complete record of the hearing to be kept by the agency for purposes of appeal. The record shall be provided to the law enforcement officer or his or her attorney upon written request; and

(8) The entire record of the hearing to remain confidential and shall not be subject to disclosure under chapter 610 except by lawful subpoena or court order.

5. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order accompanying the findings and conclusions along with the written action and right of appeal, if any, shall be delivered or mailed promptly to the law enforcement officer or to the officer's attorney or representative of record.

6. Law enforcement officers shall have the opportunity to provide a written response to any adverse materials placed in their personnel file, and such written response shall be permanently attached to the adverse material.

7. Law enforcement officers shall have the right to compensation for any economic loss incurred as a result of disciplinary action by an agency if the alleged misconduct is not sustained by the administrative body hearing the disciplinary appeal.

8. Law enforcement officers may petition the circuit court in the county in which the law enforcement agency has its principal place of business to review the decision of the administrative body hearing the appeal of discipline. Upon a finding that the discipline was not justified, the circuit court may award the law enforcement officer back pay and costs incurred in bringing the suit, including attorney's fees.

9. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken while off duty if such actions were taken under color of law. In the event a law enforcement officer is convicted of or pleads guilty to criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

10. No law enforcement officer shall be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the officer's assertion of his or her constitutional rights in any judicial proceeding unless the officer admits to wrongdoing, in which case the provisions of this section shall not apply.

11. No state or local governmental unit including, but not limited to, a county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision that employs a law enforcement officer shall enact, promulgate, enforce, or follow any law, regulation, or policy that would abolish, conflict with, modify, or in any way diminish any right or remedy provided to law enforcement officers under this section.

12. The rights set out in this section are minimum standards to be applied throughout the state. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided in this section.

13. The remedies provided by this section against law enforcement agencies or governmental bodies shall be in addition to those provided by any other provision of law. Any aggrieved law enforcement officer or authorized representative may seek judicial enforcement of the requirements of these sections. Suits to enforce these sections shall be brought in the circuit court for the county in which the law enforcement agency or governmental body has its principal place of business.

14. Upon a finding by a preponderance of the evidence that a law enforcement agency, governmental body, or member of such an entity has violated any provision of this section, a court shall void any action taken under this section. Suit for enforcement shall be brought within one year from the time a violation is ascertainable.

590.1265. 1. The provisions of this section shall be known and may be cited as the "Police Use of Force Transparency Act of 2021".

2. For purposes of this section, the following terms mean:

3. Each law enforcement agency shall, at least annually, collect and report local data on use-of-force incidents involving peace officers to the National Use of Force Data Collection through the Law Enforcement Enterprise Portal administered by the Federal Bureau of Investigation.

4. Each law enforcement agency shall additionally report the data submitted under subsection 3 of this section to the department of public safety. Law enforcement agencies shall not include personally identifying information of individual peace officers in their reports.

5. The department of public safety shall, no later than June 30, 2022, develop standards and procedures governing the collection and reporting of use-of-force data under this section. The standards and procedures shall be consistent with the requirements, definitions, and methods of the National Use of Force Data Collection administered by the Federal Bureau of Investigation.

6. The department of public safety shall publish the data reported by law enforcement agencies under subsection 4 of this section, including statewide aggregate data and agency-specific data, in a publicly available report. Such data shall be deemed a public record consistent with the provisions and exemptions contained in chapter 610.

7. The department of public safety shall undertake an analysis of any trends and disparities in rates of use of force by all law enforcement agencies, with a report to be released to the public no later than January 1, 2025. Further amend said bill, Page 3, Section 302.755, Line 81, by inserting after all of said section and line the following:

"407.526. 1. A person commits the crime of odometer fraud in the third degree if, with the intent to defraud, he operates a motor vehicle less than ~~ten~~ **twenty** years old on any street or highway knowing that the odometer of the motor vehicle is disconnected or not functioning.

2. Odometer fraud in the third degree is a class C misdemeanor.

407.536. 1. Any person transferring ownership of a motor vehicle previously titled in this or any other state shall do so by assignment of title and shall place the mileage registered on the odometer at the time of transfer above the signature of the transferor. The signature of the transferor below the mileage shall constitute an odometer mileage statement. The transferee shall sign such odometer mileage statement before an application for certificate of ownership may be made. If the true mileage is known to the transferor to be different from the number of miles shown on the odometer or the true mileage is unknown, a statement from the transferor shall accompany the assignment of title which shall contain all facts known by the transferor concerning the true mileage of the motor vehicle. That statement shall become a part of the permanent record of the motor vehicle with the Missouri department of revenue. The department of revenue shall place on all new titles issued after September 28, 1977, a box titled "mileage at the time of transfer".

2. Any person transferring the ownership of a motor vehicle previously untitled in this or any other state to another person shall give an odometer mileage statement to the transferee. The statement shall include above the signature of the transferor and transferee the cumulative mileage registered on the odometer at the time of transfer. If the true mileage is known to the transferor to be different from the number of miles shown on the odometer or the true mileage is unknown, a statement from the transferor shall accompany the assignment of title which shall contain all facts known by the transferor concerning the true mileage of the motor vehicle. That statement shall become a permanent part of the records of the Missouri department of revenue.

3. If, upon receiving an application for registration or for a certificate of ownership of a motor vehicle, the director of revenue has credible evidence that the odometer reading provided by a transferor is materially inaccurate, he may place an asterisk on the face of the title document issued by the Missouri department of revenue, provided that the process required thereby does not interfere with his obligations under subdivision (2) of subsection 3 of section 301.190. The asterisk shall refer to a statement on the face and at the bottom of the title document which shall read as follows: "This may not be the true and accurate mileage of this motor vehicle. Consult the documents on file with the Missouri department of revenue for an explanation of the inaccuracy.". Nothing in this section shall prevent any person from challenging the determination by the director of revenue in the circuit courts of the state of Missouri. The burden of proof shall be on the director of the department of revenue in all such proceedings.

4. The mileage disclosed by the odometer mileage statement for a new or used motor vehicle as described in subsections 1 and 2 of this section shall be placed by the transferor on any title or document evidencing ownership. Additional statements shall be placed on the title document as follows:

(1) If the transferor states that to the best of his knowledge the mileage disclosed is the actual mileage of the motor vehicle, an asterisk shall follow the mileage on the face of the title or document of ownership issued by the Missouri department of revenue. The asterisk shall reference to a statement on the face and bottom of the title document which shall read as follows: "Actual Mileage";

(2) Where the transferor has submitted an explanation why this mileage is incorrect, an asterisk shall follow the mileage on the face of the title or document of ownership issued by the Missouri department of revenue. The asterisk shall reference to a statement on the face and at the bottom of the title document which shall read as follows: "This is not the true and accurate mileage of this motor vehicle. Consult the documents on file with the Missouri department of revenue for an explanation of the inaccuracy.". Further wording shall be included as follows:

(a) If the transferor states that the odometer reflects the amount of mileage in excess of the designed mechanical odometer limit, the above statement on the face of the title document shall be followed by the words: "Mileage exceeds the mechanical limits";

(b) If the transferor states that the odometer reading differs from the mileage and that the difference is greater than that caused by odometer calibration error and the odometer reading does not reflect the actual mileage and should not be relied upon, the above statement on the face of the title document shall be preceded by the words: "Warning Odometer Discrepancy".

5. The department of revenue shall notify all motor vehicle ownership transferees of the civil and criminal penalties involving odometer fraud.

6. Any person defacing or obscuring or otherwise falsifying any odometer reading on any document required by this section shall be guilty of a class E felony.

7. The granting or creation of a security interest or lien shall not be considered a change of ownership for the purpose of this section, and the grantor of such lien or security interest shall not be required to make an odometer mileage statement. The release of a lien by a mortgage holder shall not be considered a change of ownership of the motor vehicle for the purposes of this section. The mortgage holder or lienholder shall not be required to make an odometer disclosure statement or state the current odometer setting at the time of the release of the lien where there is no change of ownership.

8. For the purposes of the mileage disclosure requirements of this section, if a certificate of ownership is held by a lienholder, if the transferor makes application for a duplicate certificate of ownership, or as otherwise provided in the federal Motor Vehicle Information and Cost Savings Act and related federal regulations, the transferor may execute a written power of attorney authorizing a transfer of ownership. The person granted such power of attorney shall restate exactly on the assignment of title the actual mileage disclosed at the time of transfer. The power of attorney shall accompany the certificate of ownership and the original power of attorney and a copy of the certificate of ownership shall be returned to the issuing state in the manner prescribed by the director of revenue, unless otherwise provided by federal law, rule or regulation. The department of revenue may prescribe a secure document for use in executing a written power of attorney. The department shall collect a fee for each form issued, not to exceed the cost of procuring the form.

407.556. 1. A violation of the provisions of sections 407.511 to 407.556 by any person licensed or registered as a manufacturer or dealer pursuant to the provisions of chapter 301, shall be considered a violation of the provisions of that chapter, subjecting that person to revocation or suspension of any license issued pursuant to the provisions of that chapter.

2. The provisions of sections 407.511 to 407.556 do not apply to the following motor vehicles:

- (1) Any motor vehicle having a gross vehicle weight rating of more than sixteen thousand pounds;
- (2) Any motor vehicle that is ~~ten~~ twenty years old or older;
